

Grant End Dates

Grant funds are multi-year funds that have specified begin and end dates that may differ from the University defined fiscal year dates. It is important to be aware of these dates as activity on these FOPs must occur within the grant specific timeframe.

Budget revisions and labor changes cannot be processed on a grant unless the date of the transaction is within the time frame in which the grant is active.

How to view grant end dates:

- FI106 Valid FOP Report
- FI071 Multi Year Funds Budget & Actual by Account Pool
- FI033 Grant Information Worksheet
- Budget revision system displays the grant end dates
