Fall 2015

Dear School Counselor,

I hope you had a wonderful summer and are excited about the upcoming school year. We had a successful summer component and hope to have a great academic year. We have an exciting year planned for Upward Bound Participants and would like for your students to take advantage of all the opportunities available to them.

Upward Bound (UB) is a College Preparatory Program at Texas Tech University. We serve students from 25 different high schools within a 75 mile radius of the Texas Tech campus. In order to be considered for the UB program, students must submit the pre-application card, essay, recommendation form and transcript by October 30, 2015. It is very important to let the students know that only the students who submit all of the required paperwork will be considered for an interview. We have limited space available so it is highly recommended that students submit their application packet early.

UB Staff will be contacting you to set up a time to visit your high school or you may also contact me if you would like for us to visit your school early during the recruitment process. We look forward to visiting your campus. Please feel free to contact the UB Staff at (806) 742-3616 should you have any questions in regards to our program or our recruitment process. Thank you for your support of the Upward Bound Programs and for making a difference. It is individuals like you that make an impact in educating our future leaders.

Respectfully,

Jesse Jalomo
Managing Director
