What information do I need to keep track of?

Fall 2019

Jennifer S. Hughes
Guided by NILOA’s Transparency Framework

- Student Learning Outcomes Statements
  - Applicable to all students

- Assessment Plans
  - Descriptive
  - Defines measures
  - Easily downloaded

- Use of Student Learning Evidence
  - Targeted to audience
  - Provides examples
  - Describes improvement
  - Defines next steps

- Assessment Resources
  - Easily downloaded

- Common to All
  - Clearly worded
  - Prominently posted
  - Updated regularly
  - Receptive to feedback

- Evidence of Student Learning
  - Interpreted results
  - Contextualized to institution
  - Presented graphically
  - Disseminated

- Current Assessment Activities
  - Defines activities
Guided by Regional Accreditor, SACSCOC

10.2, 10.5- TTU makes available to students and the public current academic calendars, grading policies, cost of attendance, and refund policies.

6.1, 6.2b- Demonstrate that we have an adequate number of full-time faculty members to ensure quality and integrity.

12.1- Substantiate that TTU provides appropriate academic and student programs, services, and activities consistent with mission.

8.1, 8.2a- Prove that TTU identifies, evaluates, and publishes goals and outcomes for student achievement.
Upcoming Deadlines:

1) Evidence of teaching credentials must be reported to DigitalMeasures by **September 3, 2019** for compliance with Texas House Bill 2504.

2) Evidence of student learning outcomes must be reported by your department chair or degree program coordinator by **October 1** of every academic year. You might be asked to provide assessment data to your department chair. Assessment data is uploaded to a software platform called Nuventive Improve.
What is Texas House Bill 2504?

Requirements

- Institution’s website has available to the public for each undergraduate course:
  - Syllabus
  - Curriculum vitae for instructor(s) of record

- This information is reported in DigitalMeasures. Deadline is **September 3, 2019**.
Faculty Data in DigitalMeasures

AY 2016 – 2017 Data

HB 2504 Compliance

DM Data Quality

Faculty Productivity

Terminally Degreed

Digital Measures Satisfaction

Faculty Service

Publications

Course Evaluation
What is Nuventive Improve?

• Nuventive Improve is the software tool selected by Texas Tech University for gathering assessment data.
• Typically, department chairs and degree program coordinators are users of Nuventive Improve.
• However, as a new faculty member, you might be asked to collect student learning data that your chair might then upload into Nuventive Improve.
How do I access these software platforms?

- Go to www.depts.ttu.edu/opa
OPA is here to help you!

- For assistance with DigitalMeasures reporting, please contact Kenny Shatley at kenny.Shatley@ttu.edu

- For assistance with Nuventive Improve reporting, please contact Libby Spradlin at libby.Spradlin@ttu.edu
