Texas Tech University And El Paso Community College Student Access and Success Articulation Agreement

Parties

This Articulation Agreement (“Agreement”) is between Texas Tech University (“TTU”) and El Paso Community College (“EPCC”) (individually “Institution” or collectively “Institutions”) and outlines their commitment to the *Student Access & Success* program (“Program”). EPCC considered as a whole and this Agreement extends to all campuses within the EPCC system or district. TTU and EPCC enter into this Agreement in the spirit of cooperation and mutually recognize each other as quality Institutions of higher learning.

Background

TTU created the Program to support State of Texas’ and Texas Higher Education Coordinating Board’s *60x30TX* Strategic Plan Initiative promoting access, affordability, quality, success, and cost efficiency in Texas’ institutions of higher education. The mission of the Program is to support a more globally competent workforce by increasing the number of individuals seeking to further their education. The goal of the Program is to increase access to and the number of transfer pathways from which prospective students may choose to pursue a baccalaureate degree while seeking to reduce overall costs of education.

EPCC is focused on creating a pathway to success for its students’ and the State of Texas by closing the skills gap and improving 21st century education. The mission of the college is to provide accessible quality and affordable education while delivering students with academic, professional and personal growth. The goals of the college are twofold: to prepare students for the workforce; and to enable a transfer pathway to a baccalaureate degree in where they can succeed and thrive.

Purpose

The purpose of this Agreement is to foster engagement of pre-transfer students in communications with TTU and provide them a transfer pathway from EPCC to TTU for completion of a baccalaureate degree. - Increase awareness of educational and student support opportunities available;
- Encourage currently enrolled transfer students to complete their associate's degree;
