Robert Duncan, *Chancellor*

November 15, 2014

Honorable Rick Perry  
Governor of Texas

Honorable Susan Combs  
Texas Comptroller

Ms. Ursula Parks  
Acting Director, Legislative Budget Board

Mr. John Keel, CPA  
State Auditor

To Agency Heads Addressed:

The Financial Report of Texas Tech University System, with which this letter is bound, is transmitted for inclusion in the State of Texas Annual Financial Report for the fiscal year ended August 31, 2014. Neither the State Auditor nor TTUS Office of Audit Services has audited the accompanying annual financial report and, therefore, neither has expressed an opinion on the financial statements and related information contained in this report. This report is intended to present a complete picture of the fiscal affairs of the System for the year ended August 31, 2014.

As indicated by the following letter of transmittal, this report has been prepared by the fiscal office of the System to provide a summary of the System's financial records.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert L. Duncan".

Robert L. Duncan  
Chancellor

Vice Chancellor and Chief Financial Officer

November 15, 2014

Robert L. Duncan  
Texas Tech University System  
Lubbock, Texas 79409

Dear Chancellor Duncan:

Submitted herein is the Annual Financial Report of Texas Tech University System for the fiscal year ended August 31, 2014, in compliance with TEX. GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact me at 834-4849.

Sincerely,

A handwritten signature in black ink that reads "Sharon Williamson".

Sharon Williamson, CPA  
Assistant Vice President for Financial & Managerial Reporting Services

Approved:

A handwritten signature in blue ink that reads "Jim Brunjes".

**NOTES to the COMBINED  
FINANCIAL STATEMENTS**

TEXAS TECH UNIVERSITY SYSTEM (793)

Notes to the Combined Financial Statements

**Note 1: Summary of Significant Accounting Policies**

**Reporting Entity**

Texas Tech University System is an agency of the State of Texas and its financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Annual Financial Reporting Requirements for State Agencies.

Entities which comprise the Texas Tech University System include Texas Tech University, Texas Tech University Health Sciences Center, Angelo State University, Texas Tech University Health Sciences Center at El Paso and Texas Tech University System Administration. Texas Tech University System serves the state of Texas by providing undergraduate and post-graduate education and research in fields such as Law, Business, Medicine, Engineering and Nursing.

The Texas Tech University System also includes within this report all component units as determined by an analysis of their relationship to the Texas Tech University System. Blended component units are described in more detail in Note 19. Financial statements for a discretely presented component unit, the Angelo State University Robert G. Carr and Nona K. Carr Scholarship Foundation, are presented separately at the end of this combined report.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to be in compliance with all the requirements in this statement. The financial report is considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

**Basis of Accounting**

For financial reporting purposes, the Texas Tech University System is considered a special-purpose government engaged only in business-type activities. Business-type activities are defined as those that are financed in whole or part by fees charged to external parties for goods and services. Accordingly, the System's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. Operating items are distinguished from nonoperating items. Operating revenues and expenses result from providing services, or producing and delivering goods in connection with ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation and amortization on capital assets.

**Cash and Cash Equivalents**

For the purpose of financial statement reporting, cash equivalents are short-term highly liquid investments with an original maturity of three months or less. Noncurrent cash and cash equivalents include plant funds allocated for capital projects, debt service funds, and endowment funds.

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)****Investments**

The Texas Tech University System accounts for its investments at fair value on the Statement of Net Position, as determined by quoted market prices, or in the case of limited partnerships, as reported by the partnership managers and/or their third party administrators, in accordance with GASB Statement No. 31 – *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Money market and TexPool investments are reported at amortized cost provided the investment has a remaining maturity of one year or less at date of purchase. Changes in unrealized gain (loss) on the carrying value of the investments are reported as a component of investment net increase (decrease) in fair value of investments in the Statement of Revenues, Expenses, and Changes in Net Position. Investments are addressed in more detail in Note 3.

**Restricted Assets**

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of revenue bonds and revenues set aside for statutory or contractual requirements.

**Inventories and Prepaid Items**

Inventories include both merchandise inventories on hand for sale and consumable inventories such as maintenance supplies, housing supplies, janitorial supplies, office supplies, and telecommunications supplies. Changes in inventories are recorded using the consumption method, with the inventories being reported as assets when they are purchased, and the expense recognized in the period in which the inventories are used or consumed. The consumption method of accounting is also used to account for prepaid items benefiting more than one accounting period. The cost of these items is expensed when the items are used or consumed. Prepaid items also include payments for capital assets that have not been received by the end of the fiscal year.

**Receivables**

Receivable balances are grouped into several receivable categories. Student receivables consist of tuition and fees charged to students, patient receivables are for medical fees charged for services, and accounts receivable are fees for auxiliary enterprise services provided to students, faculty, and staff, as well as state and local grant billings. Accounts receivable are recorded net of estimated uncollectible amounts based upon a review of outstanding receivables and historical collection information.

Federal receivable includes amounts due from the federal government in connection with reimbursement of allowable expenditures disbursed by the System's grants and contracts departments.

Gift receivables are accounted for at their estimated net realizable value. The estimated net realizable value consists of the present value of long-term pledges and a reduction for any allowance for uncollectible pledges. Pledges vary from one to ten years and are used to support specifically identified System programs and initiatives.

Interest income receivable consists of amounts due from investment holdings, cash management pools, and cash invested in various short-term investment items.

Other receivables include items such as travel advances, returned checks, and various other accrued items not included in any other receivable category.

**Loans and Notes Receivable**

These receivables are student loans receivable that consist of amounts due from the Federal Perkins Loan Program and from other loans administered by the System.

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)****Capital Assets**

Capital assets, defined as assets held for use in operations with a value equal to or greater than the capitalization threshold established for that asset type and an initial useful life of more than one year, are recorded at cost at the date of acquisition or fair value at the date of donation in the case of gifts. Livestock held for educational purposes is recorded at estimated fair value.

The capitalization threshold for personal property, such as furniture and equipment is \$5,000. For buildings, building improvements, and facilities and other improvements, the capitalization threshold is \$100,000. Infrastructure has a capitalization threshold of \$500,000. Land, works of art and historical treasures are capitalized regardless of cost or value.

Intangible assets, defined as assets lacking physical substance and of a nonfinancial nature, include computer software, land use rights and patents and trademarks. Land use rights are capitalized if the cost meets or exceeds \$100,000. Purchased computer software is capitalized if the aggregate cost of the purchase meets or exceeds \$100,000. Internally generated computer software has a capitalization threshold of \$1,000,000, and other intangible capital assets must be capitalized if the cost meets or exceeds \$100,000.

Texas Tech University System is required to depreciate and amortize capital assets. Depreciation for capital asset is computed using the straight-line method over the estimated useful lives of the assets; generally, 10 to 30 years for buildings and building improvements, 10 to 45 years for facilities and other improvements, 15 to 45 years for infrastructure, 15 years for leasehold improvements, 3 to 15 years for furniture and equipment, 5 to 10 years for vehicles, 5 to 7 years for software, and 15 years for library books. Amortization of intangible assets is based on the estimated useful life of the asset using the straight-line method. Land, works of art and historical treasures are not depreciated.

Capital asset activity for the current and prior fiscal years is shown in Note 2.

**Payables**

Payable balances are grouped into several payable categories. Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending. Payroll payable includes accrued salary, wages and benefits. Claims Payable includes estimates for both known medical malpractice claims and those that have not yet been made against the insured participants. Claims payable activity is shown in Note 5.

**Unearned Revenues**

Unearned revenues include amounts for tuition and fees, certain auxiliary activities, and amounts from grant and contract sponsors received prior to the end of the fiscal year but related to the subsequent accounting period.

**Employees' Compensable Leave**

Employees' compensable leave represents the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid. Liabilities are reported separately as either current or noncurrent in the Statement of Net Position, and are explained in more detail in Note 5.

**Capital Lease Payable**

Capital lease payable represents the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Capital leases are explained in more detail in Note 8, with activity shown in Note 5.

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)****Notes and Loans Payable**

Notes payable represents amounts owed for commercial paper that was issued during the current accounting period. Notes and loans payable are further explained in Note 4.

**Revenue Bonds Payable**

Texas Tech University System has a number of bond issues outstanding, most of which are supported either directly or indirectly by tuition revenue. Revenue bonds payable are addressed in more detail in Note 6, with changes in activity shown in Note 5. The bonds are reported at par, net of unamortized premiums.

**Funds Held for Others**

Current balances in funds held for others result from the System acting as an agent or fiduciary for faculty and student organizations. Also included is an Angelo State University Foundation gift held for investment return purposes only.

Liabilities are reported separately as either current (due within one year) or noncurrent (amounts due thereafter) in the Combined Statement of Net Position.

**Net Position**

Net Position reflects the difference between assets plus deferred outflows of resources, and liabilities plus deferred inflows of resources. Net position is presented in three separate classes: Invested in Capital Assets - Net of Related Debt, Restricted and Unrestricted.

***Invested in Capital Assets, Net of Related Debt***

Capital assets net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

***Restricted:***

*Nonexpendable* – assets subject to externally imposed stipulations that they be maintained permanently by the System. Such assets include the principal of the System's permanent endowment funds.

*Expendable* – assets whose use by the System is subject to externally imposed stipulations that can be fulfilled by actions of the System pursuant to those stipulations or that expire by the passage of time.

***Unrestricted:***

Unrestricted assets are those whose use by the System is not subject to externally imposed stipulations. They may be designated for specific purposes by action of management or the Board of Regents, or may otherwise be limited by contractual agreements with outside parties.

**Interfund Activity and Transactions**

Texas Tech University System is regularly involved in both interfund activity and interfund transactions. Interfund activity refers to financial interaction between funds (including blended component units) and is related to internal events. Interfund transactions refer to interactions with legally separate entities (discretely presented component units, other governments, other legally separate entities and individuals) and are restricted to external events. Interfund activity and interfund transactions are both clearly identifiable and are eliminated where appropriate. Interfund activity and transactions by agency is presented in Note 12.

**Note 3: Deposits, Investments, and Repurchase Agreements**

Texas Tech University System’s investment portfolio is invested pursuant to the parameters of applicable Texas law and the governing board’s Investment Policies. Under Texas law, Texas Tech University System investments may be “any kind of investment that persons of ordinary prudence, discretion, and intelligence, exercising the judgment and care under the circumstances then prevailing, acquire or retain for their own account in the management of their affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.” Under Texas law, Texas Tech University System is required to invest its institutional funds according to written investment policies adopted by the Board of Regents. No person may invest Texas Tech University System funds without express written authority from the governing board.

The governing investment policy is Regents’ Rules Chapter 09, “Investment and Endowments.” The majority of Texas Tech University System assets are invested in two investment pools; the Long Term Investment Fund (LTIF) and the Short/Intermediate Term Investment Fund (STIF), both having their own stand-alone investment policies. Endowment funds and certain eligible long-term institutional funds are invested in the LTIF, which invests in equity and fixed income securities, as well as alternative investments such as hedge funds and private equity, and is operated using a total return philosophy. Other institutional funds not in the LTIF are invested in the STIF. Other assets include securities gifted to Texas Tech University System with donor instructions to maintain in their original form and bond proceeds invested in external investment pools.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the agency will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The System's investment policy is to require third party custody for the two investment pools, the LTIF and the STIF. The balances listed below relate to the securities held outside of those pools at August 31, 2014 and August 31, 2013.

Fiscal Year	Fund Type	GAAP Fund	Type	Uninsured and unregistered with securities held by the counterparty	Uninsured and unregistered with securities held by the counterparty's trust department or agent but not in the state's name

2013	5	9999	Equity	\$ 2,668,221.50	

Foreign currency risk for investments is the risk that changes in exchange rates will adversely affect the investment. LTIF and STIF do not have policy limits specific to international equity or debt. All exposures are through funds managed by external investment managers. The exposure to foreign currency risk as of August 31, 2014, is presented below.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The System's investment policy limits fixed income securities held by the STIF to those issued by the U.S. or its agencies and instrumentalities. As of August 31, 2014, the System's credit quality distribution for securities with credit risk exposure was as follows.

Derivative Investing

The Texas Tech University System's Investment Policy Statement for the LTIF allows investment in certain derivative securities. A derivative security is a financial instrument which derives its value from another security, currency, commodity or index.

The System entered into futures contracts, options, and swaps as efficient substitutes for traditional securities to reduce portfolio risks created by other securities, or in fully hedged positions to take advantage of market anomalies. The derivative contracts entered into during fiscal year 2014 all used market indices as underlying securities in order to gain and reduce market exposure in an efficient manner. The contracts are valued daily and the Texas Tech University System's net equity in the contracts, representing unrealized gain or loss, is reported on the Combined Statement of Net Position as Investments.

These instruments involve market and/or credit risk in excess of the amount recognized in the Combined Statement of Net Position. Risks arise from the possibility that counterparties will be unable to meet the terms of their contracts and from movement in index values. Futures contracts have reduced counterparty credit risk since they are exchange-traded and the exchange's clearinghouse, as counterparty to all exchange-traded futures, guarantees them against default. Counterparty risk for swaps and options is mitigated by master netting agreements between the System and its counterparties, and by the posting of collateral on a daily basis.

The Texas Tech University System's gross counterparty exposure as of August 31, 2014 is presented below.

Commercial paper, both taxable and non-taxable, was issued during the fiscal year to finance various construction projects in advance of the issuance of authorized bonds. The System intends to issue Revenue Financing System bonds in February of 2015, which will include refunding a portion of the System’s outstanding commercial paper debt. Note 16 contains additional information regarding the fiscal year 2015 bond issue, and also the amounts of commercial paper expected to be issued by February 2015. Debt service for the obligation is provided in general appropriation for tuition revenue bonds and revenue from various projects.

All commercial paper outstanding at 8/31/14 will mature in fiscal year 2015. Commercial paper has short maturities up to 270 days with interest rates ranging from .04% to .14% for tax-exempt, and .10% to .15% for taxable paper.

**Claims Payable**

Claims payable includes estimates for both known medical malpractice claims and those that have not yet been made against the insured participants. The liability is actuarially estimated to reflect the anticipated future claims for past medical services. Some of these claims are in process, while others are expected to be filed in the future. The liability estimate does not consider the probability of payment on a claim-by-claim basis and instead considers overall probability of payment for medical malpractice claims. Funding for future claim payments will be from a self-insurance reserve managed by the office of the General Counsel.

**Capital Lease Payable**

See Note 8 for detailed information on capital lease payable.

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)****Employees' Compensable Leave**

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Under state law, the hours accumulated are limited based on the employees' length of service. Expenditures for accumulated annual leave balances are recognized in the period paid or taken, while the liability for unpaid benefits is recorded in the Combined Statement of Net Position. This obligation is paid from a central vacation pool account which collects the funding from the same funding source(s) from which the employee's salary or wage compensation was paid. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

**Notes and Loans Payable**

Current and prior fiscal year notes payable activity and balances which were previously reported in Note 5 as long-term liabilities have been moved to Note 4 and reported as short-term debt. This reclassification was necessary because the bond issue to be used to refund a portion of the outstanding commercial paper debt is not expected to occur until February 2015.

**Revenue Bonds Payable**

See Note 6 and accompanying Bond Schedules for detailed information on bond liability balances and transactions.

**Pollution Remediation Obligations**

Texas Tech University is waiting further review by the Texas Commission on Environmental Quality to determine the responsible party and the cost for pollution remediation activities on land that the University owns in Carson County, Texas.

**Pledged Future Revenues**

GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*, makes a basic distinction between sales of receivables and future revenues, on the one hand, and the pledging of receivables or future revenues to repay a borrowing (collateralized borrowing), on the other. The following table provides the pledged future revenue information for Texas Tech University System’s revenue bonds:

Pledged Future Revenues	Business-Type Activities	
	FY14	FY13
Pledged Revenue Required for Future Principal and Interest on Existing Revenue Bonds	\$ 661,117,474.70	\$ 712,874,316.21
Term of Commitment for Year Ending 8/31	2041	2041
Percentage of Revenue Pledged	100%	100%
Current Year Pledged Revenue	\$ 723,525,171.28	\$ 681,302,392.18
Current Year Principal and Interest Paid	\$ 51,756,841.51	\$ 51,369,700.24

Pledged revenue sources include operating income from tuition and fees, sales and services from auxiliary and non-auxiliary activities, investment income, unrestricted contract and grant revenues, and state appropriations for tuition revenue bonds.

**Sources of Debt-Service Revenue**

On October 21, 1993, the governing board of the Texas Tech University System established a Revenue Financing System for the purpose of providing a financing structure for all revenue supported indebtedness of Texas Tech University System components. The source of revenues for debt service issued under the Revenue Financing System includes pledged general tuition, pledged tuition fee, pledged general fee and any other revenues, income, receipts, rentals, rates, charges, fees, including interest or other income, and balances lawfully available to Texas Tech University components. Excluded from the revenues described above are amounts received under Article 7, Section 17 of the Constitution of the State of Texas, general revenue funds appropriated by the Legislature except to the extent so specifically appropriated, encumbered housing revenues, and practice plan funds.

Prior to September 1, 2007, all bonded indebtedness for Angelo State University was issued through the Texas State University System (TSUS) Revenue Financing System, of which the Texas State University System Administration and each of their components were members. The TSUS Board of Regents cross-pledged all lawfully available funds (revenues) and balances attributable to any TSUS RFS member against the bonded indebtedness of all other TSUS RFS members for payment on the Parity Debt. Effective September 1, 2007, House Bill 3564 (80<sup>th</sup> Legislature, Regular Session) transferred governance of Angelo State University to the Texas Tech University System. For the debt issued by the TSUS, the bonds payable are reported by TSUS. ASU will repay the debt that was issued on its behalf; consequently, the following debt amortization schedule is presented below for informational purposes only.

A portion of the ASU debt above represents Tuition Revenue Bonds historically funded by the Texas Legislature through General Revenue Appropriations. ASU was appropriated \$3,959,056.00 during the current fiscal year for Tuition Revenue Bond debt service. ASU expects future Legislative appropriations to meet debt service requirements for Tuition Revenue bonds.

**Note 7: Derivative Instruments**

The System Investment Policy Statement for the LTIF allows investment in certain derivative securities. Derivatives are financial instruments whose values are derived in whole or in part from the value of any one or more underlying assets or index of asset values. Investment derivatives are entered into with the intention of managing transaction or currency exchange risk in purchasing, selling or holding investments. These include futures contracts, options, and swaps.

The following disclosures summarize the System's derivative activity as reported in the financial statements as of August 31, 2014.

Investment Derivatives	Changes in Fair Value		Fair Value at August 31, 2014		
	Classification	Amount	Classification	Amount	Notional

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)****Fair Value**

Derivative instruments are recorded at fair value. Futures contracts are marked-to-market daily and valued at closing market prices on valuation date. A daily variation margin between the daily value of the contracts and the value on the previous day is recorded and settled in cash with the broker the following morning. Options and swaps are valued using broker quotes, proprietary pricing agents or appropriate pricing models with primarily externally verifiable model inputs.

**Investment Derivatives**

Investment derivatives expose the System to certain investment related risks. The System discloses more detail about investment derivatives in Note 3.

As of August 31, 2013, Texas Tech University System held no material direct derivative investments. The Carr Foundation also held no material direct derivative investments as of August 31, 2013.

**Note 8: Leases****Capital Leases**

The System has entered into long-term capital leases for financing the purchase of certain capital assets. Such leases are classified as capital leases for accounting purposes; therefore, such leases are recorded at the present value of the future minimum lease payments at the inception of the lease. The following is a summary of the original capitalized costs of all such property under lease in addition to the accumulated depreciation as of August 31, 2014 and 2013.

<b>Assets Under Capital Leases</b>	<b>Business-Type Activities</b>

Not applicable.

**Note 11: Postemployment Health Care and Life Insurance Benefits (administering agencies only)**

Not applicable.

**Note 12: Interfund Activity and Transactions**

As explained in Note 1 on interfund activities and transactions, there are numerous transactions between funds and agencies. At year-end, amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due from Other State Agencies or Due to Other State Agencies
- Transfers In or Transfers Out
- Interagency Capital Asset Transfers
- Legislative Transfers In or Legislative Transfers Out

The agency experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statement.

Individual balances and activity at August 31, 2014 and 2013 follow:

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)****Note 15: Contingencies and Commitments****Contingencies**

At August 31, 2014, lawsuits and claims involving Texas Tech University System were pending. While the ultimate liability with respect to litigation and other claims asserted against the System cannot be precisely estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is in legal counsel's opinion, not likely to have a material effect on the System.

**Investment Funds**

Texas Tech University System entered into capital commitments with investment managers for future funding of investment funds. Investment funds include hedge fund pools, private investment pools, public market funds and other alternative investments managed by external investment managers.

The remaining commitment - domestic for the System as of August 31, 2014 was \$116,723,150.71, and \$95,565,541.45 as of August 31, 2013.

The remaining commitment – domestic for the Carr Foundation was \$15,913,956.83 as of August 31, 2014, and \$13,005,559.00 as of August 31, 2013.

**Note 16: Subsequent Events**

Texas Tech University System intends to issue Revenue Financing System Bonds totaling \$111,239,000.00 in February of 2015, of which \$67,030,364.00 has already been issued as commercial paper as of August 31, 2014. Texas Tech University's portion of that issuance will be \$102,075,000.00, with probable projects to include construction and renovations to the Research and Technology Park, the Rawls College of Business Administration wing addition, Jones Stadium North Colonnade, Bayer Crop Sciences projects, and the Plant & Soil Sciences building. The bond issue will refund the outstanding commercial paper issued for the West Housing complex and the College of Education Burkhart Center for Autism. Texas Tech University Health Sciences Center at El Paso's portion will be \$9,164,000.00, to be used for the Gayle Greve Hunt School of Nursing.

**Note 17: Risk Management**

Texas Tech University System by State law is required to be a participant in the Workers Compensation Program and Pool managed by the State Office of Risk Management (SORM). The University is assessed fees by SORM based upon claims experience, claim incidences, payroll size and FTE. SORM also determines the methodology for allocation to the major fund groups. The State Office of Risk Management pays all WCI claims. The Worker's Compensation pool for the fiscal year was funded by a .25 percent charge on non-educational and general gross payroll for paying its proportionate share of the SORM assessment.

The System has self-insured arrangements for Unemployment Compensation Fund coverage. The State of Texas pays 50% of claims for employees paid from state funds. The System pays the remainder for employees paid from state funds and 100% of the claims paid from non-state funds. The claims for employees paid from non-state funds are funded by interest earnings on the Unemployment Compensation Fund balance and utilization of fund balance.

One component of the TTU System, the Texas Tech University Health Sciences Center, has self-insured arrangements for medical malpractice coverage through a medical malpractice self-insurance plan. The plan is managed by the Office of General Counsel, and the associated liability is adjusted annually based on actuarially estimated incurred but not reported (IBNR) liability to reflect the anticipated future claims related to past medical services.

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**

Changes in the balances of the agency’s claims liabilities during FY14 and FY13 are presented in the table below.

<b>Claims and Judgments</b>	<b>Beginning Balance</b>	<b>Increases</b>	<b>Decreases</b>	<b>Ending Balance</b>
FY2014	\$ 14,146,187.18	\$ 2,155,000.00	\$ (3,156,808.90)	\$ 13,144,378.28
FY2013	15,381,242.26	754,376.87	(1,989,431.95)	14,146,187.18

The increases in both FY14 and FY 13 represent claims and judgments expenses as paid by the Medical Practice Liability Plan, with the ending balance reflecting future estimated claims.

**Note 18: Management Discussion and Analysis**

The Texas Tech University System is governed by a nine-member Board of Regents appointed by the Governor of Texas. Members of the board serve six-year, staggered terms. In addition to the nine members, there also is one student regent who serves a one-year term and is appointed by the governor. A list of the current members of the Board of Regents is included in the organizational data.

The board reviews major issues and establishes policy for the System and its components. The board also appoints the chancellor who is the chief executive officer of the System. As chief executive officer, the chancellor carries out the policies of the System as determined by the regents and has direct responsibility for all aspects of oversight and management of the components.

The chancellor of the Texas Tech University System is Robert L. Duncan.

Formally established by the Texas Legislature in 1999, the Texas Tech University System is composed of a central administration, two health-related institutions and two general academic institutions. The components of the System are Texas Tech University System Administration (TTUSA), Texas Tech University (TTU), Texas Tech University Health Sciences Center (TTUHSC), Angelo State University (ASU) and Texas Tech University Health Sciences Center at El Paso (TTUHSC at EP). In its young history, the Texas Tech University System has emerged as a nationally acclaimed higher education system with one of the largest contiguous campuses in the United States. Headquartered in Lubbock, Texas, the System operates on more than 12 campuses and academic sites throughout the State of Texas and internationally. The System has locations statewide in Abilene, Amarillo, Dallas, El Paso, Fredericksburg, Highland Lakes, Junction, Lubbock, Midland, Odessa and San Angelo. Internationally, the System has a location in Seville, Spain.

The Texas Tech University System employs more than 17,000 faculty and staff. The annual combined budget of the System totals more than \$1.7 billion; approximately \$425 million of these funds are appropriated by the Texas Legislature. The total enrollment across all components is more than 44,000 students.

The Texas Tech University System is committed to providing the highest quality and most efficient resources and services to its components. Throughout all institutions and centers, the System strives to increase accessibility, enhance instruction and infrastructure formula funding, provide necessary financial aid, produce and commercialize new technologies, strengthen academic quality and reputation, advance research, improve productivity and efficiency, and further the quality and availability of health care for all Texans.

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)****Note 19: The Financial Reporting Entity**

The combined financial statements of The Texas Tech University System include all institutions comprising the System – Texas Tech University System Administration, Texas Tech University, Texas Tech University Health Sciences Center, Angelo State University, and Texas Tech University Health Sciences Center at El Paso. Amounts due between and among institutions and other duplications in reporting are eliminated in combining the financial statements.

Also included in these combined financial statements are the component units listed below.

**Individual Component Unit Disclosures***Blended Component Units*

The financial transactions and records of the following component units are blended with the financial transactions and records of the System institutions due to the significance of their operational or financial relationship with the Texas Tech University System.

The Texas Tech Foundation, Inc. (TTFI), Box 41102, Lubbock, TX 79409, is a not-for-profit 501(c)(3) organization, exempt from income taxes. TTFI was founded to financially support and serve the fundraising needs of all colleges, schools, programs, and campuses of the Texas Tech University System (TTUS). The Foundation was formed to seek and obtain gifts for all the TTUS institutions; to receive, hold, invest and administer property of any type given to the institutions; and to make expenditures to or for the benefit of the TTUS institutions. The members of the Foundation Board are appointed by and serve at the will of the TTUS Board of Regents. This Board of Regents also has the ability to veto, override or modify decisions of TTFI, and they can modify or approve TTFI's budget. Based on these criteria, the financial transactions of TTFI have been blended into the financial statements of TTUS. August 31 is the Foundation's fiscal year end.

Texas Tech Physician Associates (TTPA), whose principal office and financial records are located at Provider Payor Relations, 3601 4<sup>th</sup> St. Lubbock, TX 79430, is a certified non-profit health corporation authorized under the Medical Practice Act Section 5.01(a), article 4495b of the State of Texas. TTPA was organized and is operated exclusively for the benefit of, to perform the function of, or to carry out the purposes of the Texas Tech University Health Sciences Center (TTUHSC), and its financial records are blended with those of TTUHSC. TTPA is exempt from tax under Internal Revenue Service code section 501(c)(3). TTUHSC has the sole and exclusive right to appoint the nine member Board of Directors. TTUHSC controls all financial and operational transactions of TTPA including developing and approving the annual and capital budgets of TTPA, appointing and removing directors and officers of the Board, entering into contracts, sales or leases, giving or seeking grants, and approving financial expenditures; therefore, the financial transactions of TTPA have been blended into the financial statements of TTUHSC. TTPA's fiscal year end is August 31.

The National Wind Resource Center (NWRC), a not-for-profit 501(c)(3) organization exempt from income taxes, was formed by Texas Tech University (TTU) in 2010 to support wind energy research at TTU. This organization was dissolved as of August 31, 2014.

The condensed financial statements for these component units as of August 31, 2014 are presented below.

**Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**

*Discretely Presented Component Unit*

The Angelo State University Robert G. Carr and Nona K. Carr Scholarship Foundation financial statements are included in these statements at the end of this report as a discretely presented component unit of the TTU System. The Foundation is a separate not-for-profit 501(c)(3) organization, exempt from income taxes and was established solely for the benefit of providing academic scholarships to the students of Angelo State University. The nine member Foundation Board of Trustees is comprised of all members of the TTU System Board of Regents, who have the ability to appoint, hire, reassign or dismiss those persons responsible for the operation of the Foundation. The Foundation has a fiscal year end of August 31, and the financial records of the Foundation are audited annually by an independent accounting firm. The Foundation’s complete audited financial statements can be obtained from the Carr Foundation at Box 11007C, ASU Station, San Angelo, TX 76909.

**Note 20: Stewardship, Compliance and Accountability**

The System has no material stewardship, compliance, and accountability issues.

**Note 21: N/A**

**Note 22: Donor Restricted Endowments**

Expenditure of endowed funds is not allowed without the express consent of the donor. Most of Texas Tech University System endowments are held in perpetuity. In many cases, endowment earnings are expendable for student financial assistance or other purposes as designated by the donor. In other cases, endowment earnings are reinvested.

The net appreciation (cumulative and unexpended) on donor-restricted endowments presented below is available for authorization and expenditure by Texas Tech University System. The System’s spending policy for endowments reflects an objective to distribute as much of total return as is consistent with overall investment objectives while protecting the real value of the endowment corpus for future users.

The target distribution is set by policy to be between 4 and 6 percent of the moving average market value for endowments over the preceding 12 quarters.

<b>Donor Restricted Endowment</b>	<b>Amount of Net Appreciation *</b>		<b>Reported in Combined Statement of Net Position</b>
	<b>FY14</b>	<b>FY13</b>
