

The TeMPO Program: Call for Fellow Applications

The Teaching Academy, in collaboration with the Teaching, Learning and Professional Development Center, is seeking applications for individuals to serve as fellows for the fall 2017 semester of the **Teacher Mentoring through Peer Observation (TeMPO) Program**. The purpose of the TeMPO Program is to facilitate interdisciplinary mentoring relationships among faculty to discuss teaching and create a culture that will help foster the participation of all departments in more consistent and high-quality peer observation and review. We would like you to consider applying to be a TeMPO Fellow. Tenure-track faculty may find this experience to be particularly helpful as they consider their teaching and gain feedback during the program. For more information, please see the following link (<http://www.depts.ttu.edu/tlpdc/Faculty-Instructors/TeMPO/index.php>).

A diverse group of fellows will be solicited from the entire faculty population at TTU and applications will be reviewed by the TeMPO committee. Each Fellow will be matched with other Fellows in the program. Fellow responsibilities include:

- (1) Opening his/her classroom so TeMPO partners may observe their teaching two times during the Fall;
- (2) Openly listening to the peer observation feedback and implement strategies to improve teaching effectiveness;
- (3) Observing his/her TeMPO partners teaching at least three times during the Fall, being sure to visit each classroom at least once;
- (4) Meeting with his/her TeMPO partners to discuss observations from each other classrooms;
- (5) Attending the TeMPO orientation meeting as well as additional TeMPO Program group meetings;
- (6) Attending at least three TLPDC events during the semester of training, including a required session focusing on the observation feedback process;
- (7) Working with his/her TeMPO partners to set goals to be assessed during the peer observations visits.

For your participation in the program, you will receive a \$500 stipend.
