COLLEGE OF AGRICULTURAL SCIENCES AND NATURAL RESOURCES  
TEXAS TECH UNIVERSITY  
LUBBOCK, TEXAS

# THE STUDENT AGRICULTURAL COUNCIL

The Student Agricultural Council is composed of two representatives from each of the departmental clubs and the College of Agricultural Sciences and Natural Resources' Student Senators. A representative from the Office of the Dean of Agricultural Sciences and Natural Resources serves as a sponsor.

The purpose of the Student Agricultural Council is to establish a working relationship between students, faculty, administration and the agricultural community for the betterment of the students and the College of Agricultural Sciences and Natural Resources.

The goals of the Agricultural Council are:

1. To establish sound relations among agricultural students.
2. To establish a common bond among agricultural organizations at Texas Tech.
3. To foster better relations with the faculty.
4. To establish better communications within the university system.
5. To strive to maintain and improve relations within the agricultural community.

The annual Pig Roast is only one of the functions sponsored by the Agricultural Council to attain these goals.

## INTERCOLLEGIATE DEPARTMENTAL TEAMS

The College of Agricultural Sciences and Natural Resources has a long history of success and accomplishments in intercollegiate competition. The various judging teams, academic teams and the rodeo teams are integral parts of the College and our students' education.

In fact, the College had a judging pavilion before it had a classroom. The Livestock Judging Pavilion was one of the first buildings on the Texas Tech campus and one of the College's two initial buildings. Over the years, the Pavilion has been one of the most versatile buildings on campus—livestock judging, basketball games, Pig Roast and landscape architecture studio. Today, it still symbolizes the commitment to and importance of intercollegiate teams as a critical educational component of the College.

The first Pig Roast, held in 1929 at the Livestock Pavilion, was a send off for the livestock judging team prior to their departure for the International Livestock Exposition in Chicago. A pig was roasted in a pit and the meal was enjoyed by the judging team and all who came to support them. Every year since, the Pig Roast has honored the College's intercollegiate teams in this time-honored tradition.

## **GERALD W. THOMAS OUTSTANDING AGRICULTURALIST AWARDS**

Est. 1969, the Gerald W. Thomas Outstanding Agriculturalist Awards recognize people who contribute immeasurably to the general good of the agricultural industry. Individuals eligible for the awards must be successful and distinguished in his or her profession, business, and other worthy endeavors. They must have demonstrated significant contributions to the agricultural industry and be recognized by their contemporaries for their contributions.

Three individuals are selected each year to receive the awards; one each in the categories of agricultural production, agribusiness, and public service. Nominations are accepted from former Outstanding Agriculturalist Award recipients, administration, and faculty of the College of Agricultural Sciences and Natural Resources.

Former award recipients and College administration rank the nominees in each category and submit their selections to the Dean of the College. The award recipients are announced and honored each year in conjunction with the annual Pig Roast.

### **EDWIN E. TEETER**

#### **AGRICULTURAL PRODUCTION**

Edwin E. Teeter was born the eldest of six children to Bonnor and Leonora Teeter. His father, Bonnor, was a Methodist Preacher in the Oklahoma Conference. Eddie graduated from McMurray University in Abilene, Texas with a BA in Business in 1965. He married his wife Linda Rucker in 1965. They are blessed with three sons - Monty, Rusty, and Wesley, who all have children of their own and reside all across Texas. Eddie followed in his father's footsteps by becoming a member of the First United Methodist Church in Lockney, Texas, where he currently serves on the Administrated Council, teaches Sunday school, and is an active member of the Bell Choir.

Eddie is also a member of The Living Water Emmaus Community, and has severed in many other organizations. Included are: The Floyd County Farm Bureau, The Texas Young Farmers and Ranchers Committee, The Floyd County Fair Board, The County Central Appraisal Board, The Lockney Independent School District Board, and The Producer Committee for The Texas Alliance for Water Conservation (TAWC).

Eddie started farming with his wife's father in 1965. He took a break from 1966-1968 while he served in the US Army. Upon his return, he and his wife owned a total of 1,321 Acres. Their main crops are corn, cotton, and wheat. Farming remained a family affair when his grandson Riley returned to help him on the farm after graduating from West Texas A&M.

Some of the many accolades Eddie has received include being selected as Outstanding Family by the Lockney Chamber of Commerce in 1985, Citizen of the Year by the Lockney Chamber of Commerce in 1988, and most recently, The Blue Legacy Agriculture Award presented by The Texas Water Conservation Advisory Committee on November 8, 2013.

Eddie was awarded The Blue Legacy Agriculture Award based on his demonstrated willingness and commitment to incorporate water conservation practices into his operations as well as leadership to furthering water conservation in communities or within the industry. Eddie has been a long-time participant and supporter of the TAWC, providing valuable insight for irrigation research through his conservation efforts and innovative farming practices. He has farmed in Floyd County for more than 45 years, held numerous leadership positions and supported conservation programs by playing an active role in their outreach programs to help educate him, as well as other producers on irrigation management. Officials noted that nominations for the award were reviewed by a three-person selection panel, which included Water Conservation Advisory Council representatives from Texas Farm

## **GAIL KRING**

### AGRIBUSINESS

Gail Kring is a long-time member of the cotton milling industry in West Texas, whose passion for Texas Tech University and pride in his work is only surpassed by the love he has for his family. He has been a pivotal, paramount part of the agricultural industry in the Texas Panhandle and continues to leave a legacy in all that he does.

Gail was born and raised in Houston, Texas and lived there for the first eight years of his life. When the Korean War ignited, his father followed the oil boom to Cisco, Texas, and then Abilene, Texas, where he graduated high school. Gail moved to Lubbock with his twin sister, Kay, to attend Texas Tech University, where he earned his Bachelor of Business Administration. Gail spent his summers working in the oil field for Plains Cooperative Oil Mill. This would begin his long and revered partnership with

what would later become PYCO Industries.

Following his graduation from Texas Tech University, Gail worked for Plains Co-Op in the accounting division. Following accounting, he worked in both the personnel and sales divisions, spending five years in sales and traveling to five different states before moving to Lockney, Texas in 1984. He then spent five years with the Lockney co-op before returning to PYCO to serve as the Senior Vice President, an esteemed position he held for the next 18 years. Gail was named the President of PYCO Industries in 2002, and served his position with unwavering dedication until his retirement in 2015.

In addition to over 50 years of service at PYCO Industries, Gail has served as the Texas District Director of Co Bank; Advisor and Vice President for the National Cotton Council; board member and President for the National Cottonseed Products Association; member of the industry advisory committee for the Texas Food and Fiber Commission, board member, member of the budget and finance committee, and president of the Texas Agricultural Co-op Council; President of the Texas Cottonseed Crushers Association; member of the Lubbock Power and Light Utility Board; and member of the Advisory Board for Plains Capital Bank. Mr. Kring was also honored as the Cooperator of the Year for the Texas Agricultural Co-op Council in 2005.

Gail is an active member of First Baptist Church of Lubbock where he and his wife Mary Ann lead a class for newlyweds. He also serves as the chairman of the Texas Tech Rodeo Team committee, and on the executive committee for the Equestrian Center. In his spare time, Mr. Kring enjoys playing a round of golf and riding motorcycles. Gail and Mary Ann have been blessed with four children and seven grandchildren.

## **RANDY BOMAN**

### PUBLIC SERVICE

Dr. Randy Boman was born in Frederick, Oklahoma to William G. Boman, Junior, and Velma Saville Boman. Randy attended Oklahoma State University where he received a Bachelor's in Agronomy in 1979. He went on to receive a Master's in Agronomy in 1981. After working for six years at OSU Southwest Research and Extension center, he earned a Ph. D. in Soil Science in 1994.

Randy served for 14 years as Extension Agronomist-Cotton at Texas A&M Agrilife Research and Extension Center in Lubbock, where he was initially hired as Assistant Professor in 1997, and later promoted to Associate Professor in 2000. In 2006, he was promoted to Professor and Extension Agronomist.

Randy departed from Texas A&M AgriLife Extension in 2011 and accepted a position with OSU where he is currently a Research Director and Cotton Extension Program Leader. His responsibilities include working with the Cotton Team to develop and conduct extension and applied research programs. This program helps Oklahoma producers discern the best management practices for cotton production. This is done by conducting many applied research trials on a variety of cottons in order to determine performance and develop educational materials relating to the information. The data gathered is then distributed to growers and extension personnel by all appropriate means. They work cooperatively with agronomists, area and county extension personnel, research scientists, growers, cotton organizations, processors, and industry representatives as needed to carry out assigned duties and solve cropping problems via applied research experiments and demonstrations.

In addition, Randy helps publish an electronic newsletter "Cotton Comments" that is generated at key times during the growing season and distributed via email and websites. For his work, Randy has received many awards. Among others, he has received the 2011 West Texas Chemicals Institute's Special Award for Outstanding Contributions to the Agricultural Industry of West Texas, the 2008 Specialist of the year in Texas Agriculture from the Texas County Agricultural Agents Association, and the 2006 Extension Cotton Specialist of the year award.

Randy married Dayna Walker in 1977. They are blessed with three children - Derek, Blake, and Ellie, who all live in Lubbock. Derek and Blake are both Texas Tech Alumni.

The annual Pig Roast has long been a highlight of the academic year in the College of Agricultural Sciences and Natural Resources. Starting as an informal gathering of Texas Tech agriculture students some eighty-nine years ago, it has become a traditional event at which the College of Agricultural Sciences and Natural Resources, its students, faculty, and administration honor teams and individuals who have distinguished themselves and the University during the past year. Scholarship donors and recipients, as well as outstanding leaders in the field of agriculture, are also recognized and honored. This event also provides an opportunity to say Thank You to individuals and companies who have assisted in activities of the College. The Pig Roast is sponsored by the Student Agricultural Council of the College of Agricultural Sciences and Natural Resources.
