Syllabus statement if AI Use is allowed with disclosure and citation in your course:

You are permitted to use ChatGPT and other artificial intelligence (AI) tools to assist you in gathering information and brainstorming ideas but you may not copy and paste information directly from the AI tool and present it as your own without citation. You are responsible for the information you submit based on an AI query and for assuring that it does not contain misinformation or unethical content and that it does not violate intellectual property laws. Your use of AI tools must be properly documented and cited appropriately for academic integrity. You are expected to include a disclosure statement at the end of your assignment describing which AI tool you used and how you used it. For example, "ChatGPT was used to draft about 50 percent of this paper and to provide revision assistance. AI-produced content was edited for accuracy and style."
