OPTIONAL PERSONAL STATEMENTS OF STUDENT SUPPORT

In addition to the Student Support Statement that directs students to the Office of Campus Access and Engagement, faculty members may want to include a more personal statement of student support in their syllabi. The three examples below are recommended statements from which faculty members might choose. **Faculty members choosing to use one of the statements below will need to personalize the statement to include the preferred method of contact.** Because these are personal statements of support, faculty members should copy and paste them directly into syllabi.
