FINANCIAL AID & SCHOLARSHIPS

Study Abroad Competitive Scholarship (SACS)

Students participating in these TTU programs are eligible to apply for the Study Abroad Competitive Scholarship. Awards generally range from \$250 - \$750 for the summer. Applications for the summer will be available online at www.studyabroad.ttu.edu on January 14th. Applications will be accepted until February 25th.

Financial Aid

Students eligible for Financial Aid at TTU can use that aid to study abroad. The Study Abroad office will provide the Financial Aid office with a budget for your program. Students should contact Nikki Nordell nikki.nordell@ttu.edu in Financial Aid directly for help with specific Financial Aid questions.

Food Insecurity in South Africa

Students will learn the challenges and solutions surrounding the triple burden of disease, food and nutrition insecurity as well as dietary patterns and gain hands on experience in community outreach by visiting community gardens and centers and conduct workshops and information and education sessions on proper nutrition and food preparation. Texas Tech students will also stay with South African local families for a weekend for a 100% immersion experience.

South Africa has been declared one of the 18 mega-diverse destinations in the world. The country has about 52 million people, united in a diversity of origins, cultures, languages, and religions. Its pluralistic makeup is reflected in the recognition of 11 official languages with English as the official business language. There is also great diversity in South African cuisine, as foods from many cultures are enjoyed, but it is heavily meat-based and has spawned the distinctively South African social gathering known as a "braai" (barbecue).
