# Texas Tech University Didactic Program in Dietetics

## 1. Description of the Program

The Didactic Program in Dietetics (DPD) at Texas Tech University (TTU) is accredited by The Academy of Nutrition & Dietetics (AND) and the Accreditation Council for Education in Nutrition & Dietetics (ACEND). The DPD is designed to offer students a foundation of knowledge and skills for entry into the profession of dietetics or related field. Upon successful completion of the program requirements, students earn a Bachelor of Science in Nutritional Sciences with a concentration in Dietetics. In order to become a registered dietitian nutritionist (RDN), graduates must complete an ACEND-accredited dietetic internship (such as the post-baccalaureate internship offered at Texas Tech) which includes a minimum of 1000 hours of supervised practice to gain the competencies needed to be an entry level dietitian. After successful completion of both an ACEND-accredited undergraduate and an ACEND-accredited supervised practice program, the student is eligible to take the dietetic registration examination.\* Note, effective January 1, 2024, a graduate degree will be required to be eligible to take the Commission on Dietetic Registration. The dietetic registration examination requirements are set by the Commission on Dietetic Registration (CDR). Upon passing the exam, the student is then able to use the credential of RDN.

Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics, 120 South Riverside Plaza, Suite 2190, Chicago, IL 60606-6995, 1-800-877-1600 ext. 5400.

<https://www.eatrightpro.org/acend>

Commission on Dietetic Registration of the Academy of Nutrition and Dietetics, 120 South Riverside Plaza, Suite 2190, Chicago, IL 60606-6995, 1-800-877-1600 ext. 5500.

<https://www.cdrnet.org/>

For more information about the TTU DPD, go to <http://www.depts.ttu.edu/hs/ns/bachelors-dietetics.php>

## 2. Mission and Goals

### Mission of Texas Tech University

As a public research university, Texas Tech advances knowledge through innovative and creative teaching, research, and scholarship. The university is dedicated to student success by preparing learners to be ethical leaders for a diverse and globally competitive workforce. The university is committed to enhancing the cultural and economic development of the state, nation, and world.

### Mission of the College of Human Sciences

The College of Human Sciences provides multidisciplinary education, research, and service focused on individuals, families, and their environments for the purpose of improving and enhancing the human condition.

### Mission of the Nutritional Sciences Department

The Department of Nutritional Sciences endeavors to advance the field of nutritional sciences and equip individuals towards making a positive contribution to society as a whole through quality education, research and service.

### Mission of Didactic Program in Dietetics

The mission of the DPD Program is to prepare high-quality graduates for supervised practice leading to eligibility for the CDR credentialing exam to become a registered dietitian nutritionist by offering core knowledge and skills through quality education for the purpose of enhancing nutritional needs of society.

## DPD Program Goals

**Goal 1: Graduates will be equipped in a timely manner for successful placement in supervised practice and/or admission into graduate school.**

Objectives:

- At least 80% of program students complete the program/degree requirements within three (3) years (150% of the program length).
- At least 60% of program graduates apply for admission to a supervised practice program prior to or within 12 months of graduation.
- At least 60% of program graduates are admitted to a supervised practice program within 12 months of graduation.
- At least 80% of program graduates who apply to a supervised practice program within 12 months of graduation will be accepted.
- When surveyed, at least 80% of responding supervised practice program directors state they would accept another Texas Tech DPD graduate into their supervised practice program.

**Goal 2: Graduates will be prepared to successfully complete supervised practice programs leading towards credentials for a career in dietetics.**

Objectives:

- The program's one year pass rate (graduates who pass the registration exam within one year of first attempt) on the CDR credentialing exam for dietitian nutritionists is at least 80%.
- When surveyed, at least 80% of the responding supervised practice program directors agree that TTU graduates were prepared and able to perform the responsibilities of their supervised practice.
- When surveyed, at least 80% of responding program graduates completing a supervised practice agree that the program prepared them well for supervised practice.

**\*\*\*Program outcomes data are available upon request.\*\*\***

## 3. Nutritional Sciences and Dietetics Degree Information

The TTU program offers students three options within the Bachelor of Science in Nutrition degree:

1) Nutritional Sciences and Dietetics; 2) Pre-Professional; or 3) Teaching Certificate. Choosing an option will depend on the student's future professional or career goals.

The focus of this Handbook is the Nutritional Sciences and Dietetics option. Only those students following the Nutritional Sciences and Dietetics option are part of the DPD program which was introduced above. The remaining three options are in place for those whose future goals do NOT include becoming a registered dietitian nutritionist. The following sections will provide an overview of each the four degree options.

### A. Bachelor of Science: Nutritional Sciences and Dietetics Option

The Nutritional Sciences and Dietetics option should be selected by students who plan to complete an accredited dietetic internship and become a Registered Dietitian Nutritionist. The degree plan requires a strong science background supported with courses in chemistry, biochemistry, human anatomy and physiology, and food microbiology/sanitation and safety (<http://www.depts.ttu.edu/hs/ns/undergraduate/>). As a student in dietetics, science of nutrition, science of food, food service systems management, nutrition in the life cycle, medical nutrition therapy, community nutrition, nutrition counseling, nutrition research, and emerging trends in food science and nutrition will be studied. Students also learn simple research techniques and education strategies by conducting individual projects and analyzing diets using computer programs.

Our program emphasizes the role of food and nutrition in the health and well-being of people. The specialization prepares competent professionals for a variety of roles in food and nutritional sciences and dietetics, including those who do not complete an internship. Employment options include positions with hospitals, community and government agencies; day care centers, schools, wellness clinics; Women, Infants and Children (WIC) program; the armed services; Cooperative Extensions; food service operations; health promotion organizations;

pharmaceutical, business and industry, and other nutrition related areas. For more information about careers in dietetics, download the RDN Fact Sheet at: <https://www.eatrightpro.org/acend/students-and-advancing-education/information-for-students/registered-dietitian-nutritionist-fact-sheet> . For additional information on occupational outlook and opportunities for dietitians and nutritionists visit: <http://www.bls.gov/ooh/healthcare/dietitians-and-nutritionists.htm>.

Students may declare Nutritional Sciences and Dietetics as their major in the freshman year. Please go to following link to view the current year's degree planning form and recommended sequence of courses: <http://www.depts.ttu.edu/hs/ns/undergraduate/index.php>

If you are following a previous year's degree plan please use the following link: <https://www.depts.ttu.edu/hs/ns/undergraduate/index.php>

It is important to follow the course sequence to ensure that prerequisites are met and that courses are taken in the most expedient and intended sequence to maximize your learning and mastery of the material.

**Criminal Background check** requiring students to provide, at minimum, their driver's license number will be conducted at the beginning of NS 4130-Field Work. Any student who has been convicted of a felony will not be allowed to complete this required course.

**Liability Waiver for Courses with Practicums.**

For courses that include practicum's that require travel to sites off campus the student is required to sign a Student/Participant Release and Indemnity Agreement.

The following is a link to the Student Release form. <http://www.depts.ttu.edu/opmanual/OP79.13B.pdf>. This form releases Texas Tech University from any liability during travel or during at the facility per OP 79.13: <http://www.depts.ttu.edu/opmanual/OP79.13.pdf>

**B. DPD Entrance Requirements: The entrance requirements for the Texas Tech Didactic Program in Dietetics** is granted based on the following criteria which can also be found at: <http://www.depts.ttu.edu/hs/ns/bachelors-dietetics.php>

**Texas Tech University  
Didactic Program in Dietetics (DPD) Acceptance Requirements**

**Nutritional Science DPD program plan will be required for entrance into the DPD program. These criteria apply to incoming freshmen, transfer students, and students who have changed their major to NSCD.**

1. Average of 3.0 GPA or better in the following courses	2. Grade of C or better in the following courses
NS 1201-Intro to Dietetics	CHEM 1307 & CHEM 1107-Principles of Chemistry I & Experimental Principles of Chemistry
NS 1410-Science of Nutrition	CHEM 1308 & CHEM 1108-Principles of Chemistry II & Experimental Principles of Chemistry II
NS 2310-Principles of Food Preparation/Science of Food	CHEM 2303 & CHEM 2103-Introductory Organic Chemistry & Experimental Introductory Organic Chemistry
	ZOOL 2404- Human Anatomy & Physiology II

**3. 3.0 overall GPA** after taking all of the above courses **AND** after at least 60 total hours have been taken:

4. Brief essay (250 words or less) stating *why* you want to be in the dietetics program at TTU and why you want to work in the nutrition/dietetics field.
5. Complete an online DPD application *during the last semester you completing* all of the course requirements above. Click on this link to complete your application:  
[https://ttuhumansciences.qualtrics.com/jfe/form/SV\\_1AdupxS4UmlaJrT](https://ttuhumansciences.qualtrics.com/jfe/form/SV_1AdupxS4UmlaJrT)

**C. DPD Continuation Requirements: The following outlines criteria for continuation in the Texas Tech Didactic Program in Dietetics:**

1. In addition to successful completion of grades, the DPD program evaluates student progress twice throughout a student's degree plan.
2. First is their application into the DPD program. Requirements for this are found above.
3. The second assessment comes prior to registration to NS 4315 (formerly 4201)-Professional Issues in Dietetics. Students who do not have an overall GPA of a 3.0 or better must meet with the DPD Director prior registering for this class.
4. Once a student has been accepted into the DPD program, there are 4 semesters remaining on the degree plan. Generally, it should take 2 years to complete the program. However, if a student chooses to take fewer courses per semester this may take additional semesters.
5. The university does not have a policy for restricting maximum amount of time to complete a degree. The university course catalog expires after seven years. If a student is still working towards their degree after seven years, they will be required to change to a more recent catalog year. If the more recent catalog year has changes in the degree plan, the student will have to abide by the new catalog year degree plan. However, for courses that have not changed they will still be applicable to the degree.
6. If a student is away from the university for a full long (Fall or Spring) term, they may have to apply as a former tech student. [https://www.depts.ttu.edu/admissions/apply/status/returning\\_other/former/](https://www.depts.ttu.edu/admissions/apply/status/returning_other/former/)
7. If a former DPD student requires readmission to the university, they will also need to reapply to the DPD Program.

In addition to the above criteria, formal learning assessment is provided by the successful completion of each required course in the degree plan. Grades are assessed by the individual instructor. The instructor assigned to a course has the responsibility for determining a grade and for judging the quality of academic performance

**D. Transfer of Credit:**

To apply course work from another academic Institution:

- Refer to Texas Common Course numbers for course equivalences in the Undergraduate Catalog.

- You must have an official transcript sent to the TTU registrar's office (Transfer Evaluation Office, room 110 of West Hall).
- Currently enrolled students must receive approval from an advisor to take courses off campus.
- A maximum of 66 semester credit hours may be applied towards the degree requirement from a two-year college.

**Students declaring Nutritional Sciences and Dietetics** as a degree plan AND plan to transfer a nutrition course into Texas Tech must have all nutrition course materials reviewed by the DPD Director and the COHS advising staff.

The following courses will substitute for required DPD courses:

- Microbiology for FDSC 3303-Food Sanitation
- Accounting for HRM 3322-Cost Control II
- Public Speaking for CFAS 2300 for Communications, Civility & Ethics
- Management for HRM 4332-Leadership in the Services Industry

The NS program grants credit from transfer students based on the Texas Tech University Transfer Evaluation Office. A student may be granted credit for a course where the student earned a C or better. The university website assists students and faculty to determine how transfer courses will transfer into Tech, but only includes lower level courses, such as English, chemistry, history and other basic courses.

<http://portal.reg.ttu.edu/transfer/teo>

If a student has completed a basic nutrition course and wishes to transfer that course into Texas Tech it will only be accepted with the following provisions:

- They earned a C or better in the course they are transferring into Texas Tech
- They pass the NS 1410 exemption exam with a 70 or better

*All other courses are evaluated by the DPD Director by reviewing the actual course syllabus. The student may be required to pass the final exam for a course that they are seeking transfer credit in order for those courses to be accepted. Depending on the course, the DPD Director may consult with the faculty member who teaches the course for further review before accepting the transfer course. Each transfer students' transcript is evaluated on a case-by-case situation.*

**International students** must first have their transcript evaluated by one of the independent foreign degree evaluation agencies approved by ACEND. <https://www.eatrightpro.org/acend/students-and-advancing-education/information-for-students/foreign-degree-evaluation-agencies> .

The DPD Director will then determine which courses the student must complete in order to receive a Verification Statement. The following courses are not approved to be transferred in by international students, and must be taken at Texas Tech University

- |  |   |
|--|---|
| • NS 2310-Science of Food                    | • NS 4220-Medical Terminology                           |
| • NS 2380-Cultural Aspects of Food           | • NS 4330-Community Nutrition                           |
| • NS 3310-Intro to Medical Nutrition Therapy | • NS 4340-Medical Nutrition Therapy I                   |
| • NS 3411-Dietetic Counseling Strategies     | • NS 4341-Medical Nutrition Therapy II                  |
| • NS 3470-Institutional Food Systems         | • NS 4350-Emerging Issues in Food Science and Nutrition |
| • NS 4201-Professional Issues in Dietetics   |   |

These courses must be taken at either Texas Tech University or an American college/university:

- CFAS 2300 Communication, Civility & Ethics

**All other courses are reviewed by the same process as other transfer students.**

## 4. Transient/Non-Degree Seeking

Visiting transients, also known as non-degree seeking students, are students that wish to take coursework with the university, but without the intent of pursuing a degree from Texas Tech. Examples of students considering enrollment as a Transient/Non-Degree student include:

- Students who have already been awarded a baccalaureate degree but wish to take additional credit for postgraduate or workforce development purposes, ***such as is the case with our online DPD.***

More information can be found at:

[https://www.depts.ttu.edu/admissions/apply/status/returning\\_other/nondegree/](https://www.depts.ttu.edu/admissions/apply/status/returning_other/nondegree/)

## 5. Verification Statement

Verification Statement of Completion

- This is a document which verifies that a student has completed the DPD requirements to apply for a dietetic internship program OR to apply to take the national exam for Dietetic Technicians, Registered (DTR), and is signed by the Director of the DPD program.
- **Students must complete DPD courses with a grade of “C” or above in order to receive a verification statement.**
- **NSCD Students must complete all courses on their degree plan with a grade of “C” or above in order to graduate.** Contact the COHS advising office and the DPD Director for guidance.

Graduates with a Verification Statement may apply to an ACEND accredited internship (such as the post-baccalaureate internship offered at Texas Tech). The internship program includes a minimum of 1000 hours of supervised practice to gain competencies needed to become an entry-level dietitian.

After the dietetic internship, graduates qualify to take the national examination administered by the Commission on Dietetic Registration (CDR) to become a Registered Dietitian Nutritionist. **\* Note, effective January 1, 2024, a graduate degree will be required to be eligible to take the Commission on Dietetic Registration.**

Successful completion of the dietetic internship and the registration exam meets the requirements to be a Registered Dietitian Nutritionist. Additionally, the majority of states require RDNs to be licensed in their state of practice. A full listing of state licensing agencies and their contact information can be found at

<http://www.cdrnet.org/state-licensure-agency-list>

## 6. Grievance Procedures

The Student Resolution Center at Texas Tech University provides informal, neutral, and confidential dispute resolution services <http://www.depts.ttu.edu/studentresolutioncenter/>. The center is found in the Student Union building (East Basement room 024) 806-742-7233. The center staff assists people with interpersonal misunderstandings or disputes as well as those with concerns about academic or administrative issues. The Resolution Center attempts to help individuals resolve their concerns fairly and, if possible, informally. Grievance procedures are described in the DPD Student Handbook and Code of Conduct (found at <http://www.depts.ttu.edu/dos/handbook/>) and questions may be directed to the Ombudsman 024 East basement Student Union, (806) 742-7233. Further information may be found at:

<http://www.depts.ttu.edu/studentresolutioncenter/>.

For matters specific to the Nutritional Science Dietetics program students are encouraged to try and resolve the problem within the Texas Tech University System. The issue should be addressed with the DPD Director, faculty member involved, and/or department chairperson initially. If the issue is determined to be an issue for ACEND and **ONLY after all other options with the Texas Tech University program are exhausted** may students submit complaints directly to ACEND. ACEND may be contacted via their website at <https://www.eatrightpro.org/acend>

or (800) 877-1600, or write:

Accreditation Council for Education in Nutrition & Dietetics  
The Academy of Nutrition & Dietetics  
120 South Riverside Plaza, Suite 2190  
Chicago, IL 60606-6995  
e-mail: [ACEND@eatright.org](mailto:ACEND@eatright.org)

## 7. Application to Dietetic Internships (DI)

The following is a guideline for students who graduate from Texas Tech University's DPD program with a Bachelor of Science in Nutritional Sciences degree. Typically the next step after graduation and upon receiving a verification statement is completion of an ACEND accredited internship.

1. All students graduating from Texas Tech University are required to take a transition course. These courses are designed to transition students from college life to their career. Nutritional Sciences and Dietetics degree plan requires students to take NS 4201-Professional Issues in Dietetics to specifically meet the needs of students applying to dietetic internships. **A minimum of a 3.0 GPA is required to register for this course**, and it is taken the last fall semester before graduation.
2. There are two starting dates for Dietetic Internship programs. One in the fall and another in the spring. Applications are due in mid-February for internship programs beginning in the fall. For programs beginning the first of the calendar year, applications are due mid-September.
3. A complete list of all the accredited internship programs is available from <https://www.eatrightpro.org/acend/accredited-programs/dietetic-internships>
4. Internships applications are completed online at <http://portal.dicas.org>.
5. Most Dietetic Internship (DI) Programs select applicants for appointments through a national computer matching process (<https://portal.dicas.org/>). This process occurs twice a year, in the Spring (appointments are made in April) and in the Fall (appointments are made in November). The majority of DI programs participate in the April or November match, but some participate in both. You must register for the match via an online registration at: <http://www.dnndigital.com/ada/index.php>. For more information on the internship selection and matching process please visit: <http://www.dnndigital.com> or call 515-292-0490, or e-mail <https://www.dnndigital.com/>.
6. For further information about the internship application process at TTU and matching program please visit with the DPD director, Holli Booe, MS, RDN, LD in the Human Sciences Building, room 281-Q.
7. You are responsible for requesting a "**Declaration of Intent to Complete**" from the director of the DPD program to be included with your internship application if all required courses have not been completed by that time. This form identifies courses that are in progress or will be taken to complete your DPD requirements. This request must be done online at <http://portal.dicas.org>. If you have completed all course requirements at the time of your internship application, you will be given a "**Verification Statement**" indicating this upon graduation.
8. You will need to request references from faculty members and work supervisors to include as part of your application. Three letters of recommendation are required for all DI application. This is also done online at <http://portal.dicas.org>.
9. Become familiar with all the requirements for the internship of your interest. For example: Internships associated with an academic institution may require taking the GRE and a graduate program application.
10. The majority of students who are accepted into an internship have a GPA of 3.4 or better. In order to improve your chances of being accepted into a dietetic internship make every effort to perform well in your classes.

## 8. Student and Professional Organizations

During your time at Texas Tech University, you will have several opportunities to become involved with nutrition-related organizations on campus as well as on the local, state, and national levels. Membership in these organizations provides an opportunity to gain experience and network within the nutrition and dietetics fields.

### **Texas Tech Student Dietetic Association (SDA)**

SDA is a service oriented pre-professional organization for Nutritional Sciences students. Some information included on this website: [https://ttu.campuslabs.com/engage/organization/student\\_dietetic\\_association](https://ttu.campuslabs.com/engage/organization/student_dietetic_association)  
An Instagram (ttusda) and Facebook page ( <https://www.facebook.com/RedRaiderSDA/> ) are also maintained by the SDA group.

- Membership Information
- Scholarships
- Volunteer Activities
- Upcoming Events
- Contact Information
- Pathways to an Internship

### **Texas Academy of Nutrition and Dietetics-North Region**

Texas Academy of Nutrition and Dietetics-North Region is an organization for dietetic professionals in Lubbock, TX and surrounding towns. Dietetic students are encouraged to attend meetings to obtain professional resources, updates on trends, and network with local dietitians. Meetings are announced via email to SDA members or you can find the dates of meetings and other information at their website: <http://www.eatrighttexas.org/>

### **Texas Student Dietetics Association (TSDA)**

TSDA is the statewide branch of the Texas Academy of Nutrition and Dietetics. With 20 chapters across the state, TSDA connects Texas students in the field of dietetics. Members of TSDA obtain the resources to be involved not only at their university in the Student Dietetic Association local chapter but also at the district, state, and national levels. <https://texasdieteticstudents.com/>

### **Texas Academy of Nutrition & Dietetics (TAND)**

TAND is an organization of dietetics professionals and students in Texas whose main goal is to promote optimal nutrition. Student membership in the Academy of Nutrition & Dietetics and residency in Texas automatically enures your membership in TAND. Some information included on this website: <http://www.eatrighttexas.org/>

- Membership Information
- Scholarships
- Meeting Information
- Scholastic Program Information
- Employment Opportunities
- Nutrition Resources
- Contact Information

### **The Academy of Nutrition & Dietetics (AND)**

AND promotes optimal nutrition and is the largest organization of Food and Nutrition professionals. Some information included on this website: [www.eatright.org](http://www.eatright.org)

- Career Information
- Membership Information
- Scholarships
- Journal of The Academy of Nutrition & Dietetics
- Nutrition Information
- Scholastic Program Information
- Educational Resources
- Pathway To Becoming A Registered Dietitian
- Undergraduate and Internship Programs

*\*Student membership at the National level (AND) provides membership to the State and Local affiliates.\**

## **9. Academic Advising Services – College of Human Sciences**

The COHS advising staff is responsible for assisting students from orientation to graduation. Students should visit [http://www.depts.ttu.edu/hs/current\\_students/advising.php](http://www.depts.ttu.edu/hs/current_students/advising.php) to obtain information on updates prior to advance registration periods. Schedule of Classes, registration adding and dropping classes, payment of fees, and individual degree can be found at MyTech on Raiderlink. Students needing additional assistance may visit with an advisor on a first come, first served basis or by appointment.

### **Office of Academic Advising Services**

Human Sciences, Room 159. Phone: 742-1180

Office hours: Monday – Thursday 8:00am-6:00pm, Friday 8:00am-12:00pm and 1:00-5:00pm

For additional information or to schedule appoints email the advising office at: [hs.advising@ttu.edu](mailto:hs.advising@ttu.edu)

## **Specific Degree Requirements**

All Human Science degree plans can be viewed online at: [http://www.depts.ttu.edu/hs/current\\_students/degree-plans.php](http://www.depts.ttu.edu/hs/current_students/degree-plans.php)

## **10. General University Policies and Procedures**

University life can sometimes be frustrating and overwhelming. Many times these feelings result from a lack of knowledge about how the university operates and not knowing where to go to get information. Helpful information may be obtained from [http://www.depts.ttu.edu/hs/current\\_students/advising.php](http://www.depts.ttu.edu/hs/current_students/advising.php) or in person from **Academic Advising Services, HS Room 159.**

### **User Accounts and Portals**

#### **R#**

Your R# is your official Texas Tech Student ID number. It is an 8-digit number, preceded by the letter "R". This located on your student ID and will never change. Your R# will be used to verify your identity for exams, and other secure areas such as DegreeWorks.

#### **e-Raider**

Every student registered at TTU will be assigned an eRaider login. Your eRaider account is your TTU electronic identification. Your eRaider is a single username and password that is required to access many resources at TTU.

Your eRaider account allows you to access your TechMail (e-mail), Blackboard which is how you access your courses, the Internet on campus, RaiderLink for registration and information, enroll in computing ShortCourses, take advantage of online training, create a personal website, download free software, and much more.

If you cannot remember your eRaider logon and password, please call 806-742-HELP, IT Help Central.

### **Texas Tech University Undergraduate Catalog**

This is possibly the most valuable book you will have during your entire college career and it's free! Whenever you have questions concerning the university, your degree plan, rules and regulations, you should refer to the catalog that *corresponds with the year that you began your current course of study in a particular major*. The following information appears in the Texas Tech University Undergraduate Catalog and can be viewed online at: <https://catalog.ttu.edu/>

Typically the online version is the most up to date.

## Registration Process

Each semester a period of registration is held in which the process of enrollment for the next semester is carried out. This is a very important event which occurs in November for the spring semester and in April for the summer and fall semesters. In order to participate and ensure a smooth advance registration, there are some steps that you need to take. To determine when you are eligible to register you will go to raiderlink. For help with registration and advising FAQs go to this link:

<http://www.depts.ttu.edu/education/advising/undergraduate/registration.php>

Most students do not need to see an advisor every semester. You can schedule an appointment with your advisor online. Go to this website: [http://www.depts.ttu.edu/hs/current\\_students/advising.php](http://www.depts.ttu.edu/hs/current_students/advising.php) or go to [www.raiderlink.ttu.edu](http://www.raiderlink.ttu.edu) under MyTech tab and go to Advising tools and click on **Schedule an Advising Appointment**.

Students should follow their **Degree Plan**. Your **DEGREE PLAN** has Guidelines for Registration. Mark off the courses that will be completed by the end of this semester, and build your schedule using the courses remaining. The bolded courses are scheduling priority and must be taken in sequence. You can use the Schedule Builder link on the left side of the Advising home page [http://www.depts.ttu.edu/hs/current\\_students/advising.php](http://www.depts.ttu.edu/hs/current_students/advising.php) This link will direct you to enter your eRaider account information and take you to a Visual Schedule Builder. Enter your desired course information and the Visual Schedule Builder will refer to the TTU open class list and prepare a schedule for you!

## Course Hour Status

12 hours = Full Time load (often the minimum requirement to qualify for financial aid)

15 hours = Average load

20 hours = Overload (must have advisor approval)

## Registration

Check **Raiderlink MyTech for Students** ([www.raiderlink.ttu.edu](http://www.raiderlink.ttu.edu)) under MyTech (for Students) click on "Look Up Classes", under the Registration heading.

## When Can I Register?

Registration is based on current classification which is based on your current **earned hours** not including hours enrolled.

Freshman classification = 0-29 hours

Sophomore classification =30-59 hours

Junior classification = 60-89 hours

Senior classification = 90 or more hours

## Where to Register

All registration is done online. Students may register on any computer with internet access such as Human Sciences Computer Center in room 306, the ATLC in the basement of the library, or at home.

## Open Classes

Prior to registering, you should check to make sure the classes are open (*via the web for students*). Be sure and choose alternate sections or classes in case they are closed.

## Holds

Students should check Registration Status via the Student Account under MyTech (for students) via [www.raiderlink.ttu.edu](http://www.raiderlink.ttu.edu) for holds that may prevent you from registering. Consult the appropriate office to have the hold released (i.e. COHS *Academic Advisor, room 159*). **A registration hold** will be placed on your record during your first semester at TTU or if you are a new student to the College of Human Sciences. If you are not enrolled in HUSC 1100, you will need to see an advisor to have the hold cleared. As you **near graduation a registration hold** will be placed on your registration again. Schedule an appointment with your academic advisor early to be able to register. Appointments are available. **Don't wait until the last minute**. Go to this website: [http://www.depts.ttu.edu/hs/current\\_students/advising.php](http://www.depts.ttu.edu/hs/current_students/advising.php) to schedule an appointment with your advisor.

## Tuition and Payment Process

Tuition and Fees Estimated Cost of Attendance can be found at:

<http://www.depts.ttu.edu/financialaid/costToAttend.php>

Tuition and fees for the 2020-21 academic school year, based on 15 hour course load, are estimated as follows (not including books):

- Texas residents and bordering counties of NM or OK: \$11,600
- Non-resident \$23,870

100% of tuition (or 50% with a promissory note) is due before classes begin or **your classes will be cancelled**. If you add/drop courses after paying, be sure to check your balance in case additional fees are charged. **If there is a balance, your classes will be cancelled.**

## Billing Procedures

- Please refer to the Texas Tech Paying the Bill Checklist. This list helps to make sure you have completed every step necessary to pay your tuition:  
<https://www.depts.ttu.edu/studentbusinessservices/payingBill/payBillChecklist.php>
- **You will NOT receive a bill in the mail.** Billings will be sent via email to all preregistered students one month prior to the due date. E-bills will be sent to a student's TTU email address. Thus, it is even more imperative than before that students use/check their TTU email address.
- These bills will go to students email **ONLY** and not to their parents, students will need to be more proactive in ensuring that tuition and fees are paid by deadlines stipulated in order to avoid cancellation of their schedules. **There is no paper bill sent to you.**
- Students registering after preregistration or those making changes to their billing after the initial billing will receive weekly e-bill updates to their established email address or addresses.
- Students are billed based on their location of residence and location of classes. Students must verify their location or e-mail address each term when registering and may request a location change anytime at [www.raiderlink.ttu.edu](http://www.raiderlink.ttu.edu) Again, go to MyTech and look under **Manage My Finances**. Under **Student Business Services** you may click on eBill to make a payment.

**Student Business Services** is located in room 301 West Hall, 806-742-3272.

<http://www.depts.ttu.edu/studentbusinessservices/>

Student billing is processed by email through e-bill. No paper bills are sent. E-Bill supports Microsoft Internet Explorer 6.0, Netscape 7.x, and Firefox 1.x; other browsers may not function as anticipated.

- An E-Bill statement for each term will be sent to the student's TTU issued email and to other authorized users only. Students may also view their balance through their Raiderlink MyTECH account under **Manage My Finances**. Under **Student Business Services**
- Every student is still responsible for paying his/her account on time even if e-bill statement has not been received.
- During the term incidental fees (such as parking, meal plans, library fines, etc.) may be added to a student's account. Students are responsible for paying these incidental fees as they are incurred.
- E-Bill statements are updated monthly and are generally due by the 1st of the following month, unless otherwise specified.
- Accounts not paid timely will receive late fees. Visit the Student Business Services for more information.
- Registration and Transcript holds will be applied if accounts not paid in full when due. This will result in the student not being able to register for future terms.

## Student Financial Aid

The Office of Student Financial Aid provides financial assistance to students to pursue higher education.

Contact Information: <http://www.financialaid.ttu.edu/> Texas Tech University  
310 West Hall Office of Student Financial Aid  
Phone: (806) 742-3681 P.O. Box 45011  
Fax: (806) 742-0880 Lubbock, TX 79409-5011  
Hours: 8:00-am-4:00pm

## Withdrawal Policy

- **First-year freshmen entering Texas Tech in the fall of 2004 and thereafter** will be allowed to withdraw from only *four* classes during their college career. You may drop a course prior to the 45th class day of a long semester or the 15th class day of a summer term.
- **Transfer students entering in the fall of 2004 and thereafter** will be allowed only *three* withdrawals.
- Courses dropped during the period of ADD/DROP are not included, and does not count as a withdrawal.
- Regardless of a student's grade status at the time a course is dropped, only a W will appear on the student's records.
- When a student who entered Texas Tech in the fall of 2004 or thereafter has used all allotted W's, the student must complete every course taken and receive a grade.
- Grades of "I" (incomplete) will become F's after one calendar year if not completed.
- Last day to drop a course. The 45<sup>th</sup> class day is the last day to drop a course. The grade WF is hereby eliminated.
- An NP is given if the student has not paid certain fees by the end of the semester. If the student subsequently pays the fees, Student Business Services will notify the registrar, who will then record the academic grade earned.

## Optional: Graduate On Time (GOT) Contract

The GOT contract is a partnership between students and the university. Students who complete their degree in the recommended amount of time with no more than 3 attempted hours beyond what is required may receive a \$1,000 tuition rebate. For more information visit: <http://www.depts.ttu.edu/graduateontime/>.

## Refunds

1. Students must visit <http://www.raiderlink.ttu.edu> and select the MyTech tab to establish direct deposit information to elect refunds via ACH. Students must also have an active address in the TTU system for refunds to be processed. It is the student's responsibility to maintain a correct active address with TTU to ensure receipt of payments from TTU. For step by step instructions please visit this website: <http://www.depts.ttu.edu/studentbusinessservices/refund/refund.php>
2. Students should enter their bank routing and account numbers in My Direct Deposit available at <http://www.raiderlink.ttu.edu> in order to expedite refund availability. Students who do not provide ACH information or whose information is invalid will receive a paper check mailed to the address on file. For security purposes, all checks will be mailed. No checks will be distributed in person. Please go to **ASK RAIDER RED** on the Student Business Services site for any further questions or concerns.
3. All refunds for payments made by a credit card will go back as credits to the same card. (Except for financial aid).
4. Refunds will be processed multiple times a week during the beginning of the semester for those who have enrolled in My Direct Deposit. Paper checks will only be processed once weekly.
5. Students who drop or withdraw a class, but are still enrolled in other courses will be refunded 100% up through the 12<sup>th</sup> day of class. After that time there will be NO REFUND. See <http://www.depts.ttu.edu/studentbusinessservices/calendar/importDates.php> for specific dates.
6. Students who withdraw from the University will be refunded on the following schedule:

### **Fall or Spring Semesters:**

- 1<sup>st</sup> class day through 12<sup>th</sup> class day – 100% of tuition will be refunded for dropping a course
  - From the 13<sup>th</sup> to 20<sup>th</sup> class day – 50% of tuition is refunded, owe 50%
  - From the 21<sup>st</sup> day on – none of the tuition will be refunded, 100% owed
- See: <http://www.depts.ttu.edu/studentbusinessservices/calendar/withdrawDates.php> for specific dates.

### **Summer Terms:**

- 1<sup>st</sup> class day through 4<sup>th</sup> class day – 100% of tuition will be refunded
- Other days/dates for refunds vary based on the length of the summer term. Please refer to the link above for specific days/dates.

## **Grades**

A grade is assigned for all courses in which a student is enrolled during every semester and summer term. Grades of + or – may be given for all grades, but your GPA will only be calculated with the letter grade. For example, a student earning a “B” in a course receives 3 points per course hour AND a student earning a “B+” or “B-“ will also receive 3 points per course hour.

### **How to Figure Your GPA (Total Points divided by Number of Hours)**

A = 4 pts per hour Ex.) 3 Hr class where you make an “A” =12 pts.  
 B = 3 pts per hour Ex.) 3 Hr class where you make a “B” = 9 pts.  
 C = 2 pts per hour Ex.) 3 Hr class where you make a “C” = 6 pts.  
 D = 1 pt per hour Ex.) 3 Hr class where you make a “D” = 3 pts.  
 F = 0 pt per hour Ex.) 3 Hr class where you make an “F” = 0 pts.

Total	=15 total hrs	= 30 total pts.
-------	---------------	-----------------

To calculate the GPA for the above example semester, divide total points (30) by total hours (15) = 2.00 GPA

## **Grade Replacement**

After a course has been retaken, students may apply to the Registrar (West Hall 103) to file a petition for a grade replacement. **NOTE:** This does not happen automatically. You have to request the grade replacement in person.

- A grade replacement can only occur if a student earned a “D” or an “F”.
- No student may take a course for the third time without incurring a substantial fee.

## **Undergraduate Academic Status Policy-Disciplinary/Termination Procedures**

- Students must maintain a minimum adjusted GPA of 2.00 in order to stay in “Good Standing.”
- **A student whose adjusted GPA falls below 2.00 will be placed on “Scholastic Probation.”** Freshmen will be required to enroll in XL 0201 in the following semester.
- A student who is presently **on scholastic probation whose current GPA is 2.00 or higher but whose adjusted cumulative GPA is below 2.00 will be placed on “Continued Scholastic Probation.”**
- A student who is presently **on scholastic probation who has a current and Adjusted Cumulative GPA below 2.00 will be placed on “Scholastic Suspension”.**
- Undergraduate Academic Status Policy details can be found in the University Catalog at <http://www.depts.ttu.edu/officialpublications/>

## **Graduation**

Graduation is attained by fulfilling the requirements for a bachelor’s degree using an acceptable catalog edition. The student is responsible for fulfilling all catalog requirements. **At least one year prior to a student’s graduation semester, a Statement of Intention to Graduate form must be filed.** Substitutions and minor forms must be filed prior to or at the same time as the Statement of intention to graduate. After submission of the form, Academic Advising Services will audit the student’s degree plan and mail the student a Progress Report for Graduating Seniors, which is a copy of the courses that are lacking. Thereafter, you are to plan schedules according to remaining degree requirements. The Progress Report for Graduating Seniors will be reviewed prior to the last semester and students will be notified of any discrepancies, which may prevent graduation. Any change of the graduation date must be communicated to the office of Academic Advising Services. Additional requirements for graduation include the following:

- At least 25% of a student's degree plan must be taken at Texas Tech. The last 30 hours are to be taken in residence at Texas Tech unless permission has been granted by the Dean. This includes correspondence and off-campus courses.
- A minimum adjusted cumulative GPA of 2.00 for all courses, is required.

For more specific information, see the university catalog or online at:  
<http://www.depts.ttu.edu/officialpublications/>

### **Graduation with Honors**

Students graduating with designated cumulative grade-point averages are eligible to graduate with honors. To graduate with honors, at least one-half of the degree credit must be completed at Texas Tech and the one-half must include the senior year. Only grades earned at Texas Tech are counted, and only the cumulative GPA (not adjusted) is used to calculate honors. The three honor levels are as follows:

- 3.9 and above: Summa Cum Laude
- 3.7 to 3.89: Magna Cum Laude
- 3.5 to 3.69: Cum Laude

### **University Calendar**

The Texas Tech University Calendar is updated yearly and can be found in the university catalog and on the official publications website: <http://www.depts.ttu.edu/officialpublications/calendar/index.php>. The academic calendar is at the end of this Student Handbook.

## **11. Other Policies and Procedures**

The policies and procedures that follow have been developed by Texas Tech University and reflect the commitment of the University and the program to protect the rights of the students.

### **Equal Opportunity Policy**

“Texas Tech University is open to all persons eligible for admission as students regardless of race, color, religion, sex, age, national origin or disability. All students admitted to the university are treated without discrimination in regard to their participation in university educational programs or activities. The university does not discriminate on the basis of sex or disability in its educational programs.”

The above information appears in the Texas Tech University Undergraduate Catalog and can be viewed on line at: <http://www.depts.ttu.edu/officialpublications/>.

### **Protection of Privacy of Information Access to Personal Files**

#### **Family Educational Right and Privacy Act (FERPA)**

**Title 20, Chapter 31, Subchapter III, Part 4, Section 1232g; a.k.a. “Buckley Amendment”**

FERPA is a Federal law that protects students, giving them the right to:

- Inspect and review education records
- Request the amendment of education records
- Consent to the disclosure of personally identifiable information in a student's education record
- Obtain a copy of the school's Student Records policy
- You may file a FERPA complaint with the **U.S. Department of Education** at <http://www.ed.gov/index.jhtml> or Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, D.C. 2020-4605.

If you would like someone other than yourself to have access to your academic information, please complete the FERPA form. Complete the FERPA form **only** if you are giving someone permission to access your academic information. This form may be obtained at: <http://www.depts.ttu.edu/registrar/FERPA/FERPAWaiverForm.pdf>.

More information regarding FERPA can be found on TTU's website at [http://www.depts.ttu.edu/registrar/Academic\\_Information.php](http://www.depts.ttu.edu/registrar/Academic_Information.php).

Directory information cannot be released without written consent of the student, but students can request that this information **not** be released. To do this, the student must:

- Contact the **Registrar's Office** for release of information for the printed campus directory, according to the Student Affairs Handbook, Section IV.
- Go to **MYTech** at [www.raiderlink.ttu.edu](http://www.raiderlink.ttu.edu) then edit your **Personal Information** during the first twelve class days of any semester, or the first four class days of any summer term. (Restricted information remains so until revoked by the student.)
- The website for release of information for the **on-line campus directory**: <http://info.ttu.edu/>.

### Students Personal File

COHS Advising Office maintains a confidential file of each student that contains your visits with the advisors, acceptance record into the DPD Program and other pertinent information regarding your degree plan. You may request to see this file and must make a request in the Office of Advising in COSH 159.

### Academic Integrity:

It is the aim of the faculty of Texas Tech University to foster a spirit of complete honesty and a high standard of integrity. The attempt of students to present as their own, any work that they have not honestly performed is regarded by the faculty and administration as a serious offense and renders the offenders liable to serious consequences, possibly suspension. This policy applies to exams, quizzes, and all written assignments.

- **Cheating:** Dishonesty on examinations and quizzes or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination or quiz, obtaining information during an examination from the examination paper or otherwise from another student, assisting others to cheat, alteration of grade records, illegal entry to or unauthorized presence in an office are instances of cheating.
- **Plagiarism:** Offering the work of another as one's own, without proper acknowledgement, is plagiarism; therefore any student who fails to give credit for quotations or has essentially identical expression of material taken from books, journals, encyclopedias, magazines, and other reference works, or from the themes, or other writings of a fellow student, is guilty of plagiarism.
- **Questions with grading:** It is the responsibility of the student to retain all graded assignments and return the original assignment with the instructor's grade and comments before any adjustment will be made in regard to the assignment score, grade, or credit etc. A photo copy is not acceptable.

More information regarding Academic Integrity at Texas Tech can be found at: <https://www.depts.ttu.edu/studentconduct/academicinteg.php>

## 12. Student Support Services

The Division of Student Affairs supports and enhances the learning experience of students and the university community through quality activities, facilities, programs and services.

The links below will take you to important sites such as: the *Student Handbook and Code of Conduct* (where important policies and procedures are described and available student support services are offered.)

<http://www.depts.ttu.edu/dos/handbook/> .

## **College of Human Science Technology Services**

Provides high quality technical support for students within the College of Human Science. Maintains a computer lab for students to complete and print assignments. Located in room 306 Human Science. Open Monday-Friday. <http://www.depts.ttu.edu/hs/technologyservices/>

## **Student Disability Services**

Texas Tech University has one of the most comprehensive departments for students with disabilities in the state, where the Student Disability Services (SDS) staff provides a variety of accommodations and services for individuals with disabilities. Accommodations will be made in response to the specific disability. Located 335 West Hall, 806-742-2405. <http://www.depts.ttu.edu/sds/>

## **Student Success and Retention**

Texas Tech values your time. To help you make the most of it, we created <http://Strive.TTU.edu>. The system helps students, faculty, and staff members all connect for advising, tutoring, coaching, office hours, and many other important meetings. This system offers a quick way for every user to quickly connect with the best folks on our campus.

No matter what time of day you have the idea to schedule an appointment, this system will show you actual availability so you can schedule the appointment immediately.

Student Success and Retention <https://www.depts.ttu.edu/provost/success/> can help you find support for registration and finding help in a course, as well as link you with possible service or research opportunities. It can even help find a mentor or student organization.

## **TECHniques Center**

The TECHniques Center is a fee-for-service program of [Student Disability Services](#). The only tutoring program of its kind in Texas, the TECHniques Center provides supplemental academic support services to meet the needs of, and to promote the retention of, undergraduate students with documented evidence of Learning Disabilities and Attention Deficit/Hyperactivity Disorders. The TECHniques Center supports students in maintaining their focus, accomplishing their educational goals, and making education accessible to those who learn differently. Located in 242 West Hall, 806-742-2011 <http://www.depts.ttu.edu/techniques/> or email: [techniques.center@ttu.edu](mailto:techniques.center@ttu.edu).

## **Academic Testing Services**

Academic Testing Services will provide quality services that are integral to recruitment, admission, retention, graduation and post graduation testing needs of Texas Tech students and the larger community by:

- Offering a diverse range of testing options that provide access and opportunity to meet national, state, and institutional requirements.
- Offering flexible and extended testing opportunities that enhance patrons' abilities to meet institutional deadlines.
- Offering academic testing options that provide students with time saving alternatives that shorten the path to graduation

Located in 214 West Hall, 806-742-3671, <http://www.depts.ttu.edu/testing/>

## **Student Insurance**

All undergraduate students enrolled in 6 or more hours are eligible for a supplemental student health insurance plan.

Further information from the Texas Tech University Undergraduate Catalog can be viewed online at: <http://www.depts.ttu.edu/officialpublications/>.

## **Support Operations for Academic Retention (SOAR)/Learning Center**

The Learning Center offers a wide variety of services designed to increase students' academic effectiveness as well as enabling them to get the most out of their education. Supplemental Instruction (SI) targets historically difficult entry-level academic courses and offers students regularly scheduled, modified forms of discussion sessions conducted by SI leaders. Both of these services are located in room 80 in Holden Hall..

<http://www.depts.ttu.edu/soar/>

## University Writing Center

The University Writing Center offers undergraduates, graduate students, faculty and staff 30-minute, one-on-one tutorials on any type of writing, including resumes, personal statements, research papers, and articles for publication. We believe that writing serves as one of the primary means for learning and communicating and that every good writer needs a good reader.

The University Writing Center is open Monday through Friday. To schedule an appointment, either drop by onsite or call at (806) 742-2476. We are located in room 175 of the ENGL/PHIL building. (<https://writingcenter.ttu.edu/>).

The Self-Help Learning Lab includes audio and video tape, books and computer software in a variety of areas; study skills, reading, algebra, calculus, trigonometry, statistics, differential equations chemistry, foreign language,. The lab also has test preparation guides to the following tests: TASP, GRE, LSAT, SMAT, MCAT, TOEFL, GED, DAT, PCAT, NTE, and SAT.

## Student Health Services

The Student Wellness Center is a primary care clinic staffed with licensed physicians, nurses, nurse practitioners, and support staff who provide care for illnesses and injuries, as well as mental health issues. Students that are enrolled for 4 or more semester hours will pay a medical services fee that entitles them to clinic and pharmacy services. Services include primary health care clinic, sports medicine clinic, dermatology clinic, allergy clinic, mental health referrals, nutrition counseling, confidential HIV testing/counseling, and comprehensive alcohol, tobacco and other drug prevention, intervention and education. Lab tests and x-rays ordered by Student Health Services providers and performed at Student Health are also covered by the medical service fee. Pharmacy services (743-2636) are conveniently located in the same building. The pharmacy can fill most physician prescriptions, including those written by an outside physician or transferred from another pharmacy. Over-the-counter medications are also available. Pharmacy purchases may be charged to major credit card, Tech Express, and prescription insurance cards. For more information, go to:

<http://www.depts.ttu.edu/studenthealth/>. Located at 1003 North Flint Avenue (North end of campus; Main Street and Flint Avenue). Hours: Monday-Friday 8:00am-5:30pm (806) 743-2848

## Student Counseling Services

“Professional services to address both social adjustment and personal concerns affecting students’ life and academic performance, including career and academic major decisions.” Counseling is conducted on an individual or group basis, and several Student Counseling Center programs address specific issues: the Relationship Enhancement Center provides couples and family counseling for Tech Students; Career Exploration Workshops assist students in choosing majors and career.” For more information, go to:

<http://www.depts.ttu.edu/scc/>

Located on the second floor of the Student Wellness Center, room 201. No appointment is needed, but you may make an appointment at 806-742-3674.

## University Career Center

A service offered to student to advise them on resumes, interviews, proper professional etiquette and many other services to help the student transition from college life to a career. Many companies come to the Career Center to set up interviews for potential hires. Students can schedule mock interviews including a Skype or telephone interview with feedback to improve the student’s interview skills. Located in the Wiggins Complex. 806-742-2210 <http://www.depts.ttu.edu/careercenter/>

## Texas Tech Library System

TTU Libraries provide a full complement of library resources and services to library users. TTU Libraries’ provides traditional in-person instructional sessions, one-on-one sessions with faculty or students. The TTU Libraries’ offers general information in an online format available from the library website allowing the information to be available 24/ 7 and easily accessible by distance students. Some topics include how to do a literature review, EndNote Web (citation style management tool), and basic research.

All faculty and students have access to materials owned by other institutions through ILLiad their individualized interlibrary loan account. Books borrowed via Interlibrary Loan are delivered by the TTU Libraries to academic offices, and articles are scanned and sent directly to the patron through their Illiad account. All library materials

are conveniently available to students on campus and those at a distance. The TTU Libraries delivers full service to distance students, including delivery of library and interlibrary loan materials. The TTU Library maintains access to several major providers of abstracts and full-text journal articles (e.g., EBSCO, Web of Knowledge, and ScienceDirect). Located just west of the Student Union building at Boston and 18<sup>th</sup> Street. <http://library.ttu.edu/> 806-742-2265

In addition, students have access to the medical library at the health science center where they will have access to eJournals and eBooks of medical and allied health fields. <http://www.ttuhs.edu/libraries/>

### **Student Recreation Center**

The Robert H. Ewalt Student Recreation Center is one of the largest campus recreation facilities in the United States. It offers students, faculty, and staff of Texas Tech University an outstanding opportunity to participate in almost any indoor recreational activity imaginable. There are 242,000 square feet of activity space in the Recreation Center and eight courts multipurpose flooring to accommodate basketball, volleyball and badminton.

Other facilities include a 6,530 square foot free weight room; a circuit training room with select weight equipment; two cardiovascular equipment areas and an Entertainment Exercise Studio with over 120 pieces of cardiovascular equipment total; speed bag room; aerobics/dance studios; large mat room; 12 handball/racquetball courts; elevated 1/8 of mile jogging track; carpeted locker rooms with shower facilities and saunas; and a squash court. Located on the lower level is an Equipment Issue window. The Rec Sports offices, classroom space, and a vending/lounge area with T.V. are housed on the upper level. Located outside the north entrance is the Outdoor Pursuits Center (OPC). The OPC offers students a variety of outdoor activities. Hours 6:00am-midnight (M-F) and 8:00am-10:00pm (Sat), Noon-midnight (Sun) <http://www.depts.ttu.edu/recsports/about/>

				(3)	Elective	

The above are suggested guidelines for registration. **Courses in BOLD** are scheduling priorities and must be taken in sequence. Students who prefer a lighter load each semester may take courses offered during the summer sessions. Refer to the website raiderlink.ttu.edu student for updates on course offerings. This plan assumes that the student is exempt from any additional foreign language requirement for the University Core. **The last 30 hours of the degree MUST be completed at TTU.**

**NSCD is an 8 semester sequenced curriculum. Courses must be taken in sequence as indicated by the pre-requisites and semester offered. Acceptance into the Didactic Program in Dietetics (DPD) is at the junior level. All classes in red must be taken and have an overall 3.0 GPA, a 3.0 GPA average in NS courses, and ≥2.0 GPA in CHEM & ZOOL courses. For more information check <http://www.depts.ttu.edu/hs/ns/bachelors-dietetics.php>**

**LEGEND**

\* Refer to Univ. Core Curriculum Req. for course selection

# Concurrent enrollment is required

\*\* It is highly recommended that students enroll in the the face to face (not the online) section of ZOOL 2404

^ Pre-requisites or restrictions apply

[S] Offered Spring semester only

[F] Offered Fall semester only

**NOTES**

# 2021-2022 Academic Calendar

	FALL 2021	SPRING 2022	SUMMER I 2022	SUMMER II 2022
Residence Halls Open for Occupancy	Aug. 11	Jan. 9	May 29	July 3
