

To the Student:

After your registration is complete and your proctor has been approved, you may take the Credit by Examination for French 2B.

WHAT TO BRING

- You must bring a recording device for audiocassette tape or digital sound media. **Please contact your proctor for the correct device needed.** For digital recordings, your device must have sound-recording software already installed and able to record in **.wav** or **.mp3** format.
- You must also bring one blank audiocassette tape (full size only), CD-R or CD-RW (full size only), or a small USB flash drive (depending on the proctor's requirements) on which to save your recording.

ABOUT THE EXAM

The French 2B Credit By Examination will cover second-year vocabulary pertaining to transportation (car, truck, motorcycles, maps, and highways), health (accidents, the emergency room, the doctor's office, and surgery), hotels (checking into and out of, the hotel room, and the bathroom), public transportation (subway and bus), city life and country life, and French holidays. Grammatical structures covered include the conditional tenses of regular and irregular verbs, double object pronouns, interrogative and relative pronouns, commands with pronouns, the pronoun *y*, forming questions, the expression *venir de* with an infinitive, and using the infinitive after prepositions.

The examination will consist of six sections for a total of 175 points (30 points for the writing/speaking portion). The six sections are as follows:

- I. **Listening Comprehension.** In this section, you will listen to a recording pertaining to automobiles, public transportation, and French holidays, and then answer questions about what you have heard. You will choose your answer and mark it on a bubble answer sheet.
- II. **Vocabulary.** The vocabulary section will consist of 50 multiple-choice questions in groups of five.
- III. **Culture.** The true/false culture questions will be based on transportation in France and French holiday customs.
- IV. **Structure.** In the structure section, you will answer some multiple-choice, fill-in-the blank sentences and some short-answer questions by actually writing out your answers.

- V. **Reading Comprehension.** In this section, you will read a selection and answer comprehension questions (in English) about what you have read.
- VI. **Writing and Speaking Proficiency.** In this section, you will be asked to write five to seven sentences on your choice of two out of three prompts. You will then read your answers aloud and record it on your own recording medium (see “What to Bring” on the first page of this document).

You will have three hours to complete the exam.

The examination is based on the Texas Essential Knowledge and Skills for this subject. Since questions are not taken from any one source, you can prepare by reviewing any of the state-adopted textbooks that are used at your school. The textbook used with our French 2B course is *Glencoe French II, Bon Voyage!* from McGraw-Hill Companies, Inc. (2005).

The practice exam included in this document will give you a model of the types of questions that will be asked on your examination. It is not a duplicate of the actual examination. It is provided to illustrate the format of the exam, not to serve as a review sheet.

Good luck on your examination!

Through the learning of languages other than English, students obtain the tools and develop the context needed to connect with other subject areas and to use the language to acquire information and reinforce other areas of study. Students of languages other than English develop an understanding of the nature of language, including grammar, and culture and use this knowledge to compare languages and cultures and to expand insight into their own language and culture. Students enhance their personal and public lives and meet the career demands of the 21st century by using languages other than English to participate in communities in Texas, in other states, and around the world.

	(4) Comparisons. The student develops insight into the nature of language and culture by comparing the student's own language and culture to another. The student is expected to:
✓	(A) demonstrate an understanding of the nature of language through comparisons of the student's own language and the language studied;
✓	(B) demonstrate an understanding of the concept of culture through comparisons of the student's own culture and the cultures studied; and
✓	(C) demonstrate an understanding of the influence of one language and culture on another.
	(5) Communities. The student participates in communities at home and around the world by using languages other than English. The student is expected to:
