PERSONAL ACADEMIC SUCCESS PLAN FOR ACADEMIC WARNING

STEP 4: Establish short term & long term goals.

Write your most important goals for your success at Texas Tech University in the spaces provided below.

Short Term Goal: During this semester, it is my goal to accomplish:

Long Term Goal: By the time I graduate, it is my goal to accomplish:

Use the **SMART** formula for achieving your goals.

Specific: Make your goal as specific as possible. Example: If you want to raise your GPA, set your goal for a specific number, such as “I will have a 2.5 cumulative GPA by the end of the fall/spring semester”.

Measurable: Your goal must be measurable. Example: If your goal is to study more, what does “more” mean? 1 hour a week, 2 hours a week? Make sure you can measure whether you achieved your goal or not.

Attainable: Set goals that you can achieve. Do the math. Can you actually achieve your goal? Example: Is it mathematically possible for you to achieve the cumulative GPA you want in one semester? If the answer is no, you need to re-evaluate.

Realistic: Be honest with yourself and know your abilities.

Timely: Establish a timeline for reaching your goal. Example: I can achieve my goal by the end of the spring/fall semester.

STEP 5: Develop your plan of action for goals in conjunction with your Academic Success Advisor.

During your first scheduled appointment, you will work with your Academic Success Advisor to:
