Senator Huffman gave an overview of the meeting held in Austin. A report was available at the door and is on file in the Faculty Senate office.

VII. OLD BUSINESS There were no items of old business.
VIII. NEW BUSINESS

Traffic and Parking Fees  Senate President Barr reported on a
meeting he attended to discuss this issue. Parking fees will need to be
increased to preserve facilities and to increase parking opportunities.
The question was raised as to whether football parking fees could in
part help meet these needs. There is the possibility of charging
parking fees to students attending night classes.

Vice President Jerry D. Ramsey made additional comments on these
matters. He stated that there were two basic plans under consideration:
(1) Incremental increases over the next 1-2 years to bring basic
charges up to $125-$135 for faculty and staff. Rates for commuters and
student residence hall parking would also be raised. (2) Program a 10% yearly increase in all fees over the next four years.

Vice President Ramsey asked for faculty input into the decision
phase. Various ideas were offered: parking fees for campus visitors, a
parking structure with fees charged for its use, and charges for night
time use of parking areas.

Senator Curzer moved to table the matter and refer it to a faculty
senate study committee. Senator Cravens seconded the motion. There was
a friendly amendment to refer the matter to the Senate’s Budget Study
Committee. There followed a motion to table the entire matter. The
motion failed: 10 for to 20 against. A vote was then taken on the
original motion. It passed on a voice vote.

Motion Regarding President Lawless’ Recent Statement

Senator Couch moved the following statement:

The Faculty Senate recognizes the inclusive perspective reflected
in a recent statement by President Lawless, in which he expressed
support for freedom of speech, the principles of diversity, a policy of
non-discrimination, and the University Human Dignity Statement. The
Senate believes that President Lawless’ statement, which was published
in the University Daily on October 28, 1994, is in the best interest of
the University, its students and faculty.

To clarify its own views on the concerns that led to the statement
by President Lawless, the Faculty Senate reaffirms its commitment to
freedom of speech, the principles of diversity, a policy of non-
discrimination, the University Human Dignity Statement, the University
Visiting Speakers policy (which stipulates in part "No one shall be
denied the right to speak within the physical confines of Texas Tech
University solely because the views sought to be advocated differ from
those of the Board of Regents, its members, the University President or
another officer or employee of the University."), and academic freedom.

The motion was approved by a voice vote. There was a request for a
show of hands. The results were: 21 yes, 6 no. The motion passed.
