## Sample List of Expectation

---

DEPARTMENT LETTERHEAD

TO: New Staff Member's Name

FROM: Supervisor's Name

SUBJECT: Expectations

DATE:

---

This memorandum sets the general expectations for (Name of Department).

### **EXPECTATIONS:**

**Customer Service:** I expect that we will work together as a staff to greet each customer as they walk in our door and help them find what they need either in our department or other departments on campus. I expect that when a customer walks out our door that they feel that they have been serviced well and leave with the information they were seeking.

**Correspondence:** Much of what we do each day revolves around calls, emails and IM's. I expect we will be professional in all our correspondence with customers. In addition, my expectation of all of us is that if we are sending out major correspondences that we all proofread the material before it goes out. It is also my expectation that if we use any logos, etc. that we check to make sure it is in compliance with Marketing and Communications.

**Staffwork:** We are a small staff, so I expect that each of us will jump in to help make all the events we do run smoothly.

**Enthusiasm:** I want you to be happy in your job and my expectation is that you will want to come to work and be a major part of what we are doing together on behalf of those who work at Texas Tech. Let's strive to always look at the positive in people and our work in general.

**Students:** Texas Tech is dedicated to student success by preparing learners to be ethical leaders for a diverse and globally competitive workforce. Part of our role in this mission is to help our student assistants develop professionally. My expectation is that we will make our student assistants feel that they are valued members of our staff. I expect that we will demonstrate professionalism to them in all our interactions with them. If you ever

have an issue with a student assistant, please let me know so we can resolve the issue. Please keep me informed on work or special projects given to student assistants.

**Dress:** I expect for each employee to dress according to the departmental dress code which has been outlined by the Director and is located on the departmental share drive.

**OFFICE PROCEDURES:**

**Tardy/Absent:** The goal is for each of us to be here ready to assist our employees by 8 a.m. If you are going to be more than 5 minutes late, please text or call me and let me know. If you are going to be absent for an unplanned reason, please let know as soon as possible, preferably by 7:15 a.m. the morning of the absence.

**Vacation:** Normal vacation time and /or planned absences should be scheduled as far in advance as possible to allow for planning. Vacation requests should be made at least 2 weeks in advance. I do understand events happen with less planning at times, so we will work with each vacation request on a case by case basis.

**Communication:** I expect each of you to communicate openly and honestly with me and all the members of our department. I have an open-door attitude and want you to feel the freedom to talk to me about any issue you may have. If there is an issue, let's work it out together, early on, before it becomes more of a problem. I also welcome hearing from you about areas of professional growth you are interested in pursuing. I will encourage and support you within the bounds that I am able to do so.
