### CURRICULUM DESIGNED FOR YOU

With over 50 years of experience developing curriculum and ten years of online delivery of materials, we are continuing to meet the needs of FCS teachers across the nation. Our curriculum is written by former FCS teachers and covers a wide variety of topics in each FCS pathway.

Our online format provides smooth navigation so teachers have the ability to access the resources they need to meet the challenges of education today.

### THE TEACHER MATERIALS ARE

- Based on the objectives of both the FCS National Standards and TEKS.
- Organized so the teacher can follow the outline and be assured that all student-essential skills are addressed.
- Labeled for FCS National and Texas standards; Pre-PAC correlation; FCCLA and TAFE correlation; type of activity; topic key word; correlation to language arts, math, science, social studies objectives, and personal financial literacy; student technology usage; and additional resources.
- Hyperlinked to supporting materials for easy access.
- Formatted consistently for ease of use.
- Printable for teacher convenience.
- Accessed easily with a computer, internet connection, and programs such as Word, PowerPoint®, and Adobe Reader.
- Updated continually to meet the needs of FCS classrooms.

### THE STUDENT MATERIALS ARE

- Designed to elicit students' active involvement in learning.
- Formatted so that teaching aids may be manually or electronically completed.

### MEMBERSHIP PRICING

- Memberships are for 12 months and may be started at any time.
- One teacher - one course: \$250
- Same teacher - additional course(s): \$200
- One teacher - access to 8 courses: \$1000
- Blackboard CE Access and Administration Fee: \$75
- If ordering more than 20 courses, please call for custom pricing (excludes 8 course packages).
- For more information or for help building your own custom curriculum package, call 806.742.3029 Monday through Friday from 7 a.m. to 4:30 p.m. CT

## TODAY'S LIFE SKILLS

TLS is an evidence-based curriculum developed by The Curriculum Center that helps further development of students in the areas of personal development, health and wellness, citizenship, communication, consumer skills, employability, parenting and child care, and balancing work and family.

## TEA: GYOI

The Texas Education Agency supports Grow Your Own programs throughout the state as part of the TEA Strategic Plan 2017-2021, set forth by Commissioner Mike Morath. The programs aim to elevate the teaching profession in Texas by developing high-quality Education and Training courses at the high school level and by creating teacher pipelines to increase the pool and diversity of Texas' future classroom leaders.

## MENTAL HEALTH WORKBOOKS

Making Sense of Me contains 13 lessons for teachers and parents to begin the conversation about our environment, senses, memories, emotions, and thoughts. These lessons are targeted to children ages 7-13.

Behind the Mask is for ages 13 to adult and helps students learn the importance of being authentic with others and themselves. It teaches the reader to identify what it is they need, and how to ask for help in getting their needs met.

## DOLLARS AND SENSE

The CCFCs Dollars and Sense curriculum focuses on consumer practices and responsibilities, money-management processes, decision-making skills, impact of technology, and preparation for careers.

## FARM TO TABLE

Farm to Table is a new curriculum focusing on six major areas: Farmers Markets as entrepreneurial endeavors, Ocean to Table practices, sugar and honey production, gardening to produce food for culinary arts experiences, food science and sustainability, and protein and dairy production. The curriculum will expose students to different aspects of farm to table practices and allow them the opportunity to learn healthy and sustainable eating habits.

## FREE TEACHER RESOURCES

Free teacher resources, including 32 editable rubrics, projects, and scope and sequences, are available on our website for your use.

# DVD RESOURCES
