Why Study Social Work at Texas Tech?

The Social Work Program at Texas Tech University prepares students to contribute to society through civic participation and professional social work practice. As critical thinkers and self-directed learners, graduates are able to simultaneously use self-awareness and sensitivity to the plight of humankind to promote social justice within our interdependent global community. The program is designed to integrate these fundamentals with the core principles and methods of social work, recognizing the context and consequences of professional practice.

Social Work is a profession dedicated to partnering with people to create change. It is set apart from other human-related disciplines by its person-in-environment focus. That means that social workers have a dual orientation at all times - the individual and the environment.

Why Study in the College of Arts & Sciences?

A liberal arts education from our College may be the best option for your future. In the world today the average person changes careers at least 5 times. You will have the resources and training to adapt your education to almost any career field that offers itself to you.

A Wealth of Opportunities Await

- Undergraduate Research
  The Center for Active Learning and Undergraduate Engagement (CALUE) is committed to supporting and increasing undergraduate participation in active learning at Texas Tech University. The Center serves as the centralized location for undergraduate students, faculty, staff, and community organizations interested in participating in the following active learning programs: Service Learning, Undergraduate Research, Professional Internship, and Study Abroad. For more info, visit their website: https://www.depts.ttu.edu/calue/

- Study Abroad
  From culinary classes in Florence to Range and Wildlife Management in Australia, from language study at the Texas Tech Center in Sevilla to Engineering in Czech Republic, Texas Tech has programs in more than 70 countries in which TTU students can participate. To see where our study abroad programs can take you, visit the website here: https://ttu-sa.terradotta.com/

- Graduate Education
  Students wanting to pursue and become a Licensed Master Social Worker (LMSW) apply social work theory, knowledge, methods and ethics and the professional use of self to restore or enhance social, psychosocial, or bio-psychosocial functioning of individuals, couples, families, groups, organizations and communities. An LMSW may practice clinical social work in an agency employment setting under clinical supervision, under a board-approved supervision plan, or under contract with an agency when under a board-approved clinical supervision plan.

- Professional Career
  The University Career Center helps both current and alumni Texas Tech students with career assessments, resume building, and employer career fair information. The Career Center is here to help you match your interests and college major to a career that is right for you. To see more, visit the website: http://www.depts.ttu.edu/careercenter/students.php

- Scholarship
  Arts & Sciences awarded $266,236 in scholarships to 139 students so far this year, with more to come. Full-time students may apply for scholarships in the College of Arts & Sciences. For more information, visit the scholarship website: www.scholarships.ttu.edu

The Texas Common Course Numbering System (TCCNS) aids students in the transfer of general academic courses between Texas public colleges and universities throughout the state. Course recommendations in this transfer guide are expressed in TCCNS designations.

Applying Transfer Hours to a Four-year Degree

- The Transfer Evaluation Office in the Office of the Registrar at Texas Tech determines which courses taken at another institution may be accepted for credit.

- A maximum of 66 semester credit hours from two-year institutions may be applied toward the baccalaureate degree at four-year institutions. Although, all credit hours presented on the sending institution's transcripts will be evaluated and equivalent college level courses posted to the student's academic record.

- The academic associate dean of the Texas Tech college in which a student enrolls has authority for determining which courses will be applied toward the specific degree program chosen.

- Students must earn a grade of C or better for all courses fulfilling requirements in majors, minors, or specialization's.

For more information on transfer course equivalencies, access the Texas Tech Transfer Equivalency Guidebooks: https://www.depts.ttu.edu/registrar/private/transfer/

Admission Review
If you do not meet assured admission requirements but have at least a 2.00 cumulative GPA, an admissions committee will evaluate your potential based on other criteria:

- Academics—Types of courses taken and pattern of progress, as well as coursework taken leading toward a major
- Student-submitted essay—Explanation of the decision to transfer to Texas Tech, reasons for past academic performance and plans to ensure future academic success
- Extracurricular activities/employment information—Leadership and work experience, special talents or awards, or any other information relevant to the admission decision
