Admission Requirements

Professional Science Master's (PSM) Programs at Texas Tech University normally accept applicants for Fall Term enrollment only. Individuals with a baccalaureate degree or working professionals who have a background in math, science, or engineering sufficient to enroll in graduate courses in the PSM program are encouraged to apply.

All applications will be evaluated based on the following criteria:

Information in the completed application forms to the Graduate School and to the department to which admission is requested (Biological Sciences or Natural Resources Management) will include:

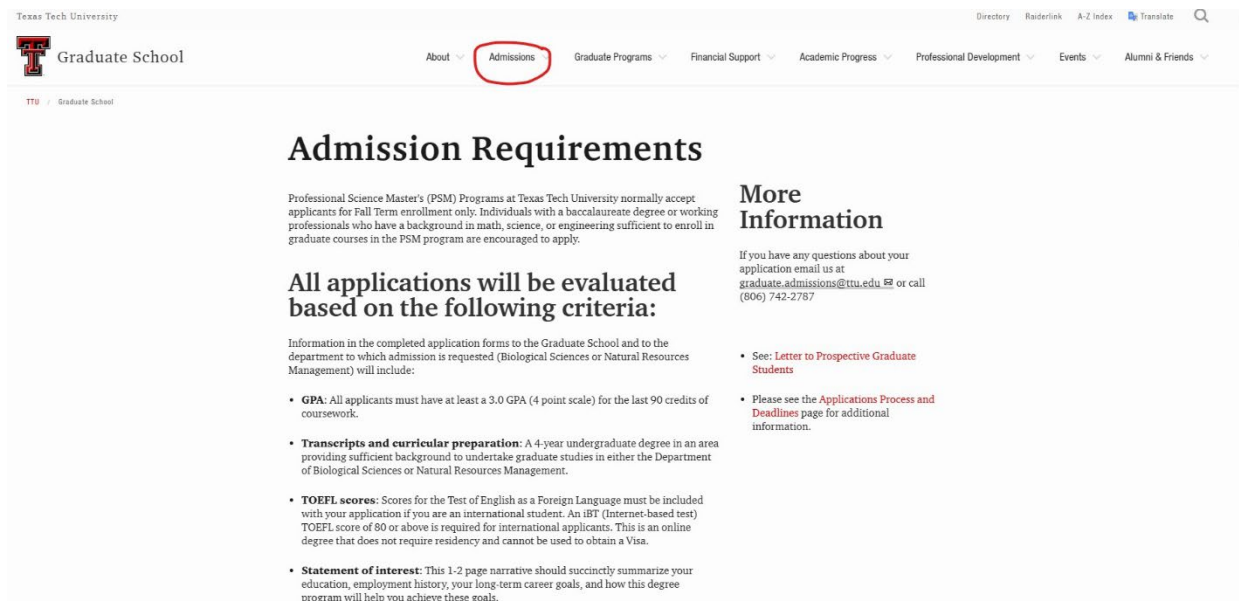

- **GPA:** All applicants must have at least a 3.0 GPA (4 point scale) for the last 90 credits of coursework.
- **Transcripts and curricular preparation:** A 4-year undergraduate degree in an area providing sufficient background to undertake graduate studies in either the Department of Biological Sciences or Natural Resources Management.
- **TOEFL scores:** Scores for the Test of English as a Foreign Language must be included with your application if you are an international student. An iBT (Internet-based test) TOEFL score of 80 or above is required for international applicants. This is an online degree that does not require residency and cannot be used to obtain a Visa.
- **Statement of interest:** This 1-2 page narrative should succinctly summarize your education, employment history, your long-term career goals, and how this degree program will help you achieve these goals.

More Information

If you have any questions about your application email us at graduate.admissions@ttu.edu or call (806) 742-2787

- See: [Letter to Prospective Graduate Students](#)
- Please see the [Applications Process and Deadlines](#) page for additional information.

If you meet the graduate school requirements and want to continue to the application, click on the admissions tab at the top of the page.
