BARCODE RETURN FORM

Return the yellow portion of your barcode to EHS so the chemical can be removed from your chemical inventory in RRAMP. Return your form(s) monthly so your online inventory is a more accurate reflection of what chemicals are in your lab.

You do not have to completely fill all the spaces on the form before returning it to EHS.

If you have any questions, please contact Environmental Health and Safety at 806-742-3876 or email ehs.chemical.inventory@ttu.edu.

Send your form in campus mail to: Environmental Health & Safety - MS 1090

Start Date: _____ PI: _____

Department: _____ Building: _____ Lab: _____

Attach barcodes from empty containers in the space below. Do not overlap barcodes.
