Solution

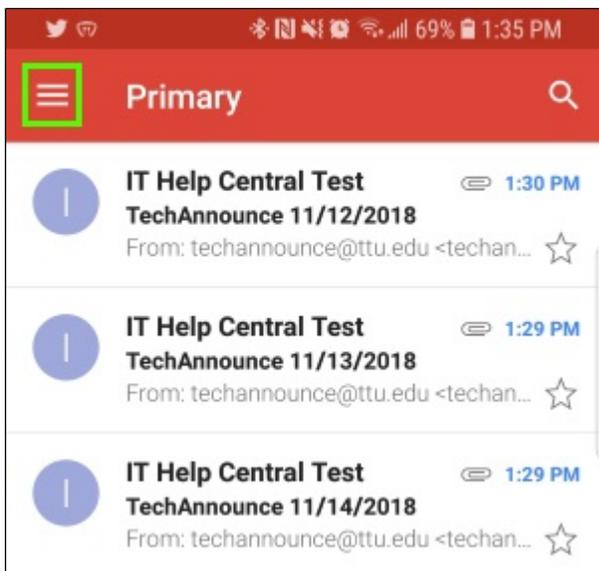

Tap menu icon > your account > **Add Account** > **Exchange and Office 365**. Follow the steps in Gmail and then tap **Done**.

Details

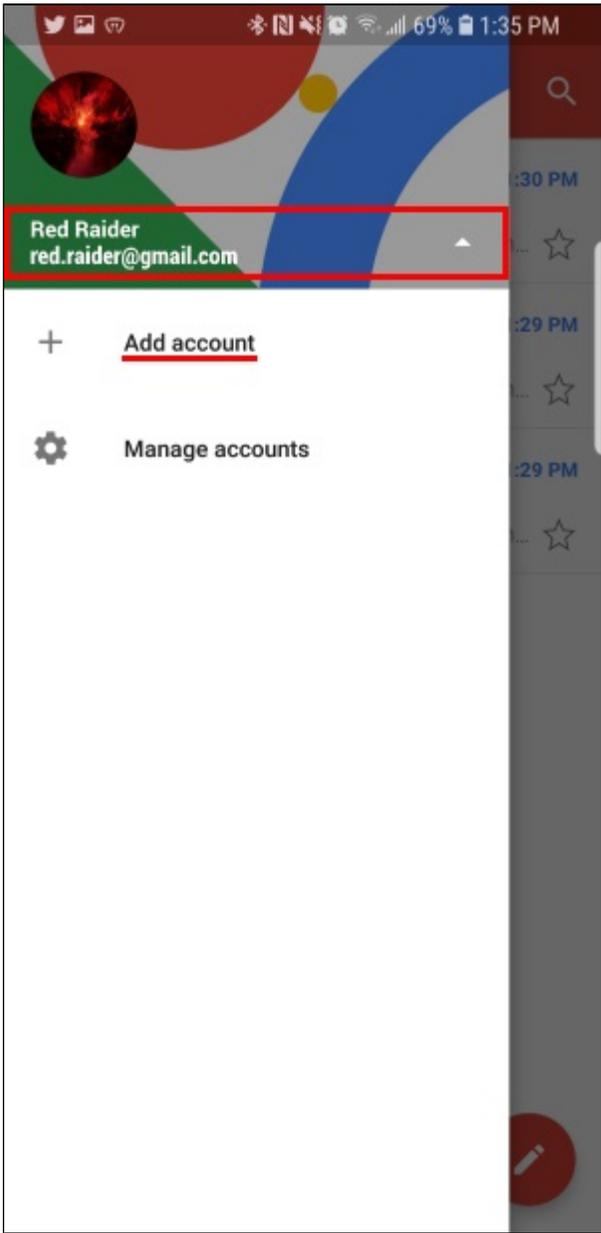

1) Open the **Gmail** app.

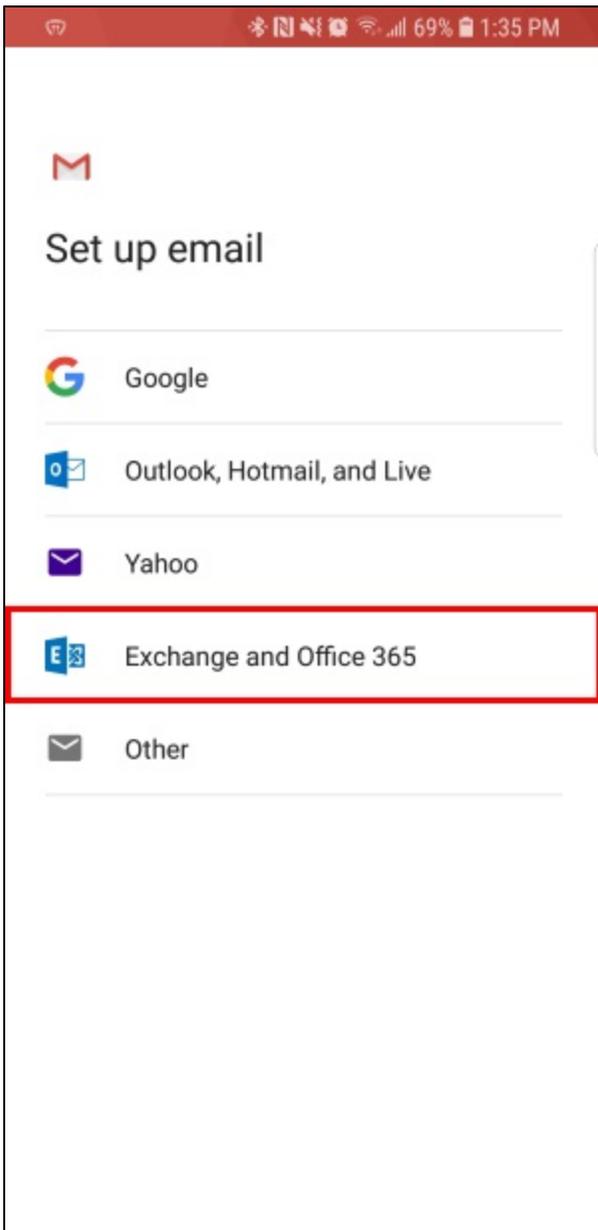

2) Tap the menu icon (three bars) in the upper left-hand corner.

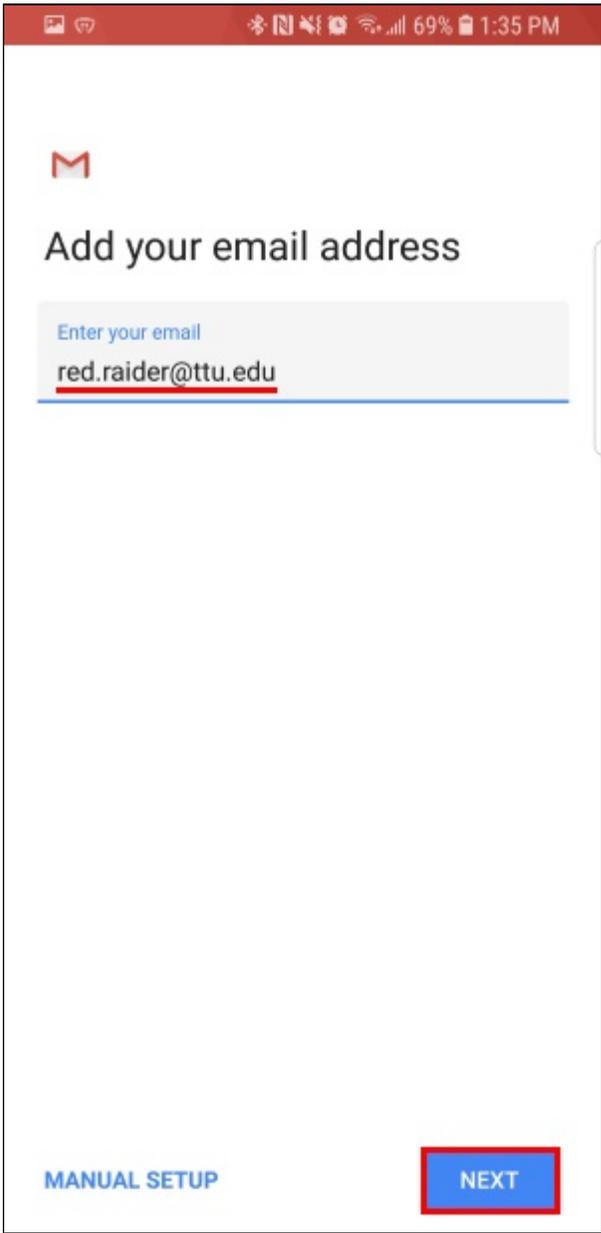

3) Tap your email account or the arrow icon and tap **Add account**.

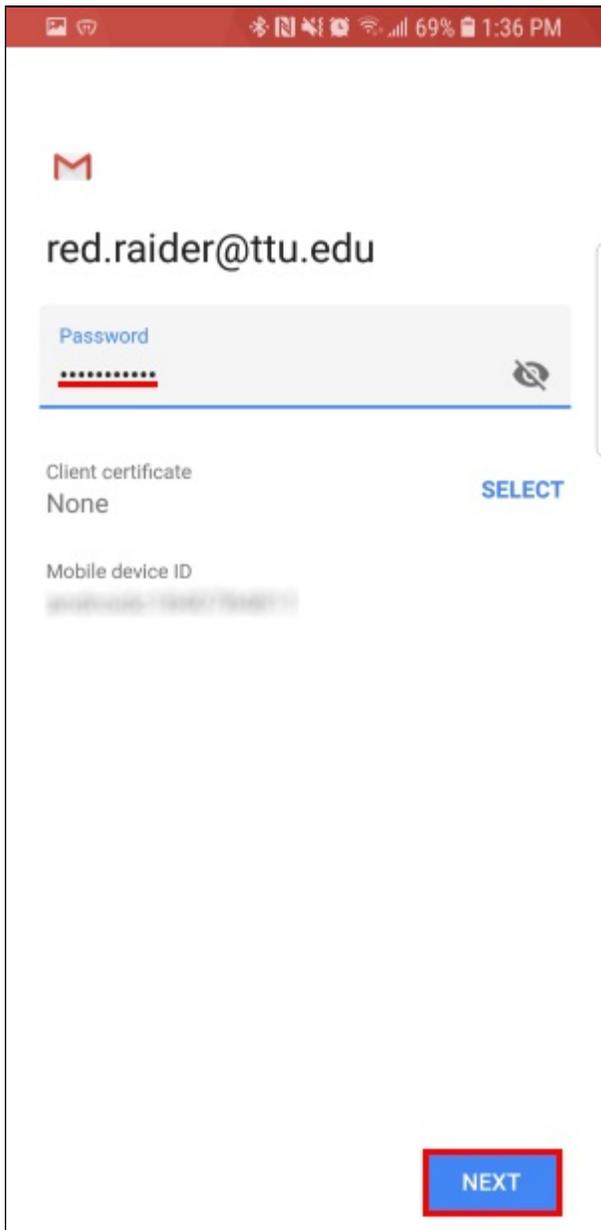

4) Tap **Exchange and Office 365**.

5) Type your TechMail address. Then tap **NEXT**.

6) Type your eRaider password. Then tap **NEXT**.

7) Double check if the following server settings are in place. Then tap **NEXT**.

- **Server:** outlook.office365.com
- **Port:** 443
- **Security Type:** SSL/TLS

NEXT

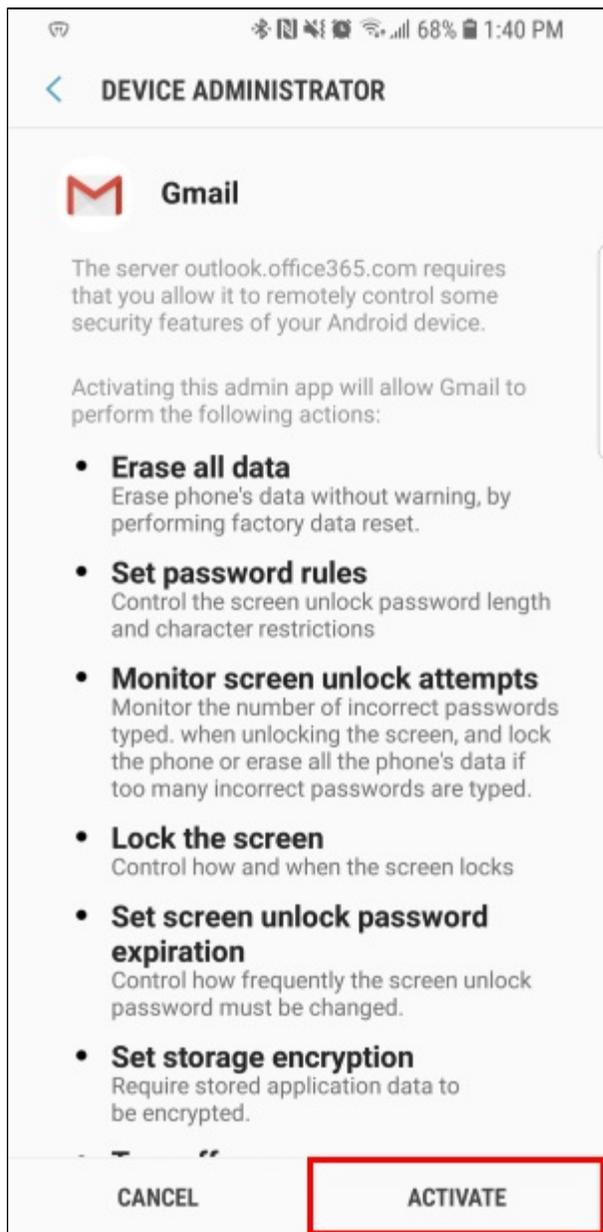

8) If you are prompted to allow remote security administration, tap **OK**.

 **NOTE:** In order to add your TechMail account to your device, you must allow the server remote security control.

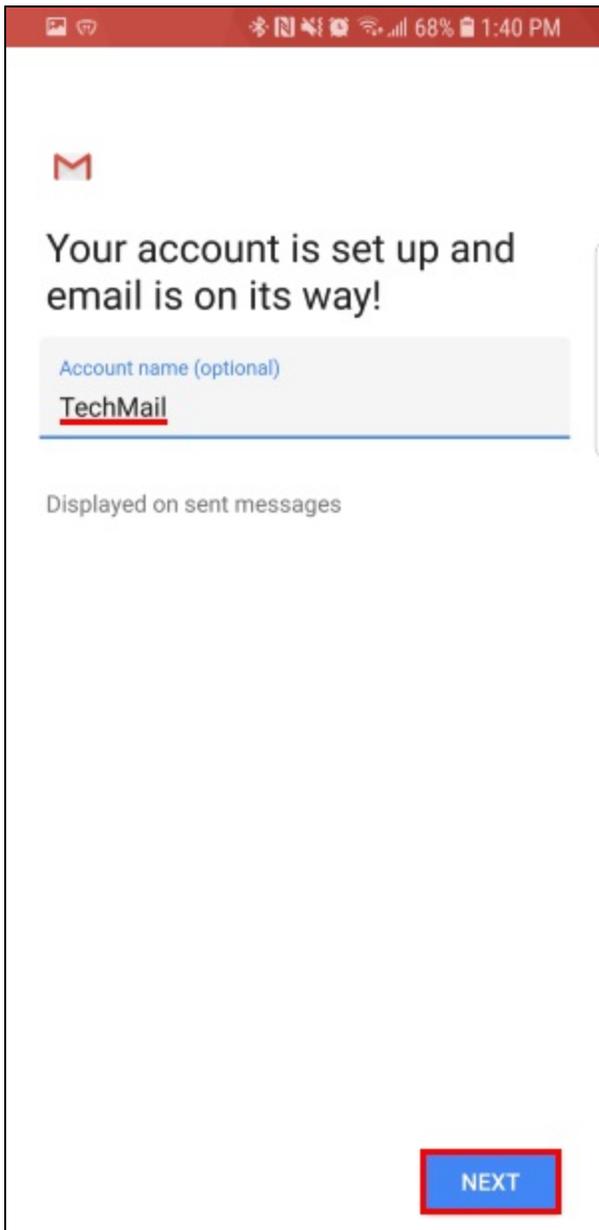

9) Read through the permissions and tap **Activate**.

 **NOTE:** You will be required to set a pin/passcode on your device.

10) Type an optional account name and tap **NEXT**.

OUTCOME

Your TechMail will now be setup in the Gmail app on Android. You will be able to receive and send emails through your TechMail account with this app.
