

Joe Arredondo – Director, Landmark Arts

Joe Arredondo has served as Director of Landmark Arts at the Texas Tech School of Art since 2003, overseeing the exhibitions and speaker programs for the School of Art. In addition to his longtime service in the visual arts since the early 1980s, he has a deep passion for food – growing it and preparing it. In the 1990s, while working in Boulder, Colorado for the Boulder Art Center, he also worked with friends on a 4-acre organic farm growing tomatoes, basil and other vegetables for the local farmers' market. In Lubbock, Arredondo also serves as a Board Member of the Charles Adams Studio Project (CASP) for which he has prepared special dinners for intimate groups of twenty persons as fundraisers for the organization.
