

### POSITION: Part-time Faculty Appointment, Industrial Engineering

#### The Opportunity

Texas Tech University-Costa Rica invites applications for several part-time faculty positions in Industrial Engineering, starting in Fall 2021. We seek candidates qualified to teach industrial engineering courses and labs in one or more of the following areas: advanced manufacturing systems; ergonomics; product safety; and additive manufacturing/3-D printing. Working in coordination with the Department of Industrial, Manufacturing, and Systems Engineering in Lubbock, Texas, as well as the academic leadership in Costa Rica, the successful candidate will contribute to Texas Tech-Costa Rica's mission by assisting in the delivery of our new bachelor's program in industrial engineering.

Successful candidates will be appointed as part-time instructors on the Texas Tech University-Costa Rica campus in Avenida Escazú, with simultaneous adjunct appointments at Texas Tech University Department of Industrial, Manufacturing, and Systems Engineering.

#### Responsibilities

- Teach 1-3 courses per year and participate in student learning assessment in those classes.
- Work closely with the Department of Industrial, Manufacturing, and Systems Engineering at Texas Tech University in Lubbock to assure Costa Rica students' attainment of desired learning outcomes.
- Contribute to the campus community, e.g., through community engagement, service, and executive education.

#### Qualifications

- Master's required in industrial, mechanical, or related engineering field (PhD preferred).
- A strong teaching record.
- Native or near-native competency in the English language.

#### Compensation

Salary commensurate with experience.

#### Texas Tech University-Costa Rica

Texas Tech University-Costa Rica offers six bachelor degree programs in STEM and management fields. Its campus, located in the lifestyle center of Avenida Escazú, is in proximity to the business and technology hub of 250 multinational companies located in the capital of San José. Texas Tech's local partner in building its Costa Rica campus is Edulink, a subsidiary of the Promérica Group, a conglomerate with operations across Latin America and the Caribbean.

Texas Tech University-Costa Rica is a satellite campus of Texas Tech University located in Lubbock, Texas. Its degree programs are accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). SACSCOC is a regional accreditation body for degree-granting higher education institutions in the United States.

### Equal Opportunity/Affirmative Action

As an Equal Employment Opportunity/Affirmative Action employer, Texas Tech University is dedicated to the goal of building a culturally diverse faculty committed to teaching and working in a multicultural environment. We actively encourage applications from all those who can contribute to the diversity and excellence of the academic community at Texas Tech University Costa Rica.

### Application:

Applications should include a letter of application (articulating the qualifications for the position, especially teaching experience and effectiveness), curriculum vitae, and a list of three references. To receive full consideration, send application materials to [facultysearch@edulinksa.com](mailto:facultysearch@edulinksa.com) no later than **July 1, 2021**.

For additional information on the position, contact Dean Jeff Belnap, Texas Tech University-Costa Rica ([jeffrey.belnap@ttu.edu](mailto:jeffrey.belnap@ttu.edu)).
