Texas Tech University Uniform Graduation Requirements

1. Foreign Language Requirement

Students graduating from Texas Tech University should be able to express, negotiate, and interpret meaning in a second language.

Any entering student who has not completed two years of a single foreign language in high school must complete at least two semesters (or its equivalent) of a single foreign language at the first-year college level or at least one semester of a foreign language at a 2000 level or higher as a graduation requirement. This requirement may also be satisfied by transferring in the equivalent courses from another college or university. Individual Texas Tech University colleges may have additional foreign language proficiency requirements. Additional requirements may be necessary for select majors.

2. Science Laboratory Requirement

Students graduating from Texas Tech University are required to complete two semester credit hours of science laboratory courses. Normally this will be done by taking two 4-credit science courses or combinations of lecture and lab.

3. Communication Literacy Requirement

Students will complete the required communication literacy requirement.

4. Core Curriculum Requirement

Students will complete the required core curriculum.

5. Multicultural Requirement

In addition to the State of Texas core curriculum, every student must include at least one 3-hour multicultural course or its equivalent that focuses explicitly on the distinctive subcultures of the United States or on the culture of another society.

Maximum number of transferrable semester credits hours from a two-year institution applicable to a baccalaureate degree at the university is 80.

College of Architecture Admissions Requirements:

Students who are transferring with architecture credit from another institution must submit the following items by MAY 1:

1. One-page Statement of Intent indicating why you chose Architecture as a profession and what unique and diverse perspectives you will bring to the College of Architecture.
2. Transcript
3. Digital portfolio of 15 to 25 pages, PDF format. Email PDF to architecture.portfolios@ttu.edu The portfolio should include a collection of design work demonstrating the architectural abilities of the applicant. It should communicate the level, integrity, and breadth of your aptitude for the study of

architecture. The review committee is interested in evaluating architectural design work. The portfolio should include work produced as a student and may also include a selection of supporting self-directed or outside work (two pages maximum). It should be composed in landscape orientation and demonstrate the applicant's abilities in the following areas:

- Design explored in two and three dimensions and supported through drawings and models.
- Appropriate use of media and the mastery of craft in constructing drawings and models.
- Understanding of plan, section, and three-dimensional drawing to describe architectural space.
- Freehand drawing: use of line, line weight, accurate observation.
- Studio course work that additionally demonstrates aptitude in construction, design, analysis and programming through graphics and models.
