ACT/SAT TESTS

• Waiving ACT/SAT for Fall 2020 students who were affected by test cancelations

• Applicants who have completed all other requirements, will be given special consideration for admissions through a holistic review

• Students who have previously taken an ACT or SAT are strongly encouraged to submit those scores

• Without an ACT/SAT students will not be considered for scholarships and may also not satisfy TSI requirements

• Some majors require assured admissions which does require an ACT/SAT score
