TTU School of Art (SoA) Graduate Student Travel Funding

The School of Art assists graduate students with partial funding for their research-related travel. No more than one travel grant from the School of Art will be made per student per 9-month academic year. Students must be enrolled during the term in which they intend to travel. The SoA Graduate Coordinators will review Graduate Student Travel Funding Applications three times a year. Therefore, it is essential that students plan ahead to request funding. If you receive funding, you are required to complete a brief report of your activities upon your return.

[Additional funding is available from the Graduate School](#) for graduate students who are presenting research papers (or creative work) at conferences. To apply for funding from the Graduate School, students must first apply for funding from their own departments. Therefore, this application is a first step in that process.

Directions:

1. Students should complete this form and submit it to their thesis advisors or (if a thesis advisor has not been determined) **the Graduate Coordinator in their area.**
