**Why Study Honors Arts & Letters?**

The world is changing daily and people who have a broad vision of the future, possess good communication and reasoning skills, and can adapt are in demand. The HAL degree is based on critical, ethical, and creative thought and teaches efficient communication. HAL prepares students for graduate or professional schools and to enter careers that require clear thinking and adaptability.

The Art and Aesthetics track of the Honors Arts and Letters degree allows students to combine humanities coursework with their specific areas of interest in the visual and performing arts, preparing them for graduate study and/or a variety of careers, ranging from museum studies to graphic design.

The Honors Arts and Letters degree is based in the humanities, with Western Civilization, fine arts, and an emphasis on language and literature as the foundation. Proficiency in a foreign language is required, and a study abroad experience is strongly recommended, with College and University financial support available to make that possible. The HAL student also chooses from among five tracks, consisting of Pre-Law, Health and Humanities, American Studies, Arts and Aesthetics, and an open track option.

**Why Study in the Honors College?**

Honors College students have the unique advantage of experiencing a small, intellectually and socially vibrant environment while having access to the vast resources of the major research university at TTU. Honors College students simultaneously benefit from being with others of the same intellectual preparation and commitment while enjoying the advantages of a university environment actively engaged in exploring all areas of human interest and concern.

---

**A Wealth of Opportunities Await**

- **Undergraduate Research**
  Spurring the intellectual curiosity of undergraduate students through active participation in the discovery process is one of the goals of the Honors College. Because meaningful research experiences promote active learning through guided discovery, the Honors College offers the Undergraduate Research Scholar (URS) Program. URS is open to ANY field or major. The Honors College pays Undergraduates to perform research with a faculty mentor on the TTU or TTU-HSC campus.

- **Honors Thesis**
  The Honors College Thesis Program provides students with the opportunity to conduct original research and to use that research to construct a thesis. The thesis itself is a lengthy document based on the student’s research that mirrors a publishable journal article within the respective academic field. The thesis is required for graduation with Highest Honors.

- **Study Abroad**
  The Honors College encourages all Honors students to participate in study abroad as part of their undergraduate education. Toward this goal, the Honors College offers Study Abroad Scholarships to help offset the costs of travel and living expenses for students who study abroad. See “Study Abroad Scholarships” below for additional information on these scholarships as well as others that are available to Texas Tech University students.

- **Professional Career**
  The University Career Center helps both current and alumni Texas Tech students with career assessments, resume building, and employer career fair information. The Career Center is here to help you match your interests and college major to a career that is right for you. To see more, visit the website: [http://www.depts.ttu.edu/careercenter/students.php](http://www.depts.ttu.edu/careercenter/students.php)

- **Scholarship**
  Named a top value by Kiplinger in recent years, TTU offers a quality education at a fair price. Tuition and housing increases are well below others in public higher education. Some scholarships only available to students in the Honors College are:
  - Terry Foundation Scholarship—funding available to outstanding students wanting to attend a Texas institution
  - Fulbright Scholarship
  - Gates-Cambridge
  For scholarship information, visit the website: [www.scholarships.ttu.edu](http://www.scholarships.ttu.edu)

- **Student Organizations**
  All students are encouraged to become involved outside of the classroom to enhance their connection and experience as a Red Raider. These connections and experiences happen through membership in a student organization, a fraternity or sorority, or involvement in various campus activities. For a list of campus organizations and honors societies available at Texas Tech, visit the website: [Student Organizations](http://www.cctr.ttu.edu)

Texas Common Course Number System (TCCNS)

The Texas Common Course Numbering System (TCCNS) aids students in the transfer of general academic courses between Texas public colleges and universities throughout the state. Course recommendations in this transfer guide are expressed in TCCNS designations.

Applying Transfer Hours to a Four-year Degree

- The Transfer Evaluation Office in the Office of the Registrar at Texas Tech determines which courses taken at another institution may be accepted for credit.

- A maximum of 66 semester credit hours from two-year institutions may be applied toward the baccalaureate degree at four-year institutions. Although, all credit hours presented on the sending institution's transcripts will be evaluated and equivalent college level courses posted to the student's academic record.

- The academic associate dean of the Texas Tech college in which a student enrolls has authority for determining which courses will be applied toward the specific degree program chosen.

- Students must earn a grade of C or better for all courses fulfilling requirements in majors, minors, or specialization's.

Steps to Apply:

- Admission Requirements
  Application from applytexas.org
  $60 application fee or fee waiver (student must provide information supporting fee waiver; for more specifics on what qualifies for waiver, visit the admissions site here: http://www.admissions.ttu.edu/index.php/application-fee/)

  Official college transcripts from ALL previous colleges attended*

  *Student must submit an official high school and ACT/SAT scores if you have completed less than 12 transferrable hours

  Transcripts may be sent by mail to:
  Undergraduate Admissions
  Box 45005
  Lubbock TX 79409

  Electronic transcripts may be sent directly to TTU Admissions via document exchange from the sending institution (contact institution for more details)

- Transfer Admissions Counselors:
  Zach Fisher—West Texas Transfer Admissions Counselor.
  Office Location: Undergraduate Admissions, West Hall Lubbock, TX
  Phone: 806.834.2104
  Email: zach.fisher@ttu.edu

  Maryellen Baeza—Manager of Transfer Recruitment
  Office Location: Undergraduate Admissions, West Hall Lubbock, TX
  Phone: 806.742.1480
  Email: Maryellen.baeza@ttu.edu

Assured Admissions:

If you present the required combination of transferrable hours and GPA (as described below), you will meet assured admissions. GPA is cumulative for all transferrable coursework from all schools attended. Courses taken for grade replacement are used for GPA calculation only if the same course is repeated at the same institution where it was originally taken.

</table>

Admission Review

If you do not meet assured admission requirements but have at least a 2.00 cumulative GPA, an admissions committee will evaluate your potential based on other criteria:

- Academics—Types of courses taken and pattern of progress, as well as coursework taken leading toward a major
- Student-submitted essay—Explanation of the decision to transfer to Texas Tech, reasons for past academic performance and plans to ensure future academic success
- Extracurricular activities/employment information—Leadership and work experience, special talents or awards, or any other information relevant to the admission decision

For more information, visit the admissions website: http://www.admissions.ttu.edu/
