Assumption and Beliefs

2010-2011

Student affairs professionals share some assumptions and beliefs that shape their work. These assumptions and beliefs guide their responses to new issues, changing times, circumstances, and recurring events. The following list is not exhaustive, nor will all student affairs staff agree that each guides their work to the same degree; the higher education community is too diverse for that to be the case. Yet, these ideas have remained remarkably unchanged over time and have successfully applied to different collegiate settings.

No one of these assumptions and beliefs is unique to student affairs. Indeed, they are held by many others in higher education. It is the combination of these assumptions and beliefs that is distinctive. Together, they define the special contributions made by student affairs.

The Academic Mission of the Institution is Preeminent

Colleges and universities organize their primary activities around the academic experience: the curriculum, the library, the classroom, and the laboratory. The work of student affairs should not compete with, and cannot substitute for, that academic experience. As a partner in the educational enterprise, student affairs enhances and supports the academic mission.

Each Student is Unique

Students are individuals. No two come to college with the same expectations, abilities, life experiences, or motives. Therefore, students will not approach college with equal skill and sophistication, nor will they make equally good choices about the opportunities encountered there.

Each Person Has Worth and Dignity

It is imperative that students learn to recognize, understand, and celebrate human differences. Colleges can, and indeed must, help their students become open to the differences that surround them: race, religion, age, gender, culture, physical ability, language, nationality, sexual preference, and life style. These matters are learned best in collegiate settings that are rich with diversity, and they must be learned if the ideals of human worth and dignity are to be advanced.

Bigotry Cannot Be Tolerated

Any expression of hatred or prejudice is inconsistent with the purposes of higher education in a free society. So long as bigotry in any form exists in the larger society, it will be an issue on the college campus. There must be a commitment by the institution to create conditions where bigotry is forthrightly confronted.

Feelings Affect Thinking and Learning

Although students are in college to acquire knowledge through the use of their intellect, they feel as well as think. Students are whole persons. How they feel affects how well they think. While students are maturing intellectually, they are also developing physically, psychologically, socially, aesthetically, ethically, sexually, and spiritually. This is true regardless of age. Helping students understand and attend to these aspects of their lives can enhance their academic experiences.

Student Involvement Enhances Learning

Learning is not a passive process. Students learn most effectively when they are actively engaged with their work in the classroom and in student life.

Personal Circumstances Affect Learning

Physical disability, financial hardship, family circumstances, medical and psychological problems, and inadequate academic skills are examples of situations which often affect learning. Whenever possible, colleges and universities should assist students when such circumstances interfere with learning.

Out-of-Class Environments Affect Learning

Out-of-class social and physical environments are rarely neutral; they help or detract from students' social and intellectual development. Interactions between students and their environments shape attitudes, readiness to learn, and the quality of the college experience.

A Supportive and Friendly Community Life Helps Students Learn

A campus is usually a collection of small communities such as schools, departments, residences, teams, clubs, and service, religious, social, and peer groups. Healthy communities are settings where students learn to work together, make and keep friends, care about the welfare of others, balance freedom and responsibility, and appreciate human differences. Communities are of high quality when they encourage friendships, intimacy, and intelligent risk taking, and allow values to be freely shared and examined.

The Freedom to Doubt and Question Must be Guaranteed

Students need to be encouraged and free to explore ideas, test values and assumptions in experience, face dilemmas of doubt and perplexity, question their society, criticize and be criticized. Hence the doctrines of academic freedom and of free speech that are central to the classroom must extend to other areas of campus life. Colleges and universities must protect and encourage ideological exploration and avoid policies or practices that bind the inquiring minds and spirits of students, faculty, and staff.

Effective Citizenship Should be Taught

A democracy requires the informed involvement of citizens. Citizenship is complex; thus, students benefit from a practical as well as an academic understanding of civic responsibilities. Active participation in institutional governance, community service, and collective management of their own affairs contributes significantly to students' understanding and appreciation of civic responsibilities.

Students are Responsible for Their Own Lives

Students learn responsibility when they bear the consequences of their actions and inactions in an environment marked by caring and support.

A. General Policy

A university, like any community, must have regulations and/or standards by which its members abide and procedures by which its organization functions. The standards should provide order and an atmosphere conducive to intellectual and personal development. This Student Handbook and the *Code of Student Conduct* contained within are intended to serve these purposes in the interest of all segments of Texas Tech University.

The university has a responsibility to maintain order within the university community and to discipline those who violate its standards, rules, and/or policies. Enrollment requires students to share this responsibility. Students agree to abide by the standards, rules and/or policies set forth in this Student Handbook, the Undergraduate Catalog, and other official university publications as well as the *Texas Education Code*. Student organizations also agree to follow all these standards, rules, and/or policies. The university or its representative may amend this document at anytime without notice. (See updates at www.deanofstudents.ttu.edu)

B. Disciplinary Authority

The authority to enact and enforce regulations of the university is vested in the Board of Regents. The responsibility for enforcing the regulations and imposing penalties is delegated to the Chancellor and/or President of the university and any university officials the President designates. The Office of the Senior Vice President for Enrollment Management & Student Affairs is the principal agency for the administration of student discipline and the Student Judicial Programs office shall implement the student discipline procedures. All references to the Chancellor and/or President of the university, the Senior Vice President for Enrollment Management & Student Affairs, Associate Vice President for Student Affairs & Dean of Students or the Director of the Student Judicial Programs shall be interpreted to include persons designated to act on behalf of these officials.

C. Policy on Nondiscrimination

1. The university brings together, in common pursuit of its educational goals, persons of many backgrounds and experiences. The university is committed to the principle that in no aspect of its programs shall there be differences in the treatment of persons because of race, color, religion, national origin, age, sex, physical or mental disability, or Vietnam era or special disabled veteran status and the equal opportunity and access to facilities shall be available to all.
2. Nondiscrimination is observed in the admission, housing, and education of students and in policies governing discipline, extracurricular life, and activities.
3. In addition, in accordance with OP 10.12, no person shall be subject to discrimination on the basis of sexual orientation.

D. University Name, Documents, and Records

The use by any person or organization of the university's name in connection with any program or activity, without the prior written permission of the Office of the Vice Chancellor for Institutional Advancement, or any unauthorized use of university documents, records or seal is prohibited.

E. Schools of Law, Medicine, Nursing and Allied Health

1. Students enrolled in, and student organizations registered with, the Texas Tech University School of Law are subject to the University *Code of Student Conduct*, in all matters not covered in the Honor Code of the School of Law. Questions concerning the respective jurisdiction of the *Code of Student Conduct* and the Honor Code of the School of Law will be resolved by the Senior Vice President for Enrollment Management & Student Affairs and the Dean of the School of Law.
2. Students enrolled in the Schools of Medicine, Allied Health Sciences, Nursing, Pharmacy, Graduate School of Biomedical Sciences, and organizations registered with the Texas Tech University Health Sciences Center are subject to the TTUHSC Student Handbook/Code of Professional and Academic Conduct, www.ttuhsc.edu/student-services.

PART II

Rights and Responsibilities of Students in the Academic Community

A. Citizenship

As members of the academic community, university students enjoy the privileges and share the obligations of the larger community of which the university is a part. Students are entitled to the privileges which accrue to them by virtue of this membership. These privileges carry with them the obligations of responsible citizenship. Students shall conform to university regulations. Students should recognize that citizenship also includes contributing deliberately to strengthening the educational community, improving learning for themselves and their classmates, and promoting excellence within the above context. Freedom of discussion, inquiry, and expression is protected and nurtured in the classroom as the safeguard of the freedom to learn. Students are expected to exercise their freedom to learn in a manner consistent with the maintenance of good order. Responsibility for good order in the classroom is vested in the instructor and responsibility for maintaining order elsewhere is set forth in the *Code of Student Conduct* and is vested with members of the university community.

B. Academic Integrity

It is the aim of the faculty of Texas Tech University to foster a spirit of complete honesty and high standard of integrity. The attempt of students to present as their own any work not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offenders liable to serious consequences, possibly suspension.

1. Instructor Responsibilities

The instructor in a course is responsible for initiating action in each case of dishonesty or plagiarism that occurs in that class. In cases of convincing evidence of or admitted academic dishonesty or plagiarism, an instructor should take appropriate action as described below. Before taking such action, however, the instructor should attempt to discuss the matter with the student. If cheating is suspected on a final exam, the instructor should submit a grade X until a reasonable attempt can be made to contact the student, preferably within one month after the end of the semester.

2. Instructor Sanctions

When a faculty member determines, according to the Student

Handbook, that academic dishonesty has occurred and assigns a grade of F for a course, the grade of F will stand as a final grade, notwithstanding a subsequent withdrawal from the course by the student. A faculty member shall notify the registrar of the intention to assign a grade of F for the course, in addition to notifications of the department chairperson and the student’s academic dean. The student will have the right to appeal the receipt of a failing grade in a course through the established grade appeal procedure, as outlined in OP 34.03. Student Grade Appeals. The student may not appeal a failing grade given for a class assignment.

3. Repeated Academic Misconduct

In cases of repeated violations, either the instructor (through his or her department chair and/or academic dean) or the academic dean may refer the case to the Director of Student Judicial Programs for further disciplinary proceeding.

4. Referrals to Student Judicial Programs

A student referred to the Director of Student Judicial Programs for alleged violations of academic misconduct is entitled to all substantive and procedural guarantees provided in the *Code of Student Conduct*. Law students are subject to discipline procedures as described in the Honor Code of the School of Law

5. Disposition by the Director of Student Judicial Programs

A written report of any disciplinary action taken by the Director of Student Judicial Programs will be sent to the appropriate academic dean and to the student.

Note: Student Judicial Programs serves as a clearinghouse of Academic Integrity violations. Please direct all referrals for Academic Integrity violations to Student Judicial Programs, through the respective department chairperson and academic dean.

C. Disruption, Obstruction, and Personal Safety at University Activities or Functions

University officials have the responsibility for maintaining law and order on university-owned or university-controlled property and at university-sponsored events. Examples of actions for which disciplinary action may be taken under the provisions of the Code of Student Conduct include, but are not limited to:

1. Disruption or obstruction of teaching, research, administration, meetings or any activity on university premises (reference Part VII and Part IX of the Student Handbook).
2. The obstruction of access to, or egress from, any university-owned or university-controlled facility.
3. Conduct that threatens the safety of any individual or group.

D. Affiliation

The Student Government Association is the official organization representing students. Students may identify with off-campus programs and activities as individuals, but not as representatives of the university.

E. Student Media

The Daily Toreador student newspaper and La Ventana yearbook are free of arbitrary and capricious censorship and advance copy approval. They are expected to be operated and published within the canons of responsible journalism and policies as established by the university Student Media Committee and the Department of Student Media.

F. Student Identification

1. The student identification card is the property of the university.
Furthermore:
 - a. Students shall not allow their student identification to be used by other persons.
 - b. Students shall not alter their student identification in any way.
2. On request, students must present their student identification to any member of the university faculty, staff, administration, or police.
3. A student must pay a replacement charge for lost, stolen or damaged student identification cards.

G. Solicitation and Advertisement

Solicitation and sales on university premises or in university-owned or university-controlled buildings are prohibited without prior written approval from the Outdoor Events Coordinating Committee. The distribution of advertising leaflets or handbills or the use of sound trucks and equipment to promote sales on university premises is also prohibited without prior written approval from the Outdoor Events Coordinating Committee. The solicitation and sales policy is set forth in Part VIII of the Student Handbook.

H. Financial Responsibility

Students must meet all financial responsibilities due to the university. The writing of checks on accounts with insufficient funds, the nonpayment or delinquent payment of outstanding loans, and failure to meet any other financial obligations to the university are considered a lack of financial responsibility. Financial irresponsibility can subject the student to additional fees, fines, suspension of check writing and cashing privileges, denial of registration, withholding of grades and transcripts, and possible adjudication under the *Code of Student Conduct*. Generally, failure to meet financial obligations to the university may result in:

1. Cancellation of the student's registration if tuition and registration fees are not paid by the dates provided by Student Business Services or if a returned check given in payment of tuition and fees is not redeemed by that time.
2. Possible criminal prosecution for writing insufficient fund checks and for failure to pick up a returned check.
3. A hold preventing future registration placed on a student's academic records.
4. A hold on the sending of official university transcripts until the obligation is paid.

Students should understand that consequences may result from not resolving one's financial obligations to the university. The university may report individual student financial problems to a credit agency or a collection agent. Before registering or requesting a transcript, students may check on the presence of holds by accessing their records at www.raiderlink.ttu.edu under their MYTECH Account.

I. Religious Holy Day Absences

According to the 2009-2010 University Catalog, regarding notification to faculty, a student may be excused from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused for this purpose may not be penalized for that absence and shall be

allowed to take an examination or complete an assignment from which the student is excused. According to OP 34.19, a student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence.

J. Class Attendance

OP 34.04, Academic Regulations Concerning Student Performance, and the University Catalog provide complete information regarding class attendance and reporting student illness and emergencies. Responsibility for class attendance rests with the student. The instructor determines the effect of absences on grades, consistent with university policy, for excused and unexcused absences. In case of an illness that will require absence from class for more than one week, the student should notify his/her academic dean. In case of absences because of a brief illness, the student should inform the instructor directly.

K. Student Absence due to Sponsorship of Student Activities and Off-Campus Trips

According to the University Catalog, faculty, department chairpersons, directors, or others responsible for a student representing the university on officially approved trips should notify the student's instructors of the departure and return schedules in advance of the trip. The instructor so notified must not penalize the student, although the student is responsible for material missed. Students absent because of university business must be given the same privileges as other students (e.g., if other students are given the choice of dropping one of four tests, then students with excused absences must be given the same privilege).

According to OP 34.06, students will be responsible for making their own individual arrangements with instructors for class work missed while participating in an off-campus trip.

L. Withdrawals from the University

1. Voluntary Withdrawal from the University

According to the Undergraduate/Graduate Catalog, students who find it necessary to withdraw from the University before the end of a semester or summer term must apply to the Office of the Registrar, West Hall. Students under the age of 18 should first consult their parents and secure from them a written statement that they have permission to withdraw. Although a W will be recorded for all classes that semester or term, these W's will not be counted as one of the six permitted drops. International students must receive clearance from the director of International Programs as a part of the withdrawal procedure. Withdrawal and reenrollment procedures vary for School of Law students. Students enrolled in the School of Law and seeking withdrawal information should contact the Associate Dean for Student Affairs at the School of Law for assistance.

Students considering withdrawal for medical reasons may contact the Center for Campus Life to discuss additional university resources and services.

If a student receives financial aid or is living in TTU student housing, he or she must first contact those offices before the withdrawal will be processed. If a registration hold exists on the student's record, it must be cleared before the withdrawal. To check your student record for registration holds, log on to MyTech at www.raiderlink.ttu.edu.

edu. Beginning Fall 2005, students who withdraw from the university the 13th class day (fall/spring) and 5th class day (summer) through the last day to withdraw will receive a grade of “W” for all enrolled courses.

2. Refunds

The Undergraduate/Graduate Catalog indicates that students withdrawing to zero hours at their request or those who have been withdrawn due to university action may be eligible to receive a refund of paid tuition and fees. A tuition and fee refund schedule is listed in the Undergraduate/Graduate Catalog and at <http://www.depts.ttu.edu/registrar/>.

3. Returning to the University after a Voluntary Withdrawal

Application materials and deadlines for former Texas Tech students are available at www.gototexastech.com. Official transcripts from all institutions attended subsequent to Texas Tech enrollment must be submitted by the application deadline. Students who left in good standing must have a 2.0 GPA on work taken since leaving Texas Tech. Please visit the following for more information: <http://www.depts.ttu.edu/formertech/>

4. Involuntary Withdrawals

Texas Tech University seeks to balance the rights of individual students with the rights of the community. In order to maintain the safety of both, some behaviors require consultation among a network of campus professionals to determine the appropriate course of action to address the behavior.

a. General Procedure

When a student poses a direct threat to the health or safety of the student or others, and the direct threat cannot be eliminated or reduced to an acceptable level through the provision of reasonable accommodations where required, a student may be involuntarily withdrawn from the University.

b. Notice

Notice regarding students who may be direct threats (both self-reports and third-party reports) should be made to the Dean of Students or designee.

1. A “direct threat” means
 - i. There is a high probability (not just a slightly increased, speculative, or remote risk)
 - ii. of substantial harm
 - iii. based on observation of a student’s conduct, actions, and statements.
2. The Dean of Students will review the information presented in the notice, including what attempts, if any, have been made to reduce or eliminate the direct threat, such as the student’s voluntary compliance with medical or counseling assistance.
3. The Dean of Students will notify the student of the concern.
4. The Dean of Students will request a meeting with the student to inform the student that an individualized, objective assessment will be scheduled within five business days in order to determine whether the student poses a direct threat to him/herself or others. The meeting may include, but is not limited to discussion of:
 - i. Involvement of parents or significant others;
 - ii. Academic progress;
 - iii. Living arrangements;

- iv. Previously granted accommodations;
- v. Confidentiality waivers;
- vi. Other possible accommodations, care and support resources including medical or counseling assistance; and
- vii. Withdrawal implications such as financial aid, health insurance, visas, and academic timelines.

5. If the student does not respond to the request for a meeting or does not attend the meeting, written notice of the pending assessment will be sent via certified mail to the student’s last known official, local address as provided by the student to the Registrar’s Office and/or electronically to the student’s University email account.

c. Temporary Suspensions

During the involuntary withdrawal process, if the Dean of Students determines that an immediate direct threat exists to the student or others, the student may be temporarily suspended pending a final decision on the involuntary withdrawal as long as the student has received notice of the concern, and had an opportunity to address the concern, and the student is afforded a hearing and right to appeal the final decision. During a temporary suspension, the student may not attend classes, use University services and/or resources (except those expressly permitted by the Dean of Students), and may not be on campus until the proceedings have been resolved. If the student needs to return to campus, the visit must be coordinated through the Dean of Students office and the Texas Tech Police Department.

d. Involuntary Withdrawal Assessment

1. An individualized, objective assessment will be completed to determine whether a direct threat exists, and if so, whether the student should be permitted to remain enrolled at the University.
2. The assessment will be based on reasonable medical judgment, using current medical knowledge, or the best available objective information, to assess the student’s ability to safely participate in the University’s programs. The assessment will be in the form of a written report containing the findings and recommendations of the medical and other professionals performing the assessment.
3. Within five university working days from the initial meeting with the student or five university working days from the date of notice regarding the meeting, the student will be scheduled for an assessment with a medical doctor, a licensed counseling or clinical psychologist, and other professionals as appropriate. If applicable, this assessment would include a psychiatrist from Student Health Services and a psychologist from the Student Counseling Center.
4. The student may provide information from other medical professionals as part of the assessment.
5. If a student elects not to participate in this assessment, the process will continue with the information that is otherwise available to consider.
6. The assessment will determine:
 - a. The nature, duration, and severity of the risk;
 - b. The probability that the potentially threatening injury will actually occur; and
 - c. Whether reasonable modifications of policies, practices, or procedures will sufficiently mitigate the risk.

e. Involuntary Withdrawal Committee

1. The assessment report will be forwarded to the Involuntary Withdrawal Committee for review.

2. The Involuntary Withdrawal Committee is comprised of the following voting members: the student's Associate Academic Dean, Director of the Student Counseling Center, Medical Director of Student Health Services, Director of Student Disability Services, and an Associate Vice President for Student Affairs. If the student resides in campus housing, the Director of Student Housing will also serve as a voting member of the committee. The Associate Vice President for Student Affairs will chair the committee. A non-voting resource person will be assigned from the Dean of Students Office to present information and assist the committee. If one of the committee members is unable to attend either in person or via telephone, the member may assign a designee. The Dean of Students does not attend the committee proceedings. The Involuntary University Withdrawal Committee will meet with the student in an informal, non-adversarial hearing to review the information collected throughout the process, and discuss the assessment with the student. The student will be permitted an opportunity to address the evidence being considered by the Involuntary Withdrawal Committee.
3. The hearing will be scheduled by the Dean of Students Office within five (5) university working days of the completion of the individualized assessment. The student will be provided the information to be considered at the hearing by the Dean of Students Office in advance of the hearing. The student may elect to attend the Involuntary Withdrawal Committee hearing and present information on his or her behalf. The student may be accompanied by one or more advisors. The non-voting resource person assigned by the Dean of Students Office will present information and act as a recorder for the committee. When deliberating a decision, the Involuntary Withdrawal Committee will meet in closed session with only voting members and the resource person present.
4. Following the hearing, the Involuntary Withdrawal Committee will recommend to the Dean of Students, in writing, one of the following:
 - i. the student may remain enrolled at the University with no restrictions;
 - ii. the student may remain enrolled at the University subject to specific conditions and/or restrictions as defined by the Involuntary Withdrawal Committee; or
 - iii. the student should be involuntarily withdrawn from the University upon a specific date.
- f. *Review of Committee Recommendation*
Upon receipt of the Involuntary Withdrawal Committee's recommendations, the Dean of Students will notify the student in writing of the decision within five university working days.
- g. *Appeals Process*
The student may appeal the decision of the Dean of Students by submitting a written appeal to the Senior Vice President for Enrollment Management & Student Affairs within five university working days. The student will be notified in writing of the final decision within five university working days of receipt of the appeal.
- h. *Final Decision*
Upon completion of the appeal process or with no receipt of an appeal, the student who is involuntarily withdrawn may not

attend class or use University facilities, must vacate University housing within 48 hours and may not return to campus unless approved by the Dean of Students. Referrals will be made for the student upon request to appropriate community resources, i.e. medical care and housing. The student may be entitled to refunds of tuition, fees, and room and board charges as a result of involuntary withdrawal. A registration hold will be placed on the student's record, limiting any subsequent registration until approval is given by the Dean of Students.

i. *Eligibility for Readmission*

Students are eligible for consideration of readmission following an involuntary withdrawal after one calendar year. At that time, the student should present documentation to the Dean of Students for review. Documentation may include, but it is not limited to, current psychological evaluation, demonstration of ongoing medical care, and a plan for care upon reenrollment. The documentation shall be presented to the Involuntary Withdrawal Committee for recommendation to the Dean of Students. Readmission requests and documentation must be presented by February 1 for summer enrollment, May 1 for fall enrollment, and October 1 for spring enrollment. Readmission will be contingent upon demonstration or documentation that the student is no longer a direct threat, and upon meeting admission deadlines and requirements.

PART III

Housing Requirements

The Texas Tech residence hall system includes a variety of living options and provides convenient and affordable housing for approximately 6,500 students. Special interest housing (Honors, Intensive Study, Collegiate Recovery, Freshman Interest Groups, and Learning Communities) provides students with the opportunity to live with others of similar interests. Carpenter/Wells Complex, which is arranged in three-bedroom townhouses or four-bedroom flats, offers private bedrooms in an apartment setting. Murray Hall offers suite-style accommodations. Most suites include four private bedrooms, a common living area, and shared bathrooms. Priority for assignment to Carpenter/Wells Complex and Murray Hall will be given to students of sophomore or above classification. Gordon Hall, a suite-style residence, is designated as the Honors College residence hall. Ethernet computer connections are provided in each room. Other services include basic cable television service, coin-operated laundry and vending machines, and desk services.

An experienced and trained staff of Residence Life Coordinators and Community Advisors manages each residence hall. Residence hall offices provide assistance to residents with concerns, including maintenance requests, room and roommate assignments, and resource information.

The interests of students living on campus are promoted through the Residence Halls Association and individual hall governments. Each hall government sponsors social, cultural, educational, and recreational activities.

A. Residency Policy

In support of the Strategic Plan of Texas Tech University, the university requires all students having fewer than 30 hours of academic credit (not including credit by exam or dual credit) prior to the semester of enrollment, to live in the university residence halls. Institutional research suggests that students who live on campus are significantly more inclined

to remain in college and achieve higher GPAs in comparison to students living off campus. The residency requirements applies to all students registered for six or more credit hours (three or more credit hours during a summer session). Compliance with the university housing policy is a condition of enrollment, as set forth in the Student Handbook and the undergraduate/graduate catalog and approved by the Board of Regents. Registration for classes may be delayed pending verification of compliance with the university housing policy. All newly admitted students must either apply for on-campus housing or complete a request for exemption to the residence hall policy.

B. Residency Exemption

Requests for exemptions from the on-campus housing requirement must be submitted to the office of University Student Housing no later than May 1 for fall or summer enrollment and November 1 for spring enrollment. Because of unforeseen changes in a student's circumstances such as illness or other personal reasons, some petitions are considered after the above dates. Unless it is clearly established that illness or personal reasons were not known prior to the above dates and necessitate a student's living off campus, students should not expect to be relieved of their residence hall contract. Students are encouraged to discuss such developments with the office of University Student Housing in Doak Hall. Subject to verification and authorization by University Student Housing, students who meet one or more of the following criteria may be given permission to live off campus:

1. A student is residing and continues to reside in the established primary residence of her/his parents (or legal guardian) if it is within a 60-mile radius of Texas Tech University. The parents must have established their primary Lubbock-area residency at least six months prior to the request for an exemption. In order for the exemption request to be considered, legal guardianship must have been established by a court of law at least one year prior to the request.
2. A student presents sufficient evidence of an extreme financial hardship condition based on guidelines similar to those required for financial aid.
3. A student is married or has dependent children living with the student.
4. A student is 21 years of age or over on or before the first day of classes of the initial semester of enrollment.
5. A student has successfully completed 30 or more semester hours of academic credit prior to the student's enrollment or re-enrollment. Credit earned by exam (Advanced Placement, CLEP, ACT, and SAT) and hours received from concurrent high school credit are not considered.
6. A student is awarded a university scholarship/sponsorship that is managed by a university department or college and includes the equivalence of the current academic school year's room, dining plan, tuition, fees, and textbooks (as estimated by the Student Financial Aid Office). Upon prior approval from the managing department or college, the student may request to be exempted from living on campus. The managing department or college must provide verification in writing to University Student Housing prior to the student's enrollment and/or re-enrollment to the university.
7. A student is enrolled in the Graduate School or Law School.
8. A student has served in active military service, as verified by a discharge certificate (DD214).
9. A student presents sufficient evidence of an extreme medical

condition, as documented by his/her treating physician for which on-campus accommodations cannot be made.

In conjunction with the university's support of academic integrity, evidence of deliberate falsification of information, data, or any materials submitted, or providing false or erroneous information in connection with an application for exemption from the on-campus housing residency requirement will be grounds for disciplinary action. Such action may include, but is not limited to, revocation of a previously approved exemption, restitution of up to a semester's room and dining plan fees, or probation, as determined by Student Judicial Programs and in accordance with the *Code of Student Conduct* at Texas Tech University.

C. Residence Hall Contract Releases

Students sign a Residence Hall Contract for the summer session, the academic year (fall and spring semesters), or 12 months (fall, spring and both summer sessions). Any student wishing to move from the residence halls should consult the Residence Hall Contract for the provisions applicable to cancellation of the contract. Authorization for exemption from the residency requirement does not relieve the student of contractual obligations that may have been assumed with the university for housing in the residence halls.

PART IV

Student Records

A. General Policy

Policies and procedures concerning student records are based on respect for the privacy of the individual. To minimize the risk of improper disclosure, academic records are maintained separately from disciplinary records. (During the time of disciplinary suspension or expulsion, the notice is placed in the student's permanent file.) The conditions for access to each are set forth in the Student Handbook and complies with federal and state statutes and with registered student organization guidelines. The procedures set forth below apply to all persons formerly or currently enrolled at Texas Tech University.

B. Address of Record

Students must maintain an accurate permanent address with the Office of the Registrar. The address is used for official notifications including billing and notification of official university requirements. Students should maintain a current local address and telephone number that is used by university officials, and/or student organizations and the campus community.

C. Student Access to Educational Records

All current and former students of the university have the right to access their educational records as provided by law.

1. Students may obtain copies of records relating to themselves at their expense. The reproduction charge shall not exceed the actual cost to the university.
2. The university will respond to all requests for explanations and interpretations of records or information, if the response does not violate the Family Educational Rights and Privacy Act of 1974, as amended.
3. A student may waive the right of access to confidential letters of recommendation in the areas of admissions, job placement and receipt

of awards. A student seeking employment through the University Career Services may sign a waiver.

4. Personally identifiable information such as rank in class, personal conduct, grade point average, academic progress, etc., shall not be released to non-authorized personnel without the written consent of the student.

D. Records Not Accessible to Students

The following are records not accessible to students:

1. Instructional, supervisory, and administrative personnel records and the student's educational personnel records in the sole possession of the author and not revealed to any person other than a substitute (i.e. grade books, notes of observation and notes for recollection purposes).
2. Employment records of a university employee who is not a student.
3. Medical records are maintained for students visiting Student Health Services. Information contained in the medical record is completely confidential and will not be released to another person or institution without written permission from the student, unless otherwise authorized by law. Medical records are kept on file indefinitely at the Student Wellness Center at the corner of Main and Flint, Lubbock, Texas 79430. Students needing to request a copy of their medical records may contact Student Health Services at (806) 743-2860. While not considered "education" records under the Family Educational Rights and Privacy Act of 1974, as amended, the mentioned statute still allows the patient, in most instances, access to his/her records. The general rule of confidentiality contains an exception when the patient or someone authorized to act on his/her behalf submits a written consent. Consent must be in writing and signed by the patient (or a parent or legal guardian if the patient is a minor). A physician shall furnish copies of medical records requested in accordance with the consent provided, except if the physician determines that access to the information would be harmful to the physical, mental or emotional health of the patient.
4. Medical and/or psychological information submitted to Student Disability Services for the purpose of determining eligibility and services are not releasable. Students may obtain the original information from the source.

E. Authorized Non-student Access to Student Records

Educational records (or personally identifiable information within a record) may be released without the written consent of the students to:

1. Officials, faculty and staff employed by the university if they have a legitimate educational interest.
2. Officials of other educational institutions in which the student intends to enroll or seeks to enroll if the student is notified of what is being released and given a copy if desired.
3. Authorized representatives of the Comptroller General of the United States, the Secretary of Education and administrative heads of educational agencies or state educational authorities.
4. Individuals needing this information in connection with a student application for, or receipt of, financial aid.
5. Federal, state and local officials to whom laws (in effect on or before November 19, 1984) require information to be reported.
6. Organizations such as Educational Testing Service administering predictive tests, student aid programs, and improving instruction. The organizations must not show the personally identifiable information to outsiders and the information must be destroyed when no longer

needed for audit, evaluation or compliance with federal requirements.

7. Accrediting organizations.
8. Parents who certify a student is carried as a dependent for federal income tax purposes. This certification must be ascertained by the university office concerned.
9. Appropriate persons, if necessary, to protect the health or safety of the student or other persons.
10. Individuals requiring such information by means of a judicial order or any lawfully issued subpoena, on condition that the student may be notified by the university of all such orders and subpoenas in advance of compliance.

F. Students' Rights to Challenge Records

Students have the right to challenge records and information directly relating to them. This section does not include procedures for students challenging individual grades. Grade appeal procedures are described in the Student Handbook, Part V, Section A. The challenge is limited to inaccurate, misleading or otherwise inappropriate records and information. The procedures set forth below shall be followed for an appropriate challenge.

1. Any student wishing to challenge records or information directly relating to him or her must notify the individual responsible for maintaining the records. The notice must be in writing and specifically identify the item challenged and the basis for the custodian of the challenged records.
2. All initial meetings will be informal and participants will include: the custodian of the challenged records or information, the student and the author (if appropriate) of the material.
3. If any of the participants (record custodian, student or author) are not satisfied with the results of the informal meeting, a formal hearing will be conducted under the following procedures:
 - a. The hearing will be conducted within seven university working days following the request for the hearing.
 - b. The hearing will be conducted by an institutional official or other party who does not have direct interest in the outcome of the hearing appointed by the Senior Vice President for Enrollment Management & Student Affairs.
 - c. The student may present evidence relevant to the content of the educational records to demonstrate how they are inaccurate, misleading or otherwise inappropriate data contained in the records and for insertion into the records a written explanation by the student requesting the content of the challenged records.
 - d. A written decision must be delivered in writing to all interested parties within seven university working days after the conclusion of the hearing.

G. Release of Student Directory Information

The following student information is considered Texas Tech University Directory Information:

- a. Student Name
- b. Permanent and Local Addresses
- c. Telephone Numbers
- d. Date and Place of Birth
- e. Classification
- f. Major Field of Study
- g. Dates of Attendance
- h. Degrees, Awards, and Honors Received
- i. Specific Enrollment Status

1. Full-time, Part-time, Half-time
2. Undergraduate, Graduate, Law
- j. Participation in Officially Recognized Sports and Activities

This information will be released by various campus offices periodically, or on request, unless the student stipulates that directory information (as defined above) be withheld. Students may request that directory information be withheld in writing in West Hall, room 103, or by restricting personal directory information at www.Raiderlink.ttu.edu on the MyTech account. Students should select the Directory Profile link located under Personal Information and uncheck the box next to their name.

The publication known as the Texas Tech Campus Directory is one type of printed periodical containing data classified as “directory information”. To restrict directory information from appearing in the printed directory, students must go to Raiderlink and restrict directory information **prior** to the 12th class day in the fall term. Restricted directory information will remain restricted until the students unrestricts the information.

H. Destruction of Records

The university constantly reviews the “educational records” it maintains and periodically destroys certain records. The university will not destroy records if prohibited by state or federal law. The student’s basic scholastic record is kept and maintained permanently in the Office of the Registrar. Disciplinary records are maintained for at least seven years in the Student Judicial Programs office. Student Disability Services records are maintained for three years after the last date of enrollment.

I. Letters of Recommendation

1. Students may review recommendations used in application for employment or for admission to any educational agency or institution, or information concerning honors awarded, except when the student waives, in writing, the privilege of examination.
2. Appropriate forms are available in the University Career Services for students using this service for future employment purposes. These forms are designed to provide the student with several options concerning the use and confidentiality of future letters of reference and recommendation.
3. Under the Family Educational Rights and Privacy Act 1974, as amended, the student does not have access to confidential letters and statements of recommendation which were placed in the educational records before January 1, 1975, if the letters or statements are used for purposes for which they were specifically intended.

J. Medical Records

Medical records are maintained for students seen by a Student Health Services provider. Information contained in the medical record is completely confidential and will not be released to another person or institution without written permission of the student unless otherwise authorized by law. Students needing to request a copy of their medical records may contact Student Health Services at (806) 743-2860.

PART V

Student Grievance Procedures

A. General Grievance Policy

Prior to filing a formal grievance, students are encouraged to attempt to resolve the concern directly with the individuals involved or informally with the assistance of the Ombuds for Students. Students will find that

most situations can be effectively addressed in this manner. In general, students wishing to review the action of an individual or department should direct their questions to the persons responsible for the individual or department. Procedures for handling specific concerns are outlined below.

1. *Personal Records*

Guidelines governing student access to personal records and the procedures for challenging information in these records are contained in the student records policy that is detailed in the Student Handbook Part IV.

2. *Disciplinary Action*

The university disciplinary appeals process is outlined in the Student Handbook Part IX, Section E. Procedures relating to the School of Law are contained in the Honor Code of the School of Law. Procedures relating to the School of Medicine, School of Nursing and the School of Allied Health are contained in the School of Medicine Student Handbooks, School of Nursing Student Handbook, and the School of Allied Health Student Handbooks.

3. *Employment*

A student wishing to pursue a grievance concerning employment with the university and who has not found satisfaction or resolution with his or her immediate supervisor or the person in charge of that department may contact the Office of Equal Employment Opportunity in accordance with the grievance procedures outlined in the university Operating Policy 70.10.

4. *Grades*

The instructor assigned to a course has the responsibility for determining a grade and for judging the quality of academic performance. A grade can be formally appealed only when there is demonstrable evidence that prejudice, arbitrary or capricious action on the part of the instructor has influenced the grade. The burden of proof that such an unfair influence has affected a grade rests with the student who appeals the grade. The complete student grade appeal policy and procedure is listed in Texas Tech University Operating Policy 34.03. A copy of the grade appeal procedures may be obtained from any academic college dean’s office or from the Office of the Provost. Also, refer to the Student Handbook Part II, Section B, Academic Integrity.

5. *Students with Disabilities*

Students with grievances related to discrimination on the basis of a disability may contact the Associate Vice President for Student Affairs & External Relations. Students with concerns which arise out of their employment with the university should refer to No. 3 on Employment. Any student seeking remedy on the basis of disability must register as a disabled student with Student Disability Services and must provide all required documentation of disability.

6. *Race, Religion, National Origin, Age Discrimination*

Grievances related to discrimination on the basis of race, religion, national origin, or age should be pursued through regular administrative channels. Academic matters are to be handled in the academic administrative structure culminating in review by the Provost. Nonacademic student matters should be directed to the Associate Vice President for Student Affairs & Dean of Students and be reviewed in conjunction with the Vice President for Institutional Diversity & Community Engagement.

7. *Sex Discrimination*

Discrimination on the basis of sex in student programs and activities

or employment, is prohibited under Title IX of the Higher Education Amendment of 1972, Title VII of the Civil Rights Act and the Texas Human Rights Act. Complaints concerning the violation of these acts should be directed to the Associate Vice President for Student Affairs & Dean of Students and be reviewed in conjunction with the Managing Director of the Office of Equal Employment Opportunity (EEO).

8. *Sexual Harassment*

Student concerns about sexual harassment which include faculty, staff or students should be directed to the Associate Vice President for Student Affairs & Dean of Students office, and reviewed in conjunction with the Managing Director of Equal Employment Opportunity (EEO) in accordance with university Operating Policy 10.09 regarding sexual harassment. Also, refer to the Student Handbook Part IX, Section B, 7d.

9. *Traffic and Parking Citations*

Students may appeal a campus parking citation in writing either online at www.parking.ttu.edu, by email at parking@ttu.edu, or by US Mail to 2903 4th Street, Room 145; Lubbock TX 79410. University Parking Services regulations and a description of the three-tiered appeals process as described in the Traffic and Parking Rules and Regulations available online or in person at the University Parking Services.

10. *Graduate School Requirements*

Graduate students may address specific grievances arising from matters affecting academic standing and performance, other than admission to the Graduate School (see OP 64.01) and allegations of academic dishonesty (see the Code of Student Conduct). Such matters include, but are not limited to, disputes concerning comprehensive and qualifying examinations, theses and dissertations, academic probation and suspension, and graduate assistantships. See OP 64.07 for more information. Appeals of course grades are made through the dean of the college in which the course is offered and are, therefore, excluded from consideration under OP 64.07; see OP 34.03.

B. General Grievance Procedures

A general procedure for a grievance filed in the Associate Vice President for Student Affairs & Dean of Students shall be as noted below. The general procedures set forth do not apply to applicants for employment or applicants for admission to the university.

1. Any student wishing to file a grievance based on discrimination shall notify the Associate Vice President for Student Affairs & Dean of Students of that complaint in writing.
 - a. The written notice should state specifically in what way the student was discriminated against, by whom and on what date or dates, giving the name address and telephone number of the student and, if possible, of any other persons allegedly involved either as witnesses or participants. The student should also state specifically what remedy the student seeks.
 - b. The written grievance must be signed by the student, hereinafter referred to as the complainant, and filed within 30 university working days of the alleged discrimination. Determination as to whether complaints filed after this deadline will be considered is done on a case-by-case basis.
2. The appointed staff member in the Office of the Associate Vice President for Student Affairs & Dean of Students follows the requirements of due process consistent with these procedures. In any complaint proceeding, all parties shall have the right to:

- a. Be notified of the alleged discrimination, specific acts involved and remedy sought.
 - b. Know the source of the complaint.
 - c. Be accompanied by an advisor for advisory purposes only at any proceeding.
3. An investigation, as may be appropriate, shall follow the filing of a grievance. In most instances, the investigation shall be conducted by a staff member in the Office of the Associate Vice President for Student Affairs & Dean of Students in conjunction with other appropriate administrators as outlined above. These rules contemplate informal but thorough investigations, affording all involved parties an opportunity to submit evidence relevant to the grievance. The investigation process generally is completed within 30 university working days from when the written allegation is filed.
 4. A written determination as to the validity of the grievance and a description of the resolution, if any, shall be issued by the investigator and a copy forwarded to the complainant.
 5. The investigator shall maintain all files and records relating to grievances filed for one calendar year.
 6. The complainant may, in writing, request a reconsideration of the case in instances where he or she is dissatisfied with the resolution. The request for reconsideration should be made within 5 university working days to the Senior Vice President for Enrollment Management & Student Affairs.
 7. The Senior Vice President for Student Affairs & Enrollment Management will review the grievance resolution and notify the complainant of the resulting determination in writing within 15 university working days.
 8. Final determination rests with the Senior Vice President for Enrollment Management & Student Affairs unless specifically noted elsewhere.
 9. The right of a student to a prompt and equitable resolution of the complaint so filed shall not be impaired by the student's pursuit of other remedies, such as the filing of a complaint with the responsible federal department or agency.

PART VI

Registration of Student Organizations

A. Categories and Definitions

1. *Registered Student Organizations*

A registered student organization is a group (president, treasurer and a minimum of three members, excluding officers) comprised of at least five students enrolled at Texas Tech University who voluntarily come together under a common purpose. The purposes and activities of the organization shall be lawful and not in conflict with the policies, rules, regulations and standards of the university and/or federal, state and/or local statutes. Generally, student groups broadly fall under one of the following categories: Academic/Professional, Honorary, International, Social Fraternities/Sororities, Graduate, Multicultural, Religious, Residence Hall, Service, Spirit, Recreational, Law School and Special Interest. All student organization registration is administered by Student Union & Activities.

2. *Sports Clubs*

Recreational Sports is responsible for the oversight of the The Texas Tech Sports Club program. This program exists to promote and develop interest in sports. Sports clubs members learn new skills, engage in competition, and enjoy the recreational and social fellowship of sport. A group seeking sports club status must first be a registered student organization, subject to the rules and regulations

of the university. Following the organization registration process, a group should request a meeting with Recreational Sports to initiate the application process for sports club affiliation. After obtaining Sports Club status, groups must also comply with the guidelines of Recreational Sports.

3. *Social Fraternities/Sororities*

The Center for Campus Life is responsible for the oversight of Texas Tech Social Fraternities and Sororities. A group seeking social fraternity or sorority status must be recognized by one of the four governing councils for social fraternities and sororities: Interfraternity Council, InterGreek Council, National Pan-Hellenic Council, and Panhellenic Council. If the Center for Campus Life deems that the organization's actions or activities are detrimental to the educational purposes of the university or not in accordance to the current Student Handbook, the registration of the student organization may be temporarily suspended in accordance with Part VI: Registration of Student Organizations, Section G.

B. Conditions for Registration

1. Membership in a student organization shall be open only to students enrolled at Texas Tech University without regard to race, religion, sex, disability or national origin; except in cases of designated fraternal organizations which are exempt by federal law from Title IX regulations concerning discrimination on the basis of sex. All student organizations registering as a social fraternity or social sorority must show proof of their Title IX exemption by attaching to their registration application a letter from their national affiliate with their IRS 501 C number. Student organizations filing for registration as a social fraternity or social sorority should also obtain concurrent membership from the umbrella governing organization and/or board (Interfraternity Council, Inter-Greek Council, National Pan-Hellenic Council, Panhellenic Council).
2. Faculty and staff may hold associate memberships to the extent allowed by the student organization's constitution.
3. The organization shall not duplicate the purposes and functions of a previously or currently registered student organization unless the need for duplication is substantiated with Student Union & Activities.
4. All funds allocated to a registered student organization from university-controlled sources must be maintained in a university account. Additional resources acquired by fundraising may be kept in an off-campus organizational account.
5. The student organization shall show initiative in effectively meeting its stated goals and be lawful and peaceful in its activities. Student Union & Activities is available to assist in organizational development.
6. The student organization shall be free from control by any other nonstudent individual or organization. Alumni and affiliate/associate members should not be granted voting privileges nor can they hold executive officer positions. To reserve the governing integrity of a student organization, these privileges can only be vested in currently enrolled students at Texas Tech University.
7. Registered student organizations shall not use the name, logo, or symbols of the university as part of its name or in its publications. In addition, the organization shall not advertise or promote functions or activities in a manner that suggest sponsorship by the university. Registered student organizations are permitted to use the word "Tech" as a part of their names or to use the complete statement "a registered student organization at Texas Tech University." Approval of the use of logos or symbols protected by Texas Tech University is under the

discretion of the Athletic Department External Operations, Texas Tech University.

8. Solicitation is prohibited on campus by registered student organizations that may abridge any contractual agreements of Texas Tech University. To avoid violations, registered student organizations should seek clarification on any solicitation initiatives or materials in Student Union & Activities. Any student organization wishing to solicit on campus must follow the policies and procedures listed in the current Student Handbook, Part VIII.
9. All registered student organization resources must be used to advance and support the organization's purpose, identified goals, and/or mission.
10. Student Organizations must comply with university rules, standards, and policies.
11. Student organization registration does not imply university approval of either the organization or its functions or activities.

C. Registration of New and Reforming Student Organizations

1. New and/or reforming student organizations that desire the benefits of a registered student organization must attend a Student Organization Registration Seminar (the seminars are scheduled weekly throughout the spring re-registration period) and/or make an individual appointment with the Student Union & Activities staff to discuss the policy regulating the registration of student organizations.
2. After attending the seminar or individual appointment and reviewing the policy regulating student organization registration, students who are still interested in reorganizing or forming an organization and are in a position to meet the requirements of registered student organizations, should complete an online registration packet.

Please go to the Student Organization page on the Student Union & Activities website at www.studentorgs.ttu.edu and you will be guided through completing the registration process online.

- a. Student organizations will need to assign a representative from their organization to use their eRaider user account to access the database. Also, when those responsibilities change, organizations need to be sure to change the user access from the existing to the newly designated representative. If, for any reason, this transition becomes difficult, please discuss it with the Student Union & Activities staff.
- b. To validate the online process, student organizations must:
 1. List of Officers (must have president and treasurer).
 2. List of membership, must have a minimum of three members (signatures required) in addition to a president and treasurer (total minimum organization size of five).
 3. List a member of the organization as the Student Organization Representative Council (SORC) representative (either an officer or a general member may be listed.).
 4. Submit updated copy of local constitution and by-laws and constitution and by-laws of any other local, state or national affiliate organization (if applicable). Please sign and date all constitutions.
 5. New student organizations registering as a single-sex, social fraternity or social sorority must show proof of their Title IX exemption. Upon filing their registration application, groups must attach a letter from their national affiliate with their IRS 501C (Internal Revenue Code) tax exemption number from the Internal Revenue Service. This is the mechanism the

government uses to verify single-sex exemption.

6. Provide a signature, title, campus address, telephone number and e-mail address of a full-time Texas Tech University faculty or staff member indicating their willingness to serve as the organization's advisor.
 7. Sign an agreement to comply with all university standards, rules and/or policies as well as all federal, state, and/or local laws.
 8. Submit the signed signature page(s) to complete the registration process. These forms can also be faxed, mailed, or delivered to Student Union & Activities.
3. A student organization may file the "intent to form" a registered student organization application with Student Union & Activities staff administering student organizations. This is a temporary status, which lasts for 90 days and allows the non-registered group the privileges of university facilities and publicity venues common to registered student organizations. The 90-day time period should be used to recruit new members, develop a constitution and by-laws and obtain a permanent full-time faculty/staff advisor.
 4. Before the "intent to form" expiration deadline, students still interested in permanent status should complete a registration packet, including a copy of all required constitutions, and schedule a meeting with the Student Union & Activities staff to discuss finalizing their status as a registered student organization. Extensions of the "intent" status are possible under extenuating circumstances and requests should be addressed to the Student Union & Activities. Although re-registration of current groups occurs during the spring, this does not mean that new or reforming groups have to wait until the spring to complete the process.
 5. The completed registration application must be received by Student Union & Activities annually by mid-April (date to be announced annually).

D. Benefits

1. Registered Student Organizations

Benefits include: free space reservations in the Student Union, opportunity to reserve rooms in academic space (i.e. classrooms), free mailbox in the Student Union, organization information published online, posting on campus, use of university logo (with permission of Athletics Department External Operations), leadership training, ready references and access to Involvement Center, opportunity for free cubicle space through Student Union & Activities, and free webpage through Academic Computing Services. Registered student organizations may apply for funding through the Student Government Association (SGA) each year provided they are registered as a student organization with the Student Union & Activities prior to the application deadline for reviewing registered student organization funding.

2. Sports Clubs

Sports clubs are entitled to all of the benefits of a registered student organization. In addition, each club receives administrative and financial support from Recreational Sports. However, since the Sports Club program receives its funding from the Student Recreation Fee, organizations that affiliate with Recreational Sports are not eligible for SGA funding. Sports Clubs not affiliating with Recreational Sports are not eligible for SGA funding.

E. Faculty or Staff Advisor

1. Each registered student organization shall have a full-time university

faculty or staff advisor available to the officers and members for consultation regarding the affairs of the organization. Attendance of organizational meetings and functions is encouraged to facilitate incorporating the advisor into the organization's program planning and decision-making. The advisor should certify the organization's expenditures by co-signing all checks or vouchers. Most importantly, the advisor must oversee adherence to University Operating Policies and Procedures, federal, state, local laws as well as the organization's constitution and by-laws.

2. Registered student organizations may have additional advisors, i.e., coaches (typical of sports clubs) or alumni advisors, to the extent permitted by their constitution and/or by-laws; however, one advisor must be a full-time Texas Tech University faculty or staff member as required and identified in the registration packet.
3. Any individual who is a secondary advisor or coach who is not affiliated, with the university or is not a full-time Texas Tech employee should also be included when filling out the registration application, complete with names, addresses, telephone numbers and emails.
4. Registered student organizations have 10 university business days to notify Student Union & Activities with the name, address, telephone number, and email of any new or replacement full-time university faculty or staff member appointed as their advisor. Failure to do so may result in suspended privileges.
5. Certain student organizations do not choose their advisor(s); rather, they are assigned a full-time faculty or staff person by the department to oversee the administration of those areas, groups and resources.
6. Established full-time university faculty or staff members, who reduce employment hours below full-time status and maintain an office on-campus, may continue to function as the "Primary" advisor of a student organization with the approval of Student Union & Activities.

F. Prerequisites for Maintaining Registration

To maintain its active status throughout the academic year, a registered student organization must meet or submit the following criteria to Student Union & Activities.

1. File a list of its current officers and SORC representative within 10 university business days from the day of elections and file notification of subsequent changes when such occur.
2. File a list of its current advisors within 10 university business days of the acceptance of the full-time faculty or staff advisor to the position. Notification of advisor changes should also be made within 10 university business days.
3. Submit all changes in documents on file relating to the organization (i.e., revisions to constitution, changes in statement of purpose, procedures for handling organization funds or membership requirements). Registered student organizations shall be responsible for updating any revisions to their local and affiliate constitutions with Student Union & Activities within 10 business days of any changes. Should an organizational dispute occur that involves university intervention, registered student organizations are bound by the constitution and bylaws on file with Student Union & Activities.
4. Conduct its affairs in a lawful manner as a collaborative entity, in accordance with the constitution and by-laws it has on file, University Operating Policies and Procedures and/or federal, state, and/or local laws.
5. Solicitation on campus by registered student organizations may not abridge any contractual agreements of Texas Tech University. To avoid violations, registered student organizations should seek clarification on any solicitation initiatives or materials with the Student Union & Activities staff.

6. Ensure off-campus individuals or organizations whose appearance on campus is sponsored by the organization observe all University Operating Policies and Procedures as well as federal, state, and local law.
7. In accordance with Texas Education Code, Section 51.9361, all registered student organizations are required to attend training sessions on the topic of risk management as it relates to individuals, organization functions, and/or activities. Social fraternities and sororities and Sports Clubs are required to attend the Clay R. Warren Memorial Risk Management Retreat annually. Student Union & Activities and/or other designated departments may require other student organizations to attend the Clay R. Warren Memorial Risk Management Retreat in order to fulfill this requirement. Student organizations not required to attend will participate in an alternative risk management training opportunity identified by Student Union & Activities.
8. Student Union & Activities and/or Student Judicial Programs may suspend the registration of an organization for noncompliance with the regulations and/or standards as set forth in the Student Handbook. Anonymous reporting limits the University's ability to respond to alleged individual and/or organizational noncompliance.

G. Temporary Suspension and Denial of Registration

1. A student organization will not be officially registered with Student Union & Activities if it is determined that the organization's actions or activities are detrimental to the educational purposes of the university or not in accordance to the Student Handbook. The registration of a student organization may be temporarily suspended while an investigation is pending involving an alleged violation of registered student organization policies and procedures as outlined in the Student Handbook. The registered student organization will be afforded all due process guidelines as described in the Student Handbook. Beyond these two priorities, use of campus space and facilities is encouraged for activities that have as their purpose service or benefit to the Texas Tech University community, and that are sponsored by registered student organizations. University buildings, grounds or property may not be used by individuals or organizations not connected with the university, with the exception of the use of Forum Areas for free expression as set forth in Section F below or as otherwise permitted under Texas Tech University or Texas Tech University System policies. An individual who is not a student, faculty, or staff member may attend functions or activities held on university property, but to be eligible for the use of campus facilities, the function or activity must be sponsored by and affiliated with a university department or registered student organization. Sponsorship and/or co-sponsorship minimally include, but not limited to, direct participation in planning, coordination and implementation by members of the sponsoring organizations. A department, student or registered student organization may not reserve space or facilities on campus and permit it to be used by a non-registered organization or off-campus group or person. Except as otherwise permitted under Texas Tech University or Texas Tech University System policies, non-registered organizations or off-campus groups or persons not sponsored by a department or registered organization will not be permitted to reserve space on campus. State law requires that university facilities and property be used only for state purposes and not for private gain.

B. Reservation Requirements

Reservations must be made for the use of buildings and grounds under the control of the university. Requests for reservations will be granted according to the priorities of the designated area. Requests must be made to the appropriate office. Requests from registered student organizations must be signed by the organization's president and full-time faculty/staff advisor. Requests from individuals must be signed by the person applying for the use of the space or facilities.

C. Use of Facilities by Student Organizations

Other campus facilities or space may be reserved by "petitioning" student organizations for one meeting only, if their full-time faculty or staff advisor agrees to be present at their event. Additional reservations will not be approved until the student organization is registered.

D. Procedure and Priorities for Designated Facilities

C. **Disciplinary Procedures**

To file an alleged *Code of Student Conduct* violation, including an incident report from University Student Housing, the Texas Tech Police Department, any other law enforcement agency or member of the university community, against a student, individuals may meet with a university official and shall deliver a written allegation describing the action or behavior to Student Judicial Programs. The written allegation should be received by Student Judicial Programs within twenty university working days of the alleged incident to initiate disciplinary procedures. Filings that are submitted after more than twenty university working days to Student Judicial Programs should be accompanied with a justification for the delay and will be accepted on a "case by case" basis.

1. *General Procedure*

A Judicial Officer will inquire, gather and review information about the reported student misconduct and will evaluate the accuracy, credibility and sufficiency of this information. If it is determined that this information is insufficient to warrant an allegation, a policy warning letter may be issued to clarify the policy that was in question. A Judicial Officer will ensure that the requirements of due process are fulfilled in accordance with the following procedures:

- a. When a written allegation is filed, the student named in the allegation will be notified in writing and asked to appear before

a Judicial Officer. Through this written notification, a Judicial Officer will assign a specified date and time (outside the student's academic schedule) for the student to meet with the Judicial Officer, unless another date and time is otherwise requested by the student. Written notification will be delivered to the student's last known official, local address as provided by the student to the Registrar's Office (or by a registered student organization to the Center for Campus Life and/or Student Union and Activities). If mailed, notification is to be mailed in First Class U.S. Mail or campus mail. Failure of a student to receive First Class U.S. Mail or campus mail does not prevent the disciplinary process from proceeding. Notice is deemed to have been properly provided when written notification is placed in U.S. Mail, campus mail, or personally delivered to the student no less than five (5) university working days prior to the scheduled appearance.

NOTE: Students are advised to keep their most current local address, permanent address, email address and local telephone number updated in the student records system at <http://raiderlink.ttu.edu>

b. In any disciplinary proceeding, the student has the right to:

1. Notification of the alleged misconduct.
2. Know the source of the allegation(s).
3. Know the specific alleged violation(s).
4. Know the sanctions, conditions and/or restrictions that may be imposed because of the alleged misconduct.
5. Be accompanied by an advisor at any student judicial proceeding (for advisory purposes only, not for representation).
 - a. Advisors. All students involved in student judicial proceedings may be assisted by advisors they choose, at their own expense. The advisor must be a member of the university community or a family member. However, if a student accused of alleged misconduct is also the subject of a pending criminal investigation, indictment or charge arising out of the same circumstances, he or she may be allowed to have an attorney serve as his or her advisor, at his or her own expense, to participate in the same manner as any other advisor. If an advisor for the accused student is an attorney, an attorney from the Office of General Counsel may attend the hearing on behalf of the university. The complainant and/or the student accused of alleged misconduct is responsible for presenting his or her own information, and therefore, advisors are not permitted to speak or to participate directly in any hearing unless authorized by a hearing officer. Students should select an advisor whose schedule allows attendance at the scheduled date and time for the hearing, as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of a hearing officer upon written request five (5) university working days in advance of the scheduled hearing date.
6. Refrain from making any statement relevant to the allegation(s).

7. Know that any statements made by the student can be used during the proceeding.

- c. After the student has been advised of the allegation(s), the student shall indicate whether an administrative or University Discipline Committee hearing is preferred. However, a Judicial Officer has the authority in all cases to designate whether an administrative or University Discipline Committee hearing will be held notwithstanding the student's request.
- d. After notice has been given to the student, the university may proceed to conduct either an administrative or a University Discipline Committee hearing and deliver a decision or recommendation respectively. The administrative or University Discipline Committee hearing may be held and a decision or recommendation made, regardless of whether the student responds, fails to respond, attends the hearing or fails to attend the hearing. Should an absence of the student occur, a Judicial Officer or the University Discipline Committee may consider the information and render an administrative decision or University Discipline Committee recommendation.

2. *Administrative Hearing*

- a. The administrative hearing process will be completed in a timely manner based upon the specific circumstances of each case.
- b. After making a determination, a Judicial Officer will provide written notification to the student of the decision and, if any, the sanction(s), condition(s) and/or restriction(s) to be imposed.
- c. The student may utilize the disciplinary appeal procedures in Section E, Disciplinary Appeals Procedure.

3. *University Discipline Committee Hearing*

- a. A "Notification of Violation and Pending Disciplinary Hearing" will be delivered in person or sent to the student's last known official, local address as provided by the student or registered student organization to the Registrar's Office, the Center for Campus Life, and/or Student Union & Activities. If mailed, notification is to be mailed by U.S. Mail or campus mail. Failure of a student to receive this mail does not prevent the University Discipline Committee from proceeding.
- b. A Judicial Officer and the student will inform each other of documents to be introduced, witnesses to be examined and the anticipated testimony of the witnesses. Information and/or supporting materials may not be considered unless the student and the university's representative have been advised of the source and content at least five (5) university working days in advance of the committee hearing.
- c. The University Discipline Committee, Judicial Officers and the student will have a reasonable opportunity to question witnesses. Hearing proceedings, excluding the deliberations of the University Discipline Committee, will be recorded by the university. The confidential hearing will be closed unless the student requests to a Judicial Officer, in writing, within five (5) university working days from the date of the "Notification of Violation and Pending Disciplinary Hearing" that the hearing be open to the public. The University Discipline Committee chair is responsible for conducting an orderly hearing. Prospective witnesses will be excluded from the hearing room until they are given the opportunity to present their information, knowledge and/or perception of the alleged incident. The chair may deny admission into, or remove from, the

hearing anyone due to space limitations or disruptive behavior.

- d. Following the hearing, the University Discipline Committee will recommend to the Director for Student Judicial Programs in writing whether the student is responsible for the alleged violation(s).

1. If the recommendation is that the student is not responsible for the alleged violation(s), the Director for Student Judicial Programs will be notified in writing of the recommendation by the University Discipline Committee chair. The Director for Student Judicial Programs will review the recommendation and either accept the recommendation or decide that the accused student is responsible and assign sanction(s), condition(s), and/or restriction(s). The Director of Student Judicial Programs will notify the student in writing of the disciplinary decision within five (5) university working days.
2. If the University Discipline Committee recommends that the student is responsible for the alleged violation(s), the Director for Student Judicial Programs will be notified in writing of the recommendation by the University Discipline Committee chair. In addition, the University Discipline Committee will recommend disciplinary sanction(s), condition(s), and/or restriction(s) and the University Discipline Committee chair will notify the Director for Student Judicial Programs in writing. The Director for Student Judicial Programs will review the recommendation and, if necessary, amend the sanction(s), condition(s), and/or restriction(s), if any, to be imposed and notify the student in writing via US Mail or campus mail of the final disciplinary decision within five (5) university working days.

- e. The student may utilize the disciplinary appeal procedures in Section E, Disciplinary Appeals Procedure.
- f. In addition to other possible sanctions, conditions, and/or restrictions, and in the event that a student fails to respond to written notification, an administrative hold may be placed on the student records to prevent further registration and transcript receipt. The administrative hold will remain until such time as the Judicial Officer receives an appropriate response.
- g. All records concerning a student related to the disciplinary process will remain on file in Student Judicial Programs for a minimum of seven years from the date the case is completed through an administrative or discipline committee hearing and/or disciplinary appeal procedures. Records pertaining to registered student organizations will remain on file for a minimum of seven years.

4. Immediate Temporary Suspension

A student may be temporarily suspended pending completion of disciplinary procedures if, in the judgment of the Senior Vice President for Enrollment Management & Student Affairs, the Associate Vice President for Student Affairs & Dean of Students, or on recommendation of a Judicial Officer, the physical or emotional well-being of a student or other students or members of the university community could be endangered or if the presence of the student would seriously disrupt the normal operations of the university. The Senior Vice President for Enrollment Management & Student Affairs,

the Associate Vice President for Student Affairs & Dean of Students, or designee will notify the Director of Student Judicial Programs to initiate appropriate disciplinary procedures within five (5) university working days from the date of temporary suspension.

During the invocation of immediate temporary suspension, the student may no longer attend classes, use university services and/or resources, and may not be on campus until the disciplinary proceedings have been resolved. Any instances whereby the student should need to return to campus must be coordinated through the Student Judicial Programs office and the Texas Tech Police Department.

D. Disciplinary Sanctions, Conditions and/or Restrictions

A Judicial Officer may impose sanctions, conditions, and/or restrictions as a result of an administrative hearing. Additionally, the University Discipline Committee may recommend sanctions, conditions, and/or restrictions to the Director for Student Judicial Programs as a result of a University Discipline Committee hearing. Through the administrative hearing or University Discipline Committee hearing, the following educational sanctions, conditions, and/or restrictions may be assessed when a student is found responsible for misconduct. Potential sanctions, conditions, and/or restrictions are not limited to those listed below; items below serve to demonstrate typical student outcomes. Implementation of the disciplinary sanction(s), condition(s), and/or restriction(s) will not begin until either the time for a disciplinary appeal has expired or until the disciplinary appeal process is exhausted. Exceptions are made only in cases for which, in the judgment of the Senior Vice President for Enrollment Management & Student Affairs or the Associate Vice President for Student Affairs & Dean of Students, the physical or emotional well-being of the student, other students or other members of the university community may be endangered. In the case of the student organization, a copy of the notification may be sent to the organization's advisor(s) and international or national organization headquarters.

1. Sanctions are defined as the primary outcome of the alleged violation. If found responsible, the range of sanctions includes the following outcomes:
 - a. Disciplinary Reprimand: The disciplinary reprimand is an official written notification via U.S. Mail or campus mail to the student that the action in question was misconduct.
 - b. Disciplinary Probation: Disciplinary probation is a period of time during which a student's conduct will be observed and reviewed. The student must demonstrate the ability to comply with university policies, rules and/or standards and any other requirement stipulated for the probationary period. Further instances of misconduct under the *Code of Student Conduct* and/or Student Handbook during this period may result in additional sanctions, conditions, and/or restrictions.
 - c. Deferred Disciplinary Suspension: Deferred disciplinary suspension is a period of time where a disciplinary suspension may be deferred for a period of observation and review, but in no case will the deferred suspension be less than the remainder of the semester. Further instances of misconduct under the *Code of Student Conduct* and/or Student Handbook during this period may result in additional sanctions, conditions and/or restrictions.
 - d. Time-Limited Disciplinary Suspension: Time-limited disciplinary suspension is a period of time in which a student may not attend class or participate in university related activities as the student is

withdrawn and separated from the university for a specified time period. The status of disciplinary suspension will be shown on the student's academic record, including the transcript or student organization's registration, during the period of disciplinary suspension. During disciplinary suspension of a registered student organization, the registration and privileges of the organization are suspended. Upon written request by the student to the University Registrar or by the registered student organization's representative to the Center for Campus Life and/or Student Union and Activities, the notation of disciplinary suspension will be removed from the transcript or registration upon readmission or the completion of the disciplinary suspension period. Notification of disciplinary suspension of a student will indicate the date on which the disciplinary suspension begins, the earliest date, if any, upon which the application for student readmission or student organization re-registration will be considered. The Judicial Officer may deny a student's or student organization's request for readmission or registration, respectively, if the student's or student organization's misconduct during a period of disciplinary suspension would have warranted additional disciplinary action. Similarly, if the student has failed to satisfy any sanctions, conditions, and/or restrictions that have been imposed prior to application for readmission or registration, the Judicial Officer may deny readmission to a student or deny registration to a student organization. On denial of a student's readmission or of a student organization's re-registration, the Associate Vice President for Student Affairs & Dean of Students will set a date when another application for readmission or registration may again be made. A student may appeal denial of readmission or re-registration in accordance with the disciplinary appeals process. (See Section E, Disciplinary Appeal Procedures.)

NOTE: For information pertaining to academic courses taken at another higher education institution during time-limited disciplinary suspension, please refer to OP 34.21 located at <http://www.depts.ttu.edu/opmanual/OP34.21.pdf>

- e. Disciplinary Expulsion: Disciplinary expulsion occurs when the student is permanently withdrawn and separated from the university. The status of expulsion will be shown on the student's academic record, including the transcript or student organization's registration. These sanctions may be accompanied by conditions and/or restrictions.
2. A condition is defined as a secondary component of a disciplinary sanction. A condition is usually an educational or personal element that is to occur in conjunction with the assigned sanction. Some examples of conditions include, but are not limited to:
 - a. Personal and/or academic counseling.
 - b. Discretionary educational conditions and/or programs of educational service to the university and/or community.
 - c. Residence hall relocation and/or contract review/cancellation of residence hall contract and/or use of dining facilities.
 - d. Restitution or compensation for loss, damage or injury, which may take the form of appropriate service and/or monetary or material replacement.
 - e. Monetary assessment owed to the university.
 - f. Completion of an alcohol or drug education program.

g. Referral to the Raider Assistance Program for assessment.

- 3 A restriction is defined as a secondary component of a disciplinary sanction. A restriction is usually an educational component that is to occur in conjunction with the sanction and will usually be time specific. Some examples of restrictions include, but are not limited to:
 - a. Revocation of parking privileges.
 - b. Denial of eligibility for holding office in registered student organizations.
 - c. Denial of participation in extracurricular activities.
 - d. Prohibited access to university facilities and/or prohibited direct or indirect contact with members of the university community.
 - e. Loss of privileges on a temporary or permanent basis.
 - f. Withdrawal of university funding (Student Government Association, departmental, Student Services Fees, etc.)
4. Violations of the alcohol, narcotics or drugs policy (Sections B.1. or B.2.) may result in notification to the parents/ guardians of dependent students under the age of 21.

NOTE: See Parent Notification Policy at <http://www.depts.ttu.edu/studentjudicialprograms>

E. Disciplinary Appeal Procedures

1. Appeal Process

Any student who has received sanctions, conditions, and/or restrictions may appeal the disciplinary decision made by a Judicial Officer. Students may also appeal a decision denying readmission to the university or re-registration of a student organization. Failure to file a written request for an appeal within eight (8) university working days from the date of the decision letter will render the original decision final and conclusive.

2. Grounds for Appeal

a. Appeals must be based on:

1. Procedural error which fundamentally affected the decision.
 2. Substantive error, i.e., the sanction(s) is not consistent with the gravity of the misconduct.
 3. Newly discovered relevant information that was not available at the hearing and is sufficient to change the decision.
- b. The specific questions to be addressed on appeal are:
1. Were the procedures of the *Code of Student Conduct* followed?
 2. If a procedural error was committed, were the rights of the student or student organization materially violated so as to effectively deny the student or student organization a fair hearing?
 3. Was the hearing conducted in a way that permitted the student or student organization's student representative adequate notice and the opportunity to present information?
 4. Would the newly discovered information presented at the hearing be sufficient to change the decision?

3. Notification of Appeal

The appeal must be made in writing in sufficient detail to inform the Judicial Officer or the University Discipline Appeals Committee of the grounds for appeal. The appeal is not intended to afford a rehearing of the case. This process serves to review the written content and validity of the appeal submitted by the student, the record of the case, decision making procedures, and consideration of newly

discovered information, if any. The student may choose to appeal a hearing outcome to either a Judicial Appeals Officer or the University Discipline Appeals Committee.

4. *Administrative or University Discipline Committee Hearing Appeal Procedures*

The student desiring to appeal an administrative or committee hearing decision has eight (8) university working days from date of the decision letter to prepare and submit a written appeal to the Judicial Appeals Officer indicating whether an administrative or University Discipline Committee hearing is desired. The Judicial Appeals Officer or the University Discipline Appeals Committee will review materials relevant to the case in the written appeal. The Judicial Appeals Officer or University Discipline Appeals Committee may choose to do one or more of the following:

- a. Find that the written appeal submitted is not sufficient to establish grounds for appeal and affirm the decision.
- b. Find that no substantive and/or procedural error has occurred and affirm the decision.
- c. Refer the matter for a new hearing.

5. *Final Decision*

The student will be notified of the final disciplinary decision. If referred to a Judicial Appeals Officer, the decision of a Judicial Appeals Officer is final. If referred to the University Discipline Appeals Committee, the chair will communicate in writing the committee's recommendation to the Associate Vice President for Student Affairs and Dean of Students. After reviewing the recommendation, the Director for Student Judicial Programs and/or the Associate Vice President for Student Affairs and Dean of Students will determine the final disciplinary decision. In both instances, the Director for Student Judicial Programs and/or the Associate Vice President for Student Affairs and Dean of Students will provide written notice of the final disciplinary decision to the student within five (5) university working days via U.S. Mail or campus mail.

F. Withdrawal of Consent

1. *Grounds for Removal*

- a. The Judicial Officer or another university agent acting in accordance with his or her duties may recommend to the Associate Vice President for Student Affairs & Dean of Students or the Senior Vice President for Enrollment Management & Student Affairs that, in accordance with the Texas Education Code, the student have his/her consent to be in attendance at the university withdrawn if in the judgment of the Judicial Officer, the Associate Vice President for Student Affairs & Dean of Students or the Senior Vice President for Enrollment Management & Student Affairs it is determined that:
 1. The student has willfully disrupted the orderly operation of the premises, or
 2. The student's presence on the campus or facility will constitute a substantial and material threat to the orderly operation of the premises.
- b. If the Associate Vice President for Student Affairs & Dean of Students or Senior Vice President for Enrollment Management & Student Affairs concurs with the Judicial Officer's recommendation, permission for the student to be on university premises will be

withdrawn. This Withdrawal of Consent will not be longer than fourteen (14) days and a hearing must be held within these fourteen days to determine the student's status at the university. Permission to be on university premises must be coordinated through the Associate Vice President for Student Affairs & Dean of Students and the Texas Tech Police Department. The Director for Student Judicial Programs will notify all parties of the final decision in writing via U.S. Mail within five (5) university working days of the hearing.

2. *Registration Flag Following Withdrawal of Consent*

When a student is withdrawn under this section, an administrative hold will be placed on the student's readmission to the university. This administrative hold will remain on the student's records until the student is readmitted.

NOTE: See *Texas Education Code*, Sections 51.233-51.244 at <http://www.statutes.legis.state.tx.us/?link=ED>.

G. Readmission Procedures and Appeals

1. A student who has had an administrative hold placed on his or her records under this section must request readmission from the Director for Student Judicial Programs at least three weeks prior to any Texas Tech University Office of Admissions application deadlines for the semester or summer session in which the student wishes to re-enroll. The student may be required by the Director for Student Judicial Programs to submit evidence in writing supportive of his or her present ability to function properly and effectively in the university community. The university will evaluate the student's request and supporting documentation with primary consideration given to satisfying all conditions specified at the time of suspension or withdrawal. If approval is granted by the Director for Student Judicial Programs for the removal of the administrative hold, the student must then complete the regular university readmission procedures.
2. If approval for readmission is denied by the Director for Student Judicial Programs, the student may appeal that decision to the Associate Vice President for Student Affairs & Dean of Students. The appeal to the Associate Vice President for Student Affairs & Dean of Students must be made, in writing, within five (5) university working days from the date the student is notified in writing by the Judicial Officer that the student's request has been denied.

Texas Tech University is committed to the values of mutual respect; cooperation and communication; creativity and innovation; community service and leadership; pursuit of excellence; public accountability; and diversity.

2005 Texas Tech University Strategic Plan

Texas Tech University Statement of Ethical Principles

“Do the right thing”

Texas Tech University is committed to being an ethical institution. In recognition of the rights and inherent dignity of all members of the Texas Tech University community, the university is committed to supporting the following principles and to protecting those rights guaranteed by the Constitution, the laws of the United States and the State of Texas, and the policies adopted by the Board of Regents. As members of the Texas Tech community, faculty, students, staff, administration, and all stakeholders accept responsibility for abiding by and promoting the ethical principles of the university described below. Although legal behavior and ethical behavior overlap in many areas, they are quite distinct from each other. While we follow legal requirements, an ethical institution goes beyond them to achieve the following values.

Mutual Respect

Texas Tech University is committed to an open and diverse society. Each member of the Texas Tech community has the right to be treated with respect and dignity. This right imposes a duty not to infringe upon the rights or personal values of others. Professional relationships among all members of the Texas Tech community deserve attention so that they are not exploited for base motives or personal gain.

Cooperation and Communication

Texas Tech University is committed to the promotion of professional relationships and open channels of communication among all individuals. The university will publish and disseminate in a timely manner its values, policies, procedures, and regulations, as well as any other information that is necessary to protect and educate all members of our community. We encourage and provide opportunities for the free and open exchange of ideas both inside and outside the classroom. While the free expression of views in orderly ways is encouraged, personal vilification of individuals has no place in the university environment.

Creativity and Innovation

Texas Tech University is committed to ethical institutional programs that meet the teaching, research, and service objectives of each discipline and department, to policies that are consistent with those objectives, and to a working and learning environment that encourages active participation. Such exemplary environments often challenge existing worldviews, requiring trust in the process of discovery and the acceptance of uncertainty and ambiguity within ethical parameters. The university supports all its members in life-long learning—a process that is both challenging and rewarding—and encourages creative and innovative means to achieve this goal through both opportunities and incentives.

Community Service and Leadership

Texas Tech University is committed to ethical leadership practices at all levels and to our tradition of community service, both within the university community and in our relationships with the greater community. We strive for exemplary professional and community service through research, creative works, and service programs that extend beyond the university environment. We strive to provide excellent service in a caring and friendly environment, and encourage such involvement in the community by all faculty, students, staff, and administration.

Pursuit of Excellence

Texas Tech University is committed to achieving excellence in all aspects of our community. We expect this in the expertise and performance of our faculty, staff, and administration, as well as the continuing education of our students. A high standard of professionalism, including opportunities for professional contact and continuous growth, is expected of our faculty, students, staff, and administrators. The university is committed to academic integrity and to the effective and just implementation of a system designed to preserve and protect it. The university intends to be a model of excellence, following best practices in its professional work, displaying the highest standards in its scholarly work, and offering venues to showcase national and international examples of achievement.

Public Accountability

Texas Tech University is committed to transparency in governance, personal responsibility, and both individual and organizational integrity. Being responsible requires us to be thoughtful stewards of our resources—accountable and respectful to ourselves, to each other, and to the publics we serve. A sense of institutional and public responsibility requires careful reflection on one's ethical obligations and the duty to respect commitments and expectations by acknowledging the context and considering the consequences, both intended and unintended, of any course of action. We promptly and openly identify and disclose conflicts of interest on the part of faculty, staff, students, administration, and the institution as a whole, and we take appropriate steps to either eliminate such conflicts or ensure that they do not compromise our procedures and values. When we make promises, we must keep those promises. We strive to do what is honest and ethical even if no one is watching us or compelling us to “do the right thing”.

Diversity

Texas Tech University is committed to the inherent dignity of all individuals and the celebration of diversity. We foster an environment of mutual respect, appreciation, and tolerance for differing values, beliefs, and backgrounds. We encourage the application of ethical practices and policies that ensure that all are welcome on the campus and are extended all of the privileges of academic life. We value the cultural and intellectual diversity of our university because it enriches our lives and the community as a whole, promoting access, equity, and excellence.
