We would like to invite you to our annual “Academic Bowl” on October 12, 2024. All competitions will be in the Media and Communications building on the Texas Tech campus.

*Each team will consist of at least 4 students but no more than 5 students.
*Each school may enter as many teams as they wish. Each team must have some designation, such as school colors or mascot. Example: Andrews Gold, Andrews Black, or Andrews Mustangs.
*Each school must bring their own calculators, scratch paper, and writing utensils.
*Competition will begin at 8:30 am. Please check in at the registration table for the schedule and handout.
*The entry deadline is at noon, October 4, 2024.
*The cost is $100.00 per team.

Teams will compete in UIL number sense, calculator, accounting, computer science, literary criticism, science, spelling, current events and math. There will be 7 questions in each round with each team trying to score as many points as possible. Problems will be projected onto a screen. The team that buzzes in and answers correctly will receive a point. If answered incorrectly, the other team has a chance to answer. Students must be quick, as there will be a time limit for each question. After three rounds, the teams with the most points will move on to the next round. This will repeat until we have two teams left.

We hope that by competing in this Academic Bowl, it will awaken students’ minds and get them ready for UIL competition in 2024-2025.

Simply fill out the form on the next page and send to Jack Barton. You will receive an email after your entry is received.
