The Office of Undergraduate Admissions supports a Fee Waiver program for qualifying students. This waiver covers the cost of application to Texas Tech University.

To qualify, an applicant must be a United States Citizen, permanent resident, or a student identified under Senate Bill 1528 (79th Legislature, 2005) as a resident of Texas. International applicants do not qualify for this fee waiver. Students seeking a post baccalaureate undergraduate degree do not qualify for this waiver. **Also, non-degree seeking applicants, Fresh Start applicants, and returning students do not qualify for fee waivers.**

Additionally, an applicant seeking to qualify for the fee waiver must demonstrate that the application fee presents a significant financial hardship.

The preferred method for requesting a fee waiver is through submission of the Free Application for Federal Student Aid (FAFSA). If you or your family are unable to complete the FAFSA, submit this request for an application fee waiver with supporting documentation.
