Important Notes

**What is ePEF?**
The electronic Personnel Exception Form (ePEF) is an application designed to standardize and automate the current exception request process for both faculty and staff. ePEF allows supervisors to electronically request policy exceptions for direct appointments, educational qualifications, and salary increases of 10% or more per annum. This application allows supervisors and approvers to access their submitted forms so they can track and review requests on current and previous exceptions.

**How do I access ePEF?**
ePEF can be accessed by using your eRaider credentials at https://apps.hr.ttu.edu/epef.

**Who can submit an ePEF?**
The ePEF should be originated by the supervisor who is requesting the exception for their employee. Employees cannot originate an ePEF in which they are the intended recipient of the request.

**What is the approval process?**
Staff exception requests should be routed through the appropriate approval chain established by the requesting employee’s department to Grace Hernandez, Chief of Staff, for review.

Faculty requests should be routed throughout appropriate approval chain to Genevieve Durham, Sr. Vice Provost, who will then forward the Provost’s Office recommendation to the President’s Office for final decision.

**How do I approve an ePEF?**
As an approver, you will review an email from HR Systems TTUS with a distinct link to either approve, return with revisions, or decline the ePEF. If you missed the email or accidentally deleted it, all requests can be easily accessed by logging into https://apps.hr.ttu.edu/epef.

**What happens after I submit a request?**
Once submitted, you can track the progress of your requests by logging into https://apps.hr.ttu.edu/epef.

**What personnel exception reasons can be submitted through this automated form?**
- Direct Appointment
- Educational Qualifications
- Salary Increased over 10% per annum

Direct Appoint Requests

Texas Tech University is an equal opportunity employer committed to principles of both equity and excellence in its hiring practices. For most positions within the University, identifying a well-qualified available pool of applications requires that the position be effectively advertised and actively recruited for. When a college of department determines that the qualifications for a position are so specialized that posting the position and actively recruiting for applications is unwarranted, an exception to this policy may be requested. All hires must be based on merit.

The Direct Appointment request may also be used for negotiated hires in faculty recruitment packages or spousal accommodations.

STEP 1:
Select the Exception Reason drop-down menu and select Direct Appoint. See Figure 6.
