

Contract to Earn Honors Credit towards fulfillment of Honors Requirements

With approval from faculty and the Honors College, students may earn credit towards their Honors requirements through a mutual agreement for activities pursued in a course that is not designated an Honors course. Students must submit a **completed, signed** contract to the Honors College (honors.advising@ttu.edu) **no later than census day** of the semester for which the contract is requested.

All contract work must be submitted to your professor by the last day of class. The student must receive a grade of "B-" or better to earn Honors credit.

Describe in detail the work that will be required of the student to receive Honors credit. Contracts should be for work that qualitatively enhances the activities pursued already within the non-Honors course, and which expands engagement with the content and faculty member. Examples include (but are not limited to): problem-based, team-based, civically engaged, and inquiry-based assignments.
