Pending courses must be revised and approved by the committee by May 11th to be sent to the next Academic Council meeting. New course proposals are due via curriculog by May 22nd to be added to the next college curriculum committee meeting agenda

3. The committee discussed the process of removing terms offered and attribute information from course description. Dr. Akers will bring this up at Associate Dean's meeting to question if there is a simpler process for these changes.
4. An announcement was made that courses with zero enrollment for the last three years did not role to the fall term schedule (ex: last three fall semesters). If there are any issues with this, please contact the Registrar's Office scheduling.
5. The committee reviewed the 2018-2019 core curriculum updates handout.
6. The committee reviewed the new academic standing policy, which is effective this term.

7. The committee discussed the possibility of the University implanting a required core set of classes based on degree plan for all master's programs. Concentrations can be used for distinctions. Please send department thoughts to Dr. Akers to take back to Academic Council.
8. The next curriculum committee meeting is tentatively set for Thursday, May 24th, at 2 p.m. in PSS 117. The committee will meet via email during the summer if necessary.
