

International Undergraduate & Graduate Students
BECOME A RED RAIDER
ONLINE

Texas Tech University will offer Online Courses for the Fall 2022 term. Become a Red Raider, and study from your home country at a reduced cost comparable to in-state tuition.

Courses are taught by the same TTU faculty as they are on campus with the same opportunity for success.

Core courses for degree programs are offered in asynchronous formats for easy access across time zones.

To be eligible for scholarships students must meet all admissions criteria. Scholarship requirements are found at scholarships.ttu.edu. If unable to attend in the fall, students may defer their admission to spring term without paying an application fee.
