Hispanic	1	0	0
Multiracial	0	0	0
Other/Not Listed	0	0	0
White	1	3	0
Veteran	0	0	0
With a Disability	0	0	0

What are the most significant barriers or challenges your program is currently facing (e.g., enrollment, faculty resources, student support, accreditation requirements)?

Responses will not be used to evaluate or penalize program.

The information collected is for the purpose of informing broader understanding, identifying trends, and guiding future policy.

All of the items listed above are challenges, but enrollment is certainly our greatest challenge in the programs.

What successes or available resources have contributed most to your program's growth, effectiveness, or ability to support students?

Responses will not be used to evaluate or penalize program.

The information collected is for the purpose of informing broader understanding, identifying trends, and guiding future policy.

The success that our students enjoy in the world of work and their referrals of students to our programs is a great contribution to our program growth. Additionally, the College of Education has been supportive of our program growth.

What is CACREP doing well for your program that you appreciate?

CACREP accredited programs are recognized for their quality throughout the country. It is an advantage to our programs in recruiting students and in the marketability of our graduates.

What would you like to see CACREP do differently in its current services?

CACREP could be more selective in who serves on site teams for program review. CACREP can work with various agencies to provide reciprocity within agencies to help students be more employable.

What services or resources would you like to see CACREP add or develop that would better serve you and your program?

CACREP should develop more information (e.g., importance of accreditation to students) that would help administrators understand the importance of CACREP accreditation for counseling programs. Additionally, a reduction in fees would also be helpful in convincing administration to support CACREP accreditation.

Please provide a name **and contact email address** of the person completing this survey. This address will be used if the CACREP office has any questions about the information provided in this survey.

L.J. Gould (lj.gould@ttu.edu)

Use this space to clarify or explain any answers provided? Or, any comments that you would like to share.

The number of hours for our PhD program is a total of 93 hours, but Texas only allows a transfer of 30 hours from a master's degree (even from a 60 hour degree), so after the master's hours, 63 hours is required to complete the doctoral program.

REMINDER: Student Outcomes (CACREP 2024 Standard 2.E.2) must be made publicly available on your program's website. The information to be posted includes the following four data points regarding each of your accredited specialized practice area: (a) number of graduates in the past year, (b) degree completion rate, (c) licensure or certification examination pass rate, and (d) combined employment and doctoral admissions rate of students/graduates.

Once your 2024-2025 data has been posted, send the website URL to cacrep@cacrep.org.

You will NOT receive a copy of your completed survey. Please click the arrow at the bottom of the page and download the PDF for your records.

You will be contacted if we have any questions about your submitted survey.
