POLICIES AND NOTES

TEXAS TECH UNIVERSITY SYSTEM ADMINISTRATION

Notes to the Financial Statements

Note 1: Summary of Significant Accounting Policies

Reporting Entity

The Texas Tech University System Administration is an agency of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Annual Financial Reporting Requirements for State Agencies.

Blended Component Unit

Texas Tech Foundation, Inc. is a component unit of the consolidated Texas Tech University System since it serves the fundraising needs of Texas Tech University, Texas Tech University Health Sciences Center and Texas Tech University System Administration. No balances or activities associated with Texas Tech Foundation, Inc. are included in this Annual Financial Report.

Due to the significant changes related to Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial statements to be in compliance with generally accepted accounting principles (GAAP). The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Basis of Accounting

The accounting records of Texas Tech University System Administration are maintained using a modified accrual basis. Accounting data for most external reports, including this Annual Financial Report, are converted to full accrual basis of accounting in compliance with GASB Statements 34 and 35. For financial reporting purposes, Texas Tech University System Administration is considered a special-purpose government engaged only in business-type activities. Accordingly, Texas Tech University System Administration's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

Cash and Cash Equivalents

For the purpose of financial statement reporting, cash equivalents are short-term highly liquid investments with an original maturity of three months or less. Included in this category are demand deposits in banks, local funds held by the state, state reimbursements in transit, repurchase agreements, Texpool and TexSTAR investments.

Texas Tech University System Administration records and reports its deposits in the general deposit account at cost. It records and reports its special deposit accounts at fair value. Investment pool cash equivalents are recorded at fair value.

Cash and Cash Equivalents as reported on the Statement of Net Assets

	Current Unrestricted	Current Restricted	Total
Cash In Bank	\$ (215,907)	\$4	\$ (215,903)
Reimbursement Due from Comptroller	1,163		1,163

Texpool & TexSTAR Investments	4,429,244	(32)	4,429,212
Total Cash and Cash Equivalents	\$4,915,750	\$(42)	\$4,915,708

Texas Tech University System Administration - Notes to the Financial Statements (continued)**Investments**

The Texas Tech University System Administration accounts for its investments at fair value, as determined by quoted market prices, in accordance with GASB Statement No. 31 – *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the carrying value of the investments are reported as a component of investment income in the Statement of Revenues, Expenses, and Changes in Net Assets.

Receivables

Interest and income receivable consists of amounts due from investment holdings, cash management pools, and cash invested in various short-term investment items.

Prepaid Expenses

Disbursements for insurance, subscriptions, prepaid postage, prepaid travel costs and similar services are paid in the current or prior fiscal years and benefiting more than one accounting period are allocated among accounting periods.

Capital Assets

Furniture, equipment, and vehicles with a cost of more than \$5,000 and an estimated useful life in excess of one year are capitalized. Capitalization thresholds for buildings, building improvements, facilities and other improvements are \$100,000. The capitalization threshold for infrastructure is \$500,000. These assets are capitalized at cost. Donated assets are reported at fair value on the acquisition date. Routine repairs and maintenance and capital assets acquired for less than the threshold amounts are charged to operating expenses in which the expense was incurred. Depreciation is based on allocation methods and estimated lives prescribed by the Statewide Property Accounting System (SPA). Assets are depreciated over the estimated useful life of the asset using the straight-line method.

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the Statement of Net Assets.

Net Assets

Net Assets are the difference between fund assets and liabilities. They are presented in three separate classes: Invested in Capital Assets -- Net of Related Debt, Restricted and Unrestricted.

Invested in Capital Assets, Net of Related Debt

Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

Restricted Net Assets

Restricted net assets result when constraints placed on net asset use are either externally imposed by a party external to the System such as creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Texas Tech University System Administration - Notes to the Financial Statements (continued)

Unrestricted Net Assets

Unrestricted net assets consist of net assets, which do not meet the definition of restricted net assets. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be moved or modified.

Unrestricted Net Assets as reported on the Statement of Net Assets

Reserved for:	
Encumbrances	\$ 283,173
Imprest Funds	600
Fair Market Value Adjustment	(13,088)
Future Operating Budgets	<u>5,533,300</u>
Total Unrestricted Net Assets	<u>\$ 5,803,985</u>

Interfund Activity and Transactions

Texas Tech University System Administration is regularly involved in both interfund activity and interfund transactions. Interfund activity is defined as financial interaction between internal funds, including blended component units. Interfund transactions are defined as financial transactions between legally separate entities. Interfund activity and interfund transactions are both clearly identifiable and are eliminated where appropriate.

Note 2: Capital Assets

Depreciation of capital assets is recorded as a periodic expense and accumulated as an offset to the asset book values. Depreciation of capital assets is based on allocation methods and estimated lives prescribed by the Statewide Property Accounting (SPA) system. Accumulated depreciation is classified by capital asset category, providing for an estimation of the net book value of each asset category.

Capital assets are categorized as either (1) Land and Land Improvements, (2) Buildings and Building Improvements, (3) Infrastructure, (4) Furniture and Equipment, (5) Vehicles, Boats and Aircraft, (6) Construction in Progress, (7) Other Capital Assets, or (8) Facilities and Other Improvements. The changes to fixed asset balances are summarized below.

Note 3: Deposits, Investments, and Repurchase Agreements

Texas Tech University System Administration’s investment portfolio is invested pursuant to the parameters of applicable Texas law and the governing board’s Investment Policies. Under Texas law, Texas Tech University System Administration investments may be “any kind of investment that persons of ordinary prudence, discretion, and intelligence, exercising the judgment and care under the circumstances then prevailing, acquire or retain for their own account in the management of their affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.” Under Texas law, Texas Tech University System Administration is required to invest its institutional funds according to written investment policies adopted by the Board of Regents. No person may invest Texas Tech University System Administration funds without express written authority from the governing board.

The governing investment policy is Regents’ Rules Chapter 09, “Investment, Endowments, and Income Producing Lands.” The majority of Texas Tech University System Administration assets are invested in two investment pools; the Long Term Investment Fund (LTIF) and the Short/Intermediate Term Investment Fund (STIF). Endowment funds and certain eligible long-term institutional funds are invested in the LTIF, which invests in equity and fixed income securities and is operated using total return philosophy. Other institutional funds not in the LTIF are invested in the STIF, which is a fixed income fund. Other assets include securities gifted to Texas Tech University System Administration with written donor instructions to maintain in their original form, and bond proceeds invested in external investment pools.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The System Administration’s investment policy limits fixed income securities held by the STIF to those issued by the U.S. or its agencies and instrumentalities. Fixed income mutual funds in the STIF must hold securities that are at least rated investment grade. The fixed income portfolio of the LTIF must have an overall weighted average credit rating of “A” or better by Moody’s and/or Standard and Poor’s.

Derivative Investing

Texas Tech University System Administration holds collateralized mortgage obligations. These securities were purchased to provide an incremental yield above that available on corporate securities with similar terms. The overall return or yield on mortgage-backed securities depends on the amount of interest collected over the life of the security and the change in the fair value. It is estimated these securities, along with other securities held by Texas Tech University System Administration, will provide future cash inflows on a time schedule that approximately matches the outflows associated with the System Administration's liabilities. These securities are rated AAA by the major rating agencies.

Note 4: Short-Term Debt

Texas Tech University System Administration has no short-term debt outstanding as of August 31, 2005.

Note 5: Summary of Long-Term Liabilities

Changes in Long-Term Liabilities

During the year ended August 31, 2005, the following changes occurred in liabilities.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment provided the employee has had continuous employment with the State for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken. The liability for unpaid benefits is recorded in the Statement of Net Assets. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Note 6: Capital Leases

The Texas Tech University System Administration has no capital leases.

Note 7: Operating Lease Obligations

The Texas Tech University System Administration has no operating leases.

Texas Tech University System Administration - Notes to the Financial Statements (continued)

Note 8: Interfund Balances/Activities

As explained in Note 1 on interfund activities and transactions, there are numerous transactions between funds and agencies. At year-end, amounts to be received or paid are reported as:

Transfers In or Transfers Out
 Legislative Transfers In or Legislative Transfers Out

Repayment of interfund balances will occur within one year from the date of the financial statement.

Individual balances and activity at August 31, 2005, follows:

<u>Legislative Transfer In</u>	<u>Amount</u>
Texas Tech University (Agency 733)	\$4,365,454
Texas Tech University Health Sciences Center (Agency 739)	3,863,904
Total Legislative Transfer In	\$8,229,358

Note 9: Contingent Liabilities

At August 31, 2005, no material lawsuits or claims involving the Texas Tech University System Administration were pending.

Note 10: Continuance Subject to Review

The Texas Tech University System Administration is not subject to the Texas Sunset Act.

Note 11: Risk Financing and Related Insurance

Texas Tech System Administration by state law is required to be a participant in the Workers Compensation Program and Pool managed by the State Office of Risk Management (SORM). The System is assessed fees by SORM based upon claims experience, claim incidences, payroll size and FTE. SORM also determines the methodology for allocation to the major fund groups. SORM pays all WCI claims. The Worker's Compensation plan for the fiscal year was funded by a 1.0 percent charge on gross payroll for non-educational and general funds.

The System has self-insured arrangements for Unemployment Compensation Fund coverage. The State of Texas pays 50% of claims for employees paid from state funds. The System pays the remainder for employees paid from state funds and 100% of the claims paid for employees paid from non-educational and general funds. The Unemployment Compensation Fund which is currently funded by interest earnings on the fund pays the UCI claims for employees paid from institutional funds.

Note 12: Segment Information

The Texas Tech University System Administration has no reportable segments.

Note 13: Bonded Indebtedness

The Texas Tech University System Administration has no bonded indebtedness.

Note 14: Subsequent Events

The Texas Tech University System intends to issue revenue financing system bonds during fiscal year 2006 in the amount of approximately \$100 million of which \$30 million of this amount has already been issued as commercial paper as of August 31, 2005. In addition, another \$100 million of existing bonds may be refinanced in this issuance.
