Admitted Student Tasklist

Congratulations on your admission to Texas Tech University! The college application process is rigorous, and we know you must be feeling relieved to have been admitted. But what comes next?

We've compiled an Admitted Student Tasklist that takes you step-by-step through the process of enrolling at Texas Tech University. **This site is a portal to your next steps.**

Get your guns up and get started:
www.admitted.ttu.edu

The Admitted Student Tasklist provides a comprehensive checklist of steps for a student to take prior to beginning classes at Texas Tech University.

All items on the Tasklist are specific to you, and are required to complete your transition to Texas Tech.

The Tasklist is an online tool that tracks your completion of the required items to make sure you are ready to enroll at Texas Tech.

You should complete all your Tasklist items prior to your scheduled Red Raider Orientation session to ensure a smooth advising and registration process.

You may have heard about Registration Holds like the Texas Success Initiative (TSI) or Meningitis. A hold is placed on your record by an administrative office to indicate that action is needed. Before you can register for classes during orientation, you must clear any registration holds.

You can find instructions to clear all registration holds within the Admitted Student Tasklist.
Steps to Logging In

1. Be Admitted to Texas Tech University with the following qualifications:
   - Fall or Summer 2015 Semester
   - Undergraduate Student (Freshman or Transfer)

   Only students who are FULLY admitted to Texas Tech University can access the Admitted Student Tasklist.

   Please allow 24-48 hours after being admitted for your information to be imported into the online Tasklist system. If you need to check the status of your application, log in to your Raider Connect admissions portal at https://apply.texastech.edu/Undergraduate/Pages/Welcome.aspx

   You can obtain an eRaider Activation code from Undergraduate Admissions, 806.742.1480. If you still have issues logging in, contact IT Help Central, 806.742.HELP.

Items will automatically check off, or you can manually check off items as you complete them. See the “Completing Items” section of this document for more information about tracking completed items.
Completing Items
Within your custom Tasklist, you will see three ways completed items are tracked:

1. Automated
3. Pending

Automated Item. This item will automatically be marked as complete within 24 to 48 hours after you complete an automated task, such as activating your TTU email and reserving your orientation date.

Manual Item. After you have completed this step, mark items as complete by clicking on the checkbox. Your progress will be saved for the next time you log in.

Pending Item. This step will become available at a later date or after you have completed all required prerequisite steps, such as registering for class.
