Assigning Payroll Proxies

An Organization Manager (Org Mgr) determines/changes approval routing for Timesheets and Leave Reports for their employees.

- In TeamApp, the Org Mgr may assign up to 2 proxies to make these approvals and routing changes on behalf of the Org Mgr.
- Approval routing defines who will approve the Time and Leave forms before being forwarded to Payroll.
- The Org Mgr can view proxy assignments and remove proxies using the Proxy Report as needed.

The only duty of a Proxy is to change approval queues on behalf of the Org Mgr.

- The Proxy cannot approve timesheets or Leave Reports on behalf of the Org Mgr.
- The Proxy can change Approver assignments for the Org’s 2 levels and can change Approver assignments for the Employee’s 2 levels.
- The re-assignments occur immediately (not an overnight change) and are immediately viewable.
- To verify changes, the proxy can run ‘Approvers’ reports to view the results.

6. On the Confirm WTE/WLR Proxy page, verify the name and eRaider, then click Next.
