FI121A—Fund Balance Summary Report

This report is designed to assist Fund Managers in determining the amount of Fund Balance (also called carry forward) that is available to move from Fiscal Year 2020 to Fiscal Year 2021. Though this report shows a “Default Organization”, remember that it is to the discretion of the Fund Manager regarding which Organization will receive the Fund Balance.

The amount displayed in the last column “Uncommitted Balance” is the amount that is available to be rolled forward. These will not roll forward automatically, but requires that the Budget Revision System be used to move the Fund Balance forward.

This report is found in Cognos > Team Content> TTU Finance > Fund Balance Reports > FI121A
