## TX Solar Industry

In 2016, solar industry jobs in Texas increased by 34 percent. According to the Solar Foundation, 2,300 jobs were added in 2016 to bring Texas' state total to 9,396 jobs in the solar industry. Texas ranked third in the nation for the most solar capacity installed in the third quarter. Nationally, the solar industry in 2016 grew at a fast pace and was up 25% from 2015. Total, there are 260,000 employees working in the solar industry. [LEARN MORE](#)
