The Research, Evaluation, Measurement, and Statistics (REMS) program in the Department of Educational Psychology and Leadership at Texas Tech University is now accepting graduate applications for Fall 2018. This program offers a vibrant and stimulating environment in which to learn advanced statistics and modern research methodology and to pursue open questions at the frontiers of knowledge. The REMS program is also the centerpiece of the Texas Tech Institute for Measurement, Methodology, Analysis and Policy (IMMAP), which provides university researchers and external clients with consulting services on all manner of research planning and implementation as well as program evaluation. All new students are granted one of two fellowships for their first year in the program, which carries full tuition and stipends in the form of (1) working as a research assistant within IMMAP or (2) conducting independent research with a specific professor in the College of Education (COE). Fellowship support for the following years will be contingent upon performance of the students and funding availability.

APPLICATION: Applications are made online on the Texas Tech COE website: https://www.depts.ttu.edu/education/apply-now/graduate.php (apply for “Doctorate (Ph.D.) in Educational Psychology/REMS” degree). Please attach to your application: a curriculum vitae, a statement of purpose, transcripts, and three letters of recommendation. Although not required, evidence of academic promise such as GRE scores or equivalent should be submitted. Applicants may need to submit additional materials (proof of English proficiency, etc.); please visit the Texas Tech Graduate School website for more information: http://www.depts.ttu.edu/gradschool/Programs/GraduatePrograms.php. Review of completed applications will begin April 1st, 2018. If you have any questions, please contact the Admissions Coordinator, Brianna Sanchez at brianna.sanchez@ttu.edu, or the REMS Program Coordinator, Dr. Jaehoon Lee at jaehoon.lee@ttu.edu.

Texas Tech University is an affirmative action/equal opportunity employer and institution and does not discriminate on the basis of race, color, religion, sex, national origin, disability, age, veteran status, sexual orientation, or political belief in any aspect of employment or services. For more information, see https://www.depts.ttu.edu/diversity/. We especially welcome applicants from underrepresented and underserved groups including women and ethnic minorities.
