Matt Williams, Assistant Director of Development

Dr. Erica Irlbeck, Associate Professor, Scholarship Committee Chair

RECOGNITION OF NEW FUNDS

Jane Piercy, Senior Director of Development and External Relations

RECOGNITION OF OUTSTANDING AGRICULTURALISTS

Student Agricultural Council

Conner McKinzie, Vice President

Taylor Schertz, Scribey

Carson Read, Secretary

CLOSING REMARKS

Dylan Davidson, President

The Student Agricultural Council

The Student Agricultural Council is composed of two representatives from each of the departmental clubs and the College of Agricultural Sciences and Natural Resources' Student Senators. A representative from the Office of the Dean of Agricultural Sciences and Natural Resources serves as a sponsor.

The purpose of the Student Agricultural Council is to establish a working relationship between students, faculty, administration and the agricultural community for the betterment of the students and the College of Agricultural Sciences and Natural Resources.

The goals of the Agricultural Council are:

1. To establish sound relations among agricultural students.
2. To establish a common bond among agricultural organizations at Texas Tech.
3. To foster better relations with the faculty.
4. To establish better communications within the university system.
5. To strive to maintain and improve relations within the agricultural community.

The annual Pig Roast is only one of the functions sponsored by the Agricultural Council to attain these goals.

STUDENT AGRICULTURAL COUNCIL OFFICERS

2019-2020

PRESIDENT

Dylan Davidson

VICE PRESIDENT

Conner McKinzie

SECRETARY

Carson Read

TREASURER

Hayden-James Hughes

SCRIBE

Taylor Schertz

The J. Raymond Boyd Endowment, the Gerald W. Thomas Outstanding Agriculturalist Endowment, the Johnson Endowment for the College of Agricultural Sciences and Natural Resources, and the Agricultural Sciences Fund for Excellence financially support the Ninety-second Annual Pig Roast. No state funds were used to support this function.

Intercollegiate Departmental Teams

The College of Agricultural Sciences and Natural Resources has a long history of success and accomplishments in intercollegiate competition. The various judging teams, academic teams and the rodeo teams are integral parts of the College and our students' education.

In fact, the College had a judging pavilion before it had a classroom. The Livestock Judging Pavilion was one of the first buildings on the Texas Tech campus and one of the College's two initial buildings. Over the years, the Pavilion has been one of the most versatile buildings on campus—livestock judging, basketball games, Pig Roast and landscape architecture studio. Today, it still symbolizes the commitment to and importance of intercollegiate teams as a critical educational component of the College.

The first Pig Roast, held in 1929 at the Livestock Pavilion, was a send off for the livestock judging team prior to their departure for the International Livestock Exposition in Chicago. A pig was roasted in a pit and the meal was enjoyed by the judging team and all who came to support them. Every year since, the Pig Roast has honored the College's intercollegiate teams in this time-honored tradition.

Academic Quadrathlon Team

Coach: Jerrad Legako

Agronomy Quiz Bowl Team

Coach: Glen Ritchie

Equestrian Team

Coach: Danica Jorgensen

Horse Judging Team

Coaches: Amy Petry
Kelly Riccitelli

Institute of Food Technologists College Bowl Team

Coaches: Alejandro Echeverry
Leslie Thompson

Livestock Judging Team

Coaches: Jon DeClerck

Gerald W. Thomas

Outstanding Agriculturalist Awards

Established in 1969, the Gerald W. Thomas Outstanding Agriculturalist Awards recognize people who contribute immeasurably to the general good of the agricultural industry. Individuals eligible for the awards must be successful and distinguished in his or her profession, business, and other worthy endeavors. They must have demonstrated significant contributions to the agricultural industry and be recognized by their contemporaries for their contributions.

Three individuals are selected each year to receive the awards; one each in the categories of agricultural production, agribusiness, and public service. Nominations are accepted from former Outstanding Agriculturalist Award recipients, administration, and faculty of the College of Agricultural Sciences and Natural Resources.

Former award recipients and College administration rank the nominees in each category and submit their selections to the Dean of the College. The award recipients are announced and honored each year in conjunction with the annual Pig Roast.

CRAIG HEINRICH

AGRICULTURAL PRODUCTION

Craig Heinrich is a third-generation cotton producer born and raised in Slaton, Texas. Craig has been farming for more than 30 years. He began farming during his first year attending Texas Tech as

an agronomy major.

In addition to his commitment to excellent farming practices, Craig has selflessly dedicated himself to leadership within several local and national cotton organizations. In 1997, he was named to the board of Slaton Co-op Gin. He then began his service to Plains Cotton Growers, Inc., where he has been on the board since 1998. Craig has served as president of the PCG board and currently is the chairman of the PCG PAC. Craig is active in reviewing research proposals each year as a board member of the Plains Cotton Improvement Committee, which means that he has direct input into what projects are most important to his operation and ultimately funded.

He is currently a delegate body member for Plains Cotton Cooperative Association and chairman of PCCA's Marketing Pool Committee, a committee of elected representatives from each PCCA district. Craig also serves on the board of the Southwest Council of Agribusiness.

Craig has been a delegate to the National Cotton Council since 2003. He is active with NCC's American Cotton Producers, an organization of 24 cotton producer leaders elected by their

peers. Craig is one of three Texas State Chairmen for ACP. Craig serves as a director for Cotton Council International, the export promotion arm of the NCC, and has participated in several special trade missions during which he has direct contacts with cotton textile executives and manufacturers from all over the world.

He also has served on the board of Cotton Incorporated since 2003, where he has been diligent in helping ensure good execution of cotton's research and promotion initiatives. At CI, Craig has been on numerous committees, including the Chairman's, Governance and Pension committees and the Agricultural Research, Global Supply Chain Marketing and Research and Development committees.

Craig travels to Washington, DC, frequently to advocate on behalf of his fellow producers, something that he believes is extremely important. His conversations with Congressional staff and representatives have helped shape farm policy over the years. Craig's relationships with his fellow producers, agribusiness leaders, Members of Congress, and others have enabled cotton growers to have a seat at many tables discussing a variety of issues.

In 2015 Craig was awarded as the Slaton Area Farmer of the Year. Recipients of this award are selected based on farming practices, weed control, conservation, and yield production.

In 1999 Craig married Melinda, a 1991 Texas Tech graduate from the College of Education. Together they have two children, Emily, 19 and Holt, 16.

Gerald W. Thomas
Outstanding Agriculturalist Awards

BRAD BOUMA

AGRIBUSINESS

Brad Bouma is a fourth-generation dairy farmer who has been married for 42 years to his high school sweetheart, Barb, who also comes from a multi-generational dairy farm family.

Brad was born and raised in Southern California, he attended California Polytechnic State University in San Luis Obispo. Throughout his career, Brad has operated dairy facilities in California, New Mexico, Texas, Indiana and Ohio. In 1984, Brad and Barb moved to El Paso, Texas and have operated agriculture facilities in West Texas for the past 35 years.

In 2004, Brad and Barb established Legacy Farms, an open, dry lot dairy farm in Plainview, Texas. Brad also co-founded and serves as Chairman of the Board for Select Milk Producers, Inc., which launched a milk filtration system that led to the development of Core Power drinks and Fairlife Milk in partnership with Coca-Cola. As the president of Select Milk Producers, Brad was the key driver in the development and construction of Continental Dairy Facilities Southwest, a state-of-the-art milk and buttermilk powder plant in Littlefield, Texas, whose products are marketed throughout the United States and all over the world. He is also a founder and owner

of Fair Oaks Farms in Indiana, which has been recognized as the number one agricultural center in the US with a fast-growing international following.

Brad considers himself blessed to have sons and business partners who are moving the industry forward, both here in Texas and across the country. The Bouma family owns and operates two dairy farms and a large dairy heifer feedlot in Hale County, where their team is responsible for the daily care and handling of 55,000 head of cattle.

Brad has served on the board of directors for First National Bank of El Paso for 25 years. He spent six years as governor-appointed member of the Texas Animal Health Commission. Brad and Barb are active members of First United Methodist Church in Lubbock. He is also Vice Chairman of the board of directors of Breedlove Foods Inc., a Lubbock area non-profit.

Brad and Barb have three married children, Brandon, Breanne and Brent, as well as nine grandchildren, seven of whom are growing up on the family farm in Plainview. They are thrilled to have all of them living in the South Plains. Their sons are partners in the family business at several locations and their son-in-law, Jarred, is faculty member at the Texas Tech University Health Sciences Center.

Gerald W. Thomas
Outstanding Agriculturalist Awards

STANLEY M. YOUNG

PUBLIC SERVICE

Stanley Young grew up in Tulia, Texas. He attended Texas Tech University graduating with a Bachelor of Science in Animal Production in 1968 and a Master of Science in Animal Genetics in 1976.

Stanley started his career in 1970 as an assistant professor at Texas Tech in the animal science department. He managed meat labs, taught the Introductory Meat class and Livestock and Meat Evaluation, and coached the livestock judging and meat evaluation teams. In 2010, he went back to teach Swine Production for two years.

Stanley went on to work as a county extension agent for Lynn and Lubbock Counties. He retired from the Texas Agricultural Extension Service in 2003 after a 28-year career. As an agent he initiated outstanding programs in swine production, cotton marketing, a graduate student intern program, and a Master Gardener program.

He has been recognized with various awards, including the

Superior Service Award and the Vice Chancellors Award of Excellence. Also, as an extension agent, he conducted an outstanding 4-H program where his students received scholarships valued at more than \$100,000.

Stanley has also been on the board of directors of the Texas Pork Producers Association for 22 years, and the board of directors of the Bayer Museum of Agriculture for 19 years. He has served as President of the Texas Pork Producers Association and the Texas Hampshire Breeders Association. One of his most prestigious awards was his induction in the Texas Pork Hall of Honor. Stanley currently serves as a member of the Executive Committee of the Texas Pork Producers Association and the Bayer Museum of Agriculture.

Stanley is very close with his sibling, Judine Wilks and Boyd Young as well as his nieces and nephews. Steve Wolf, Annie Wolf Sims, and Stefanie Wolf are each Texas Tech graduates. Steve graduated with a master's degree in Agricultural Education in 1991, Annie and Stefanie with a bachelor's in Agricultural Communications in 2011 and 2017, respectively.

92ND ANNUAL

Pig Roast

The title 'Pig Roast' is written in a large, red, cursive font. To the left of the word 'Pig' is a black line-art illustration of a leafy branch. To the right of the word 'Roast' is a larger black line-art illustration of a leafy branch with several leaves.

The annual Pig Roast has long been a highlight of the academic year in the College of Agricultural Sciences and Natural Resources. Starting as an informal gathering of Texas Tech agriculture students some ninety one years ago, it has become a traditional event at which the College of Agricultural Sciences and Natural Resources, its students, faculty, and administration honor teams and individuals who have distinguished themselves and the University during the past year. Scholarship donors and recipients, as well as outstanding leaders in the field of agriculture, are also recognized and honored. This event also provides an opportunity to say Thank You to individuals and companies who have assisted in activities of the College. The Pig Roast is sponsored by the Student Agricultural Council of the College of Agricultural Sciences and Natural Resources.
