Individual Studies Approval Form for CS 4000

This form is for undergraduate computer science students to fill out in order that they might receive credit for upcoming research or individual studies with a Computer Science Faculty member. The experience **must** be done with a Computer Science Faculty member.

Instructions: Fill out this form as much as possible, then send it to the CS faculty member to request their approval and signature. After they have signed it, then you will forward it to your undergraduate CS advisor.
