MEMORANDUM TO: ALL HOLDERS OF TEXAS TECH UNIVERSITY OPERATING POLICY AND PROCEDURE MANUALS

DATE: 

SUBJECT: GRADING PROCEDURES

PURPOSE

To insure understanding of grading procedures, the following policy and procedure will be utilized.

REVIEW

This OP will be reviewed by April 1 of every even numbered year by the Assistant Vice President for Academic Affairs (AVPAA) with recommendations for revisions presented to the Vice President for Academic Affairs and Research (AVPAA) by May 1.

POLICY/PROCEDURE

1. The instructor of record determines all grades for a course. The method of determining the grade will be included in the course syllabus that is to be presented to the students at the beginning of the semester. The grades used with their interpretations are: A, Excellent; B, Good; C, Average; D, inferior (passing, but not necessarily satisfying degree requirements); F, failure; P, Passing; PR, In Progress; I, Incomplete; W, Withdrawal; WF, Withdraw Failing. The letter R designates a course repeated to remove an I.

   The grade of PR is given only when the work in a course extends beyond the semester or term; it implies satisfactory performance and is used primarily in thesis and dissertation courses.

   The grades of CR, credit, and NC, no credit, are given in the College of Education for student teaching.

   The grade of I is given only when a student's work is satisfactory in quality but, due to reasons beyond his or her control, has not been completed. It is not given in lieu of an F. The instructor assigning the grade will stipulate, in writing, at the time the grade is given the conditions under which the I may be removed. The I will be replaced with an F after it has remained on record for a year without completion. The I may be replaced by an R if the course is repeated. The appropriate grade will be given for the second registration.

   The grade of W is given for a course officially dropped during the first six weeks of a term. A student should continue to attend a class until authorized by the academic dean to drop a course.
After the first six weeks of a semester, a student may not initiate a drop, and a grade of WF will be given when the student is required by the dean to drop a course for failure to attend the class or for other reasons.

An X is shown on the grade report in those instances where, for any reason, a grade is not reported by the faculty. The designation X is not used in determining grade-point averages.

2. It is the aim of the faculty of Texas Tech University to foster a spirit of complete honesty and a high standard of integrity. The attempt of students to present as their own any work not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offenders liable to serious consequences, possibly suspension.

   a. Dishonesty of any kind on examinations and quizzes or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination or quiz, obtaining information during an examination from the examination paper or otherwise from another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in an office are instances of cheating.

   b. Complete honesty is required of students in the presentation of any and all phases of course work as their own. This applies to quizzes of whatever length as well as to final examinations, to daily reports to lab work, and to term papers.

   c. Plagiarism is offering the work of another as one's own, without proper acknowledgement; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines, and other reference works, or from the themes, reports, or other writings of a fellow student, is guilty of plagiarism.

3. The instructor in a course is responsible for initiating action in each case of dishonesty or plagiarism which occurs in his or her class. In cases of convincing evidence of or admitted academic dishonesty or plagiarism, an instructor should take appropriate action as described below. Before taking such action, however, the instructor should attempt to discuss the matter with the student. If cheating is suspected on a final exam, the instructor should not submit a grade until a reasonable attempt can be made to contact the student, preferably within one month after the end of the semester.

4. In cases in which guilt is admitted by the student or determined by the instructor, after attempting to contact the student, he or she may give the offending student a failing grade on the assignment or a failing grade in a course. When a student is given a failing grade in a course as a result of academic dishonesty or plagiarism, the instructor should report, in writing to the instructor's department chairperson, the facts of the case and the action to be taken against the student. The chairperson will provide a copy to the student, to the student's Academic Dean, to the Dean of Students' Office, and to the chairperson's own dean.
chairperson will provide a copy to the student, to the student's Dean, and to the Dean of Students' Office and to the chairperson's own dean. The Dean of Students Office shall retain a copy of this report in its discipline files. The student will have the right to appeal the receipt of a failing grade in a course through the established grade appeal procedure. The student may not appeal a failing grade given for a class assignment.

A written report of any additional disciplinary action taken by the Dean of Students Office will be sent to the appropriate academic Dean's office and the student.

5. The disciplinary penalty or grade of F shall not be implemented until the disciplinary procedure or grade appeal process has been exhausted, or until one month after the beginning of the new semester. A student may continue academic class and course work until a final decision is made. The final result of a grade appeal in such matters shall be reported to the instructor by the appropriate academic dean in the manner required by the grade appeals procedure.

a. In cases in which a finding of academic dishonesty is sustained, the recommended disciplinary action will be enforced and/or a grade of F reported.

b. In cases in which a charge of academic dishonesty is not sustained, no disciplinary action will be taken and the student will be entitled to the grade he/she would have received in the absence of a finding of dishonesty. In addition, the student will be allowed to continue the particular course without prejudice.

6. Law students are subject to disciplinary procedures as described in the Honor Code for the School of Law.
