Fall 2016

Dear Counselor,

I hope you had a wonderful summer and are excited about the upcoming school year. We had a successful summer residential component and hope to have a great academic year. We have an exciting year planned for Upward Bound Participants and would like for your students to take advantage of all the opportunities available to them.

Upward Bound is a College Preparatory Program at Texas Tech University. We service students from 20 different high schools within a 75 mile radius of the Texas Tech campus. In order to be considered for our program, students must submit the pre-application card, essay, recommendation form and transcript by **November 11, 2016**. It is very important to let the students know that only the students who submit all of the required paperwork will be considered for an interview. We have approximately **30 spaces** available so it is highly recommended that students submit their application packet early.

I will be contacting you to set up a time to visit your high school or you may also contact me if you would like for me to visit your school early during the recruitment process. I look forward to visiting your campus. Please feel free to contact me at (806) 742-3616 should you have any questions in regards to our program or our recruitment process. Thank you for supporting Upward Bound Programs and for making a difference. It is individuals like you that make an impact in educating our future leaders.

Respectfully,

Jesse Jalomo  
Managing Director
