

COLLEGE OF **ARTS & SCIENCES**

TEXAS TECH

SHARED VALUES

INTEGRITY

Consistently model ethical behavior

- > Enact values-based decisions that positively impact others
- > Take responsibility, redress wrongs, and build relationships
- > Communicate with openness, honesty, and transparency
- > Demonstrate moral courage
- > Consider alternative perspectives and feedback

CARE AND UNDERSTANDING

Being aware, respectful, and considerate of others as individuals

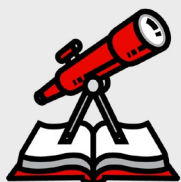

- > Cultivate a welcoming environment through empathy, compassion, and kindness
- > Support opportunities for personal growth through gratitude and humility
- > Demonstrate flexibility and adaptability
- > Assume good intent and respect the perspectives of others

COMMUNITY

Foster a connected and collaborative environment for a shared vision

- > Remove barriers and open pathways in support of multidisciplinary activities
- > Facilitate conversations, connections, and relationships across the college, campus, and beyond
- > Champion the value of an Arts & Sciences education
- > Respond to evolving needs of community stakeholders

CURIOSITY

Desire to learn more

- > Commit to self-reflection, open-mindedness, and critical thinking
- > Ask challenging questions that drive meaningful change
- > Fuel discovery, innovation, and creativity
- > Foster collaborative inquiry across disciplines
- > Cultivate life-long learners

GRIT

We never give up

- > Persevere in the face of challenges
- > Strive for continued growth
- > Work with discipline
- > Advocate for the well-being of individuals and community
- > Embrace risk and change
