The University has allocated 12 **thirty-minute** spaces for use by parents enrolled in the center. These spaces are not intended for use for more than this allotted time. If there is not a space available please see parking control personnel located in the booth for direction about where to park.

Do NOT ever park in a *no parking zone*, in a *handicapped parking space* (there is one located in the nursery parking area) or in a *reserved space*. If you will need to be in the center for more than 30 minutes, please contact parking control. If there is a center-wide event that will require parents to be in the center for more than 30 minutes the center will notify traffic and parking so that tickets will not be issued. **The CDRC cannot have tickets dismissed.**

I agree to abide by the terms and conditions of the Traffic and Parking rules and regulations. I also understand that my parking privileges will be canceled upon un-enrollment of my child from the CDRC.
