SUBJECT: Application/nomination cycle to begin for: (1) Student Regent; and (2) Student Representative on the Coordinating Board

During **November 1 to December 31, 2018**, eligible student government associations are to solicit applications for the next **Student Regent** for the Texas Tech University System and the next **Student Representative on the Texas Higher Education Coordinating Board** (“THECB Student Rep”).

For the Student Regent position, state law mandates that the institution at which the current position-holder is enrolled is not eligible to participate in the cycle of applications and nominations for the next Student Regent. With the current Student Regent – Jane Gilmore – having been appointed as a student at TTUHSC, only **ASU**, **TTU** and **TTUHSC El Paso** may participate in the upcoming process for the selection of the next Student Regent.

However, for the THECB Student Rep, all institutions – including TTUHSC – are eligible to submit applications for the next THECB Student Rep.

The statutes governing the appointment of the Student Regent and the THECB Student Rep require the student government associations of the eligible institutions to conduct the solicitation and initial nomination of applicants. These statutes also prescribe an identical timeline for the submission of nominations, as follows:

Timeline Element	Student Regent	THECB Student Rep
Eligible SGA’s begin soliciting applicants	November 1, 2018	November 1, 2018
Eligible SGA’s each submit 5 recommended applicants	by January 1, 2019 ... to the Chancellor	by January 1, 2019 ... to the Chancellor
Chancellor forwards at least 2 recommended applicants	by February 1, 2019 ... to the Governor	by February 1, 2019 ... to the Governor
Governor makes appointment by this date (or as soon after as practicable)	by June 1, 2019	by June 1, 2019

The new appointees then serve a 1-year term that runs from June 1, 2019 through May 31, 2020.

While the statutes place the responsibility for development of a well-qualified pool of applicants on the student government associations, it is incumbent upon the leadership of the participating institutions to ensure that their respective institutions are represented by an appropriate set of applicants.

As you implement the solicitation and nomination process, attached for your information and assistance are:
