How to Register for Tech to Town

Step 1: Getting to the Site
Go to https://goo.gl/ziLUKk
From the Tech to Town page, scroll down to see projects available to sign up for.

Step 2: See Available Projects
Click ‘View Details’ to learn more about the projects or click ‘see more needs’ to view all of this year’s projects.

Step 3: Responding to a Project
Once deciding on which project you want to sign up for, click ‘respond’ to sign up for that project.

Step 4: Create an Account/Login
To sign up for Tech to Town, you will need to create an account. This verifies that you are a real person as well as allow you the opportunity to explore and sign up for other community service opportunities outside of Tech to Town.

If you participated in Tech to Town last year, you should have a login already.

If you need to create an account, fill out the information required. Once completed, you should automatically be taken back to the project sign up.

**Step 5: Signing Up for a Project**

You made it! Complete the fields of information necessary to sign up for a project & you will be set!

If you have questions or trouble registering for Tech to Town feel free to reach out to Kelsey Jackson via email at kelsey.m.jackson@ttu.edu or by phone at 806 834 1355.
