TEXAS TECH UNIVERSITY SYSTEM

Tedd L. Mitchell, M.D.
Chancellor

November 15, 2025

Honorable Greg Abbott
Governor of Texas

Honorable Kelly Hancock
Acting Texas Comptroller

Jerry McGinty
Director, Legislative Budget Board

Lisa R. Collier, CPA
State Auditor

To Agency Heads Addressed:

The Annual Financial Report of Texas Tech University System (TTUS), with which this letter is bound, is transmitted for inclusion in the State of Texas Annual Comprehensive Financial Report for the fiscal year ended August 31, 2025. Neither the State Auditor nor TTUS Office of Audit Services has audited the accompanying annual financial report and, therefore, neither has expressed an opinion on the financial statements and related information contained in this report. This report is intended to present a complete picture of the fiscal affairs of the System for the year ended August 31, 2025.

As indicated by the following letter of transmittal, this report has been prepared by the fiscal office of the System to provide a summary of the System's financial records.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tedd L. Mitchell", written over the word "Sincerely,".

Tedd L. Mitchell, M.D.
Chancellor

TEXAS TECH UNIVERSITY SYSTEM

Vice Chancellor and Chief Financial Officer

November 15, 2025

Tedd L. Mitchell, M.D.
Texas Tech University System
Lubbock, Texas 79409

Dear Chancellor Mitchell:

Submitted herein is the Annual Consolidated Financial Report of Texas Tech University System for the fiscal year ended August 31, 2025, in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Annual Comprehensive Financial Report (ACFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact me at 742-9000.

Sincerely,

A handwritten signature in blue ink that reads 'Mallory Barnes'.

**MANAGEMENT'S
DISCUSSION AND ANALYSIS**

TEXAS TECH UNIVERSITY SYSTEM (793)

**Management's Discussion and Analysis
For the Year Ended August 31, 2025**

Introduction

Formally established by the Texas Legislature in 1999, the Texas Tech University System (the System) is composed of a central administrative unit, the Texas Tech University System Administration (TTUSA), three general academic institutions - Texas Tech University (TTU), Midwestern State University (MSU), and Angelo State University (ASU), and two health-related institutions - Texas Tech University Health Sciences Center (TTUHSC) and Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso). The System is governed by a nine-member Board of Regents appointed by the Governor of Texas. Members of the board serve six-year, staggered terms with the exception of a non-voting student Regent who is appointed by the Governor to serve a one-year term. The Chancellor is the chief executive officer of the System and is appointed by and reports directly to the Board of Regents. The Chancellor and his staff are supported by the administrative agency, TTUSA.

The System has emerged as a nationally acclaimed higher education system with one of the largest contiguous campuses in the United States. Headquartered in Lubbock, Texas, the System operates on more than 20 campuses and academic sites throughout the State of Texas and internationally. The System has locations statewide in Abilene, Amarillo, Brownwood, Cleburne, Dallas, El Paso, Forney, Fredericksburg, Jefferson, Junction, Lubbock, McKinney, Midland, Odessa, Rockwall, San Angelo, Waco and Wichita Falls. Internationally, the System has a location in Seville, Spain and San Jose, Costa Rica.

The total student enrollment across all components is more than 65,000 students, and the System employs more than 21,000 faculty and staff. The annual combined budget of the System totals approximately \$3.7 billion; approximately \$1.0 billion of these funds are appropriated by the Texas Legislature.

The System is committed to providing the highest quality and most efficient resources and services to its components. Throughout all institutions and centers, the System strives to enhance student success, strengthen academic quality, expand research, and promote community outreach.

Texas Tech University System (793) – Management's Discussion and Analysis (continued)**Overview of the Financial Statements and Financial Analysis**

The objective of Management's Discussion and Analysis (MD&A) is to provide an overview of the financial position and activities of the System for the year ended August 31, 2025, with selected comparative information for the years ended August 31, 2025 and 2024.

The System's combined financial report includes three primary financial statements: the statement of net position; the statement of revenues, expenses and changes in net position; and the statement of cash flows. The financial statements of the System have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the financial reporting requirements of the Texas Comptroller of Public Accounts.

The System's primary financial activity is reported to the Texas Comptroller of Public Accounts as business-type activity. In addition to business-type activity, the System's fiduciary fund activity is reported separately in the State of Texas' Annual Comprehensive Financial Report and in the TTUS Annual Combined Financial Report. The System also reports financial activity for two discretely presented component units, Carr Foundation and Texas Tech Research Park, separately to the Texas Comptroller of Public Accounts and within the TTUS Annual Combined Financial Report.

For the purpose of the MD&A, the discussion will focus on the financial statements reported as business-type activity to the Texas Comptroller of Public Accounts. The emphasis of discussion about these financial statements will focus on the current year data. The MD&A was prepared by management and should be read in conjunction with the accompanying financial statements and notes.

Financial Highlights

The System diligently maintains and protects its strong financial condition. As of August 31, 2025, the System's net position totaled \$5.0 billion, which continues a trend of compound growth of 6.15% over the last ten years. In 2025, revenues totaled \$3.6 billion and expenses totaled \$2.9 billion.

Legislative appropriations, tuition and fees, grants and contracts, and net patient care remain the largest contributors to revenues for the System. Net investment income and the change in fair value of investments are major drivers of year-over-year fluctuations in revenues due to fluctuating market conditions and other factors. The System's largest expense, compensation and benefits, reflects its commitment to recruiting top-quality faculty and staff in order to achieve its mission of offering excellent education and patient care.

Texas Tech University System (793) – Management's Discussion and Analysis (continued)

Statement of Net Position

The statement of net position presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position of the System as of the end of the fiscal year. This is a point-in-time financial presentation of the financial status as of August 31, 2025, with comparative information for the previous year. The statement of net position presents information in current and non-current format for both assets and liabilities. The net position section presents assets plus deferred outflows of resources, less liabilities and deferred inflows of resources. Over time, increases or decreases in net position are one indicator of the improvement or decline of the System's financial health when considered with nonfinancial factors such as enrollment, patient levels, and the condition of facilities. A summarized comparison of the System's statement of net position at August 31, 2025 and 2024 follows:

Condensed Statement of Net Position
(\$ in Millions)

	2025	2024
Assets		
Current Assets	\$ 1,450.9	\$ 1,110.3
Non-Current Investments	4,030.6	3,662.3
Capital Assets, Net	2,374.2	2,303.5
Right to Use Assets, Net	72.2	63.1
Other Non-Current Assets	342.6	424.6
Total Assets	8,270.5	7,563.8
Deferred Outflows of Resources	150.9	203.0
Total Assets and Deferred Outflows of Resources	\$ 8,421.4	\$ 7,766.8
Liabilities		
Current Liabilities	\$ 761.0	\$ 967.2
Non-Current Liabilities	2,379.3	2,214.6
Total Liabilities	3,140.3	3,181.8
Deferred Inflows of Resources	317.7	359.6
Total Liabilities and Deferred Inflows of Resources	\$ 3,458.0	\$ 3,541.4
Net Position		
Net Invested in Capital Assets	\$ 1,386.7	\$ 1,311.4
Restricted - Nonexpendable	1,101.7	1,002.7
Restricted - Expendable	1,298.3	980.3
Unrestricted	1,176.6	931.0
Total Net Position	\$ 4,963.3	\$ 4,225.4

*Net position includes the effect of restatements. See Note 14 for more details.

Texas Tech University System (793) – Management's Discussion and Analysis (continued)

Assets and Deferred Outflows of Resources

The chart below depicts the makeup of the System's assets and deferred outflows of resources as of August 31, 2025.

Assets and Deferred Outflows

The System's total assets increased by \$706.7 million, or 9.3%, to \$8.3 billion in 2025. Cash and cash equivalents decreased by \$21.4 million, or 3.5%, and non-current investments increased by \$368.2 million, or 10.1%, largely due to endowed gifts and favorable market conditions. Legislative appropriations increased by \$286.6 million, or 72.4%, due to funding authorized by House Bill 500, passed by the 88th Texas Legislature, 2025, which provided appropriations to components of the Texas Tech University System for a rural cancer collaborative, the completion of a Comprehensive Cancer Center, a Demonstration Reactor, and research related to pulsed power, critical infrastructure, and produced water.

Net capital and right-to-use assets increased \$79.8 million, or 3.4%. This primarily resulted due to an increase in land purchases at ASU and HSC El Paso, \$21.1 million; new construction in progress for the ASU Mayer Museum, \$1.2 million, HSC El Paso Clinical Science Building and Comprehensive Cancer Center \$16.6 million, various renovations and expansions across all campuses; and an increase in right-to-use subscription-based IT arrangements, \$11.4 million (net). Deferred outflows decreased by \$52.1 million, or 25.7%, primarily due to decreases in Net Pension Liability for Teacher Retirement System of Texas (TRS).

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)

Liabilities and Deferred Inflows of Resources

The chart below depicts the makeup of the System's liabilities and deferred inflows of resources as of August 31, 2025.

Liabilities and Deferred Inflows

The System's total liabilities decreased by \$41.4 million, or 1.3%, to \$3.1 billion in 2025. Debt-related liabilities decreased by \$31.2 million, or 2.5%. The System's portion of pension liability decreased by \$44.8 million, or 10.4%, due to higher than expected investment income for TRS, a growth in contributions to TRS at a normal rate, and a one-time \$5 billion supplemental appropriation for TRS. Total other postemployment benefits (OPEB) liability increased by \$18.9 million, or 2.5%, due to incremental changes to the System's proportionate share and the discount rate for the Employees Retirement System (ERS) OPEB Plan.

Deferred inflows decreased by \$41.9 million, or 11.7%, primarily due to the pension and OPEB changes discussed above.

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)

Net Position

Net position increased by \$737.8 million, or 17.5%, to \$5.0 billion in 2025. The chart below depicts the makeup of the System's net position.

Investments

As of August 31, 2025, the System had \$4.0 billion in total non-current investments. In 2025, total non-current investments included \$2.1 billion classified as unrestricted investments and \$1.9 billion classified as restricted investments. The chart below depicts the System's total non-current investments over a five-year trend.

Additional information about the System's investments is presented in Note 3 to the financial statements.

Texas Tech University System (793) – Management's Discussion and Analysis (continued)

Statement of Revenues, Expenses and Changes in Net Position

The statement of revenues, expenses and changes in net position details the changes in total net position. The statement presents both operating and nonoperating revenues and expenses for the System. The following table summarizes the System's revenues, expenses and changes in net position for the years ended August 31, 2025 and 2024:

Condensed Statement of Revenues, Expenses and Changes in Net Position
(\$ in Millions)

	2025	2024
Operating Revenues	\$ 1,720.8	\$ 1,710.7
Operating Expenses	<u>2,732.7</u>	<u>2,739.7</u>
Operating Income (Loss)	(1,011.9)	(1,029.0)
Nonoperating Revenues (Expenses)	<u>1,436.7</u>	<u>1,183.1</u>
Income (Loss) before Other Revenues, Expenses, Gains, Losses and Transfers	424.8	154.1
Other Revenues, Expenses, Gains, Losses and Transfers	<u>313.2</u>	<u>258.7</u>
Total Change in Net Position	<u>737.9</u>	<u>412.8</u>
Beginning Net Position (September 1)	4,277.7	3,856.8
Restatements	<u>(52.3)</u>	<u>(44.2)</u>
Restated Beginning Net Position (September 1)	<u>4,225.4</u>	<u>3,812.6</u>
Ending Net Position (August 31)	<u>\$ 4,963.3</u>	<u>\$ 4,225.4</u>

*Net position includes the effect of restatements. See Note 14 for more details.

Revenues

For the fiscal year ended August 31, 2025, revenues to support the System's core activities, including those classified as nonoperating, totaled \$3.6 billion, an increase of \$368.0 million, or 10.3%, from the prior year.

Operating Revenues

Of that total, operating revenues comprised \$1,720.8 million, an increase of \$10.0 million, or 0.6%, from the prior year. The System's primary sources of operating revenues come from net tuition and fees, grants and contracts, net patient care revenues, and net auxiliary enterprises.

Net Tuition and Fees

Net tuition and fees are reflected net of associated discounts and allowances. In 2025, net tuition and fees totaled \$498.3 million, a decrease of \$60.6 million, or 10.8%. The majority of this decrease is attributable to the new NACUBO tuition discounting method which applies all applicable aid as a discount until tuition and fee cost is exhausted with any remaining cost allocated as scholarship expense.

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)Grants and Contracts

Grants and contracts revenues are related to research programs that normally provide for the recovery of direct and indirect costs. Governmental sponsored programs include grants from the federal government such as the U.S. Department of Health and Human Services, from the state government, and from the local government. Grants and contracts revenues also include student financial aid, private grants, and contracts with affiliated hospitals for clinical activities. In 2025, these revenues totaled \$583.0 million, an increase of \$98.0 million, or 20.2%, from the prior year.

Net Patient Care Revenues

Net patient care revenues, which consist of net sales and services of hospitals and net professional fees, are principally generated within the System’s hospitals and physicians’ practice plans under contractual arrangements with governmental payors and private insurers. These revenues are reported net of contractual allowances, bad debt expense, and unreimbursed charges for financially or medically indigent patients. Net patient care revenues totaled \$357.3 million, an increase of \$7.1 million, or 2.0%, in 2025, as a result of increases in patient volumes and rates.

Net Auxiliary Enterprises

Net auxiliary enterprise revenues were earned from a host of activities such as athletics, housing and food service, bookstores, parking, student health and other activities. These revenues totaled \$207.5 million, a decrease of \$1.4 million, or 0.7%, in 2025 due to the new NACUBO tuition discounting method which applies all applicable aid as a discount until tuition and fee cost is exhausted with any remaining cost allocated as scholarship expense.

Nonoperating Revenues

Certain significant recurring revenues are considered nonoperating. The System’s primary sources of nonoperating revenues come from legislative revenue, nonoperating grants and contract revenues, private gifts, investment income, and net increase in fair value of investments.

Legislative Revenue

Legislative revenue, comprised of General Revenue state appropriations and state paid benefits for group health insurance, OASI, retirement contributions (TRS) and the optional retirement program, and capital appropriations, totaled \$1,019.4 million, an increase of \$285.8 million, or 39.0%, in 2025. The majority of this increase is due to funding authorized by House Bill 500, passed by the 88th Texas Legislature, 2025, which provided appropriations to components of the Texas Tech University System for a rural cancer collaborative, the completion of a Comprehensive Cancer Center, a Demonstration Reactor, and research related to pulsed power, critical infrastructure, and produced water.

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)Nonoperating Federal and State Grants and Contracts

Nonoperating Federal and State Grant and Contract revenue, comprised largely of Federal Pell grants, totaled \$112.5 million, an increase of \$8.9 million, or 8.5%, in 2025.

Gifts and Capital Contributions

Private gifts, capital contributions, and contributions to endowments, totaled \$213.3 million in 2025, an increase of \$87.4 million, or 69.4%, as compared to 2024. The increase primarily consisted of one-time gifts for TTU's Whitacre College of Engineering, \$19 million; College of Architecture, \$5.5 million; College of Arts & Sciences, \$2.9 million; School of Veterinary Medicine, \$2.3 million; National Ranching Heritage Center, \$2.0 million; College of Human Sciences, \$1.9 million; and Talkington College of Visual and Performing Arts, \$1.9 million. In 2025, HSC also onboarded the Kenneth H. Cooper Institute in Dallas adding \$20.8 million in endowment funds.

Investment Income Excluding the Change in Fair Value of Investments

Investment income excluding the change in the fair value of investments totaled \$170.2 million, an increase of \$36.2 million, or 27.0%, in 2025 primarily due to an increase in realized gains compared to 2024.

Net Increase in Fair Value of Investments

The net increase in the fair value of the System’s investments totaled \$230.7 million, a decrease of \$52.0 million, or 18.4% in 2025. This primarily resulted from less favorable market conditions in 2025 compared to 2024.

Transfers In from Other State Agencies

Transfers in from other state agencies, including legislative transfers, totaled \$98.8 million, a decrease of \$6.2 million, or 5.9%, in 2025.

The following is a graphic illustration of revenues by major source for the year ended August 31, 2025.

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)

Operating Expenses

For the fiscal year ended August 31, 2025, operating expenses totaled \$2.7 billion. The operating expenses reflect the System’s commitment to promoting instruction, research, patient care, public service and student support.

Salaries, Wages, and Benefits

Salaries, wages, and benefits, excluding pension and OPEB, totaled \$1.7 billion, an increase of \$94.0 million, or 5.7%, in 2025. This increase reflects the System's mission to hire excellent faculty and staff to support our students and the public.

Professional Fees and Services

Professional fees and services totaled \$174.2 million, an increase of \$32.6 million, or 23.0%, in 2025. This increase resulted primarily from an increase in medical professional services, veterinary clinical partner fees, and professional services related to the new ASU aviation program.

Total operating expenses decreased \$7.1 million, or 0.3%, in 2025 primarily as a result of the new NACUBO tuition discounting method which applies all applicable aid as a discount to revenue until tuition and fee cost is exhausted with any remaining cost allocated as scholarship expense. Additionally, OPEB expense decreased significantly due to favorable assumption changes by ERS.

The following is a graphic illustration of operating expenses by National Association of College and University Business Officers (NACUBO) functional classification for the year ended August 31, 2025.

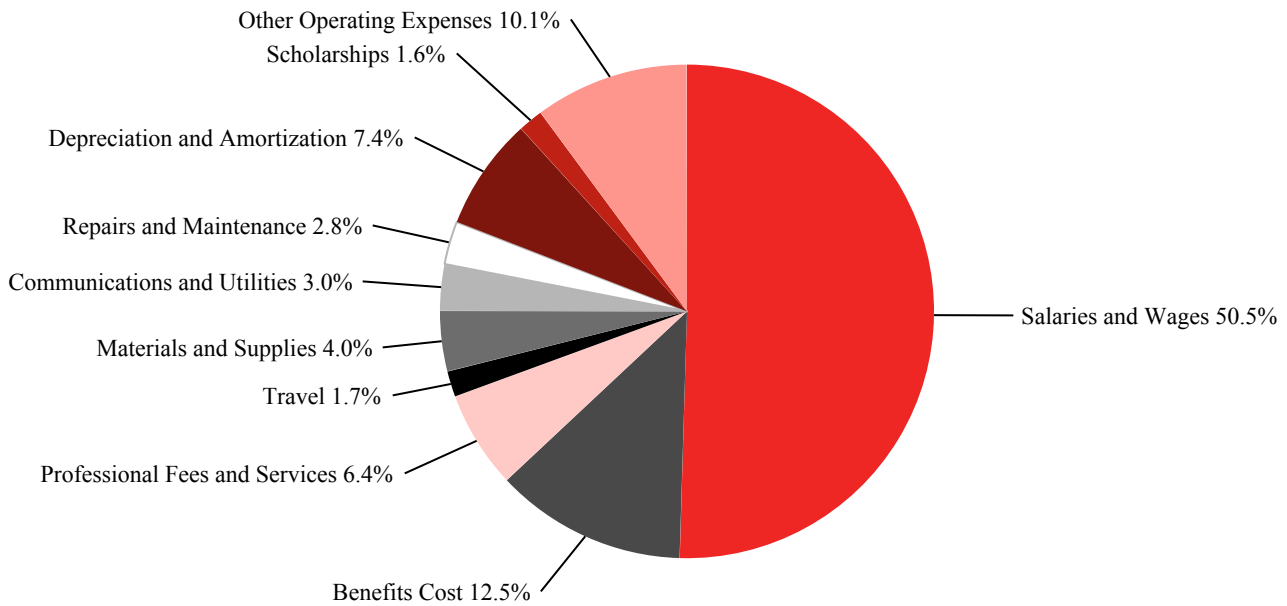

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)

NACUBO Functional Classification of Operating Expenses

In addition to functional classification of operating expenses, the following graph also illustrates the System’s operating expenses by natural classification for the year ended August 31, 2025.

Natural Classification of Operating Expenses

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)

Statement of Cash Flows

The statement of cash flows provides additional information about financial results by reporting the major sources and uses of cash. The statement provides an assessment of the System’s financial flexibility and liquidity to meet obligations as they come due and the need for external financing. The following table summarizes the System’s statement of cash flows for the years ended August 31, 2025 and 2024:

Condensed Statement of Cash Flows
(\$ in Millions)

	2025	2024
Cash Provided/(Used) By:		
Operating Activities	\$ (801.4)	\$ (767.2)
Noncapital Financing Activities	987.6	890.6
Capital and Related Financing Activities	(263.5)	(187.3)
Investing Activities	55.8	41.0
Total Net Cash Flows	\$ (21.4)	\$ (23.0)
Beginning Cash and Cash Equivalents - September 1	\$ 612.2	\$ 635.2
Ending Cash and Cash Equivalents - August 31	\$ 590.8	\$ 612.2

For the fiscal year ended August 31, 2025, ending cash and cash equivalents totaled \$590.8 million, a decrease of \$21.4 million, or 3.5%, from the prior year.

Net cash used by operating activities should be viewed in conjunction with net cash provided by noncapital financing activities. State appropriations and gift contributions for operations are significant sources of recurring revenues in support of operating expenses, but are required to be classified as noncapital financing activities per GASB statements 34 and 35.

Net cash used by capital and related financing activities reflects a continuing commitment to expand and renovate facilities and to invest in equipment.

Net cash provided by investing activities shows receipts from sales and maturities of investments, proceeds from interest and investment income less purchases of investments. The unrealized gains (losses) from the increase (decrease) in the fair value of investments is a noncash transaction for valuation purposes only and does not affect cash flows from investing activities.

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)

Capital Assets and Debt Administration

The System continues to be committed to the quality of its academic, research, and service programs as well as its residence life experience. The development and renewal of capital assets and infrastructure is an essential factor of this commitment.

In 2025, construction in progress totaled \$52.9 million, a decrease of \$83.4 million from the prior year. This decrease resulted primarily from completion of several construction projects including the Football Training Facility and South End Zone at TTU, Bolin Hall at MSU, and the Laboratory Animal Research Center expansion and Preston Smith Library renovations at HSC.

As of August 31, 2025, the System had \$5.3 billion in capital assets less \$2.8 billion in associated depreciation and amortization for net capital assets of \$2.4 billion.

**Capital Assets, Net at August 31
(\$ in Millions)**

	2025	2024
Land and Land Improvements	\$ 96.5	\$ 75.4
Construction in Progress	52.9	136.2
Buildings and Building Improvements	1,780.4	1,665.4
Infrastructure	28.2	24.6
Facilities and Other Improvements	108.2	104.5
Furniture and Equipment	149.6	136.8
Vehicles, Boats, and Aircraft	6.6	5.1
Computer Software	2.2	3.6
Other Capital Assets	149.8	151.7
Right to Use Assets	72.2	63.1
Capital Assets, Net	<u>\$ 2,446.6</u>	<u>\$ 2,366.5</u>

**Capital Asset Additions*
(\$ in Millions)**

*Includes completed construction in progress for the fiscal year.

Texas Tech University System (793) – Management’s Discussion and Analysis (continued)

During fiscal year 2025, the System issued taxable and tax-exempt bonds under the Revenue Financing System debt program to refund previously outstanding commercial paper, to refund 2015A bonds, and to provide funding for eligible projects (see Note 6 for project details). The tax-exempt issuance, Revenue Financing System Refunding and Improvement Bonds, 2025A Series, had a par amount of approximately \$304.3 million. The taxable issuance, Revenue Financing System Refunding and Improvement Bonds, 2025B Series, had a par amount of approximately \$37.2 million.

Three major forms of debt financing support the System's development and renewal of capital assets and infrastructure: commercial paper, notes and loans, and bonds. Commercial paper notes are issued periodically to provide interim financing for capital projects and acquisitions and the System typically refunds a portion of these outstanding notes through the issuance of long-term debt.

*Includes Midwestern State University outstanding bonds issued prior to joining the System in fiscal year 2022.

Economic Outlook

The System is committed to providing teaching, research, scholarship, and patient care to Texas, the nation, and the world.

Dedication to this goal is fostered through both public and private sector support of higher education. The System's ability to attract top-quality students, staff, and faculty and develop future leaders creates both investment and return, generating shared success for all of Texas.

The Texas Legislature’s support of higher education is vital to the continued mission of the System. The Texas Legislature meets every two years to appropriate funds for state agencies and institutions of higher education. During the 88th Legislative Session, the System received a \$192.3 million increase in funding, an 18.0% increase over the prior biennium. A portion of this increase supported an affordability plan that enabled the System’s general academic institutions to keep tuition rates flat for two years. Funding debt service for previously authorized Capital Construction Assistance Projects also contributed to the increase.

Texas Tech University System (793) – Management's Discussion and Analysis (continued)

During the 89th Legislative Session, the System received a \$435.1 million increase in direct appropriations (excluding debt service), supplemental appropriations, and expected grants and contracts from state agencies related to critical infrastructure, produced water research, and meteorological forecasting for the 2026-2027 biennium. Additionally, the Legislature increased the constitutional appropriation to the Higher Education Fund by 50 percent for the next decade and increased funding for state paid benefits, resulting in the System receiving a biennial increase of \$98.6 million for capital expenditures and \$25.7 million for payroll costs.

On November 7, 2023, Proposition 5 passed by the voters of Texas. Proposition 5 established a new permanent endowment, the Texas University Fund (TUF), to support academic teaching institutions in Texas in achieving national prominence as major research universities. As of August 31, 2025, the TUF corpus was valued at \$5.3 billion and four institutions qualify for distributions each year, including Texas Tech University. Texas Tech University's share of distributions from the TUF totaled \$60.08 million for fiscal year 2025.

For 2025, the System's budgeted operating revenues increased to \$3.7 billion, up from \$3.1 billion, a 21.7% growth from the prior year. Current revenues increased from \$2.9 billion to \$3.4 billion, a 17.7% increase from the prior year. These changes are largely attributable to supplemental funding from the State of Texas. Tuition and fee revenue remains steady with an anticipated 3.0% growth rate driven by a mix of increased enrollment and higher rates at the health related institutions. Other drivers of increased revenue are patient care and hospital partnerships and enhanced auxiliary operations.

In addition, the System continues to sustain stellar financial ratings, receiving a reaffirmation of Aa1 rating with stable outlook from Moody's Investor Service, and an AA+ rating with stable outlook from Fitch Ratings and Kroll Bond Rating Agency in February 2025. These designations place the TTU System among a select group of higher education institutions in the U.S.

Management considers the System to be well positioned to continue to provide quality service to students, patients, and the research community at large. Future successes are largely dependent upon the ability to continue to recruit and retain the highest quality students, faculty, and staff, cost containment, and ongoing financial and political support from state government. Private gift contributions are a significant factor in the growth of academic, research, and patient care units and are an important supplement to the fundamental support provided by the state and through collections from students and patients. The System will continue to monitor resources to maintain its ability to respond to internal and external issues.

TEXAS TECH UNIVERSITY SYSTEM (793)

**NOTES to the COMBINED
FINANCIAL STATEMENTS**

TEXAS TECH UNIVERSITY SYSTEM (793)**Notes to the Combined Financial Statements****Note 1: Summary of Significant Accounting Policies****General Introduction**

The Texas Tech University System (the System) is an agency of the State of Texas and its financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Annual Financial Reporting Requirements for State Agencies and Universities.

Component institutions which comprise the System include Texas Tech University (TTU), Texas Tech University Health Sciences Center (TTUHSC), Texas Tech University Health Sciences Center at El Paso (TTUHSC at El Paso), Angelo State University (ASU), Midwestern State University (MSU) and Texas Tech University System Administration (TTUSA). The System serves the state of Texas by providing undergraduate and post-graduate education and research in fields such as Law, Business, Medicine, Engineering and Nursing. Each component institution's financial statements are presented at the end of the combined report.

The System also includes within this report all component units as determined by an analysis of their relationship to the System. Blended component units are described in more detail in Note 19. The System has two discrete component units, the Angelo State University Robert G. Carr and Nona K. Carr Scholarship Foundation (Carr Foundation) and Texas Tech Research Park, Inc. (TTRP). Financial statements for these discrete component unit are presented separately at the end of this combined report, and more detailed information can be found in Note 19.

Effective August 31, 2020, the System had a change in accounting policy due to the implementation of GASB Statement No. 84 *Fiduciary Activities* (GASB 84). This statement establishes criteria for identifying fiduciary activities and requires that fiduciary activities be reported in a separate statement of fiduciary net position and a separate statement of changes in fiduciary net position (Fiduciary Statements) which are presented at the end of this combined report. The System allows an external entity to deposit funds in the System's Long Term Investment Fund as an investment vehicle. These funds are reported as External Investment Pool Non-Trustee Funds in the Fiduciary Statements. The System also holds funds for external entities and individuals that are not derived from the System's revenues, the System has no administrative or direct financial involvement with the funds, and the funds are for the benefit of the external entities and individuals. These funds are reported as Custodial Funds in the Fiduciary Statements.

GASB 84 allows business-type activities to report activities that would otherwise be considered custodial funds in the System's Combined Statement of Net Position and Combined Statement of Cash Flows as an operating activity if upon receipt, the funds are normally expected to be held for three months or less. These fiduciary activities are reported in the operating activities portion of the Combined Statement of Cash Flows at August 31, 2025 and 2024, respectively.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to be in compliance with all the requirements in this statement. The financial report is considered for audit by the State Auditor as part of the audit of the State of Texas Annual Comprehensive Financial Report (ACFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Basis of Accounting**

For financial reporting purposes, institutions of higher education are considered proprietary funds, which are used to account for business-type activities. Business-type activities are defined as those that are financed in whole or in part by fees charged to external parties for goods and services. The accompanying financial statements are prepared with transactions recorded on a fund basis. GASB Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities – an Amendment of GASB Statement No. 34*, established accounting and financial reporting standards for universities within the financial reporting guidelines of GASB 34 as mentioned above. Under GASB 35, universities must follow proprietary fund accounting, and are required to report all funds in a single column instead of by individual fund.

The basis of accounting determines when revenues and expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Proprietary funds use the flow of economic resources measurement focus (whether or not the entity is economically better off as a result of the events and transactions that occurred during the fiscal period reported) and the full accrual basis of accounting, meaning revenues are recognized when earned and expenses are recorded when an obligation has occurred.

Proprietary funds distinguish between operating and nonoperating items. Operating revenues and expenses result from providing services, or producing and delivering goods in connection with ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation and amortization on capital assets.

Budgetary Information

The System component institutions prepare annual budgets which are approved by the Board of Regents. The budgets for appropriated funds are prepared biennially and represent appropriations authorized by the Legislature and approved by the Governor (the General Appropriations Act).

Cash and Cash Equivalents

For reporting purposes, cash includes cash on hand, cash in transit, cash in local banks, cash in the state treasury, and cash equivalents. Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near maturity they present insignificant risk of a decrease in value due to changes in interest rates. Investments with an original maturity of three months or less and used for cash management rather than investing activities are considered cash equivalents.

The System records and reports its deposits in the general deposit account at cost. It records and reports its special deposit accounts at fair value.

Investments

The System accounts for its investments at fair value on the Combined Statement of Net Position. All investment income, including changes in the fair value of investments, is reported in the Combined Statement of Revenues, Expenses, and Changes in Net Position. Investments are addressed in more detail in Note 3.

Legislative Appropriations

This item represents the balance of General Revenue Funds and Higher Education Funds (HEF) at August 31 as calculated in the Texas State Comptroller’s General Revenue Reconciliation.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Restricted Assets**

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of revenue bonds and revenues set aside for statutory or contractual requirements.

Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost generally utilizing the first-in, first out method. Changes in inventories are recorded using the consumption method, with the inventories being reported as assets when they are purchased, and the expense recognized in the period in which the inventories are used or consumed. The consumption method of accounting is used to account for inventories and prepaid items benefiting more than one accounting period. The cost of these items is expensed when the items are used or consumed. Prepaid items include payments for scholarships, operating expenses, and capital assets that have not been received by the end of the fiscal year.

Receivables

Receivable balances are grouped into several receivable categories. Accounts receivable are recorded net of estimated uncollectible amounts based upon a review of outstanding receivables and historical collection information.

Student receivables consist of tuition and fees charged to students, patient receivables are for medical fees charged for services, and accounts receivable are fees for auxiliary enterprise services provided to students, faculty, and staff, as well as state and local grant billings.

Contracts receivable are primarily related to agreements between the System health sciences center component institutions and teaching hospitals for the provision of medical services.

Federal receivable includes amounts due from the federal government in connection with reimbursement of allowable expenditures disbursed by the System's grants and contracts departments.

Gift receivables consist of long-term pledges. Pledges vary from one to ten years and are used to support specifically identified System programs and initiatives.

Interest and dividend receivable consists of amounts due from investment holdings, cash management pools, and cash invested in various short-term investment items.

Leases receivable were calculated for leases with a term greater than 12 months. Lease receivables are calculated as the present value of the lease receipts expected during the lease term.

Other receivables include items such as travel advances, returned checks, and various other accrued items not included in any other receivable category.

Public-Private and Public-Public Partnership Receivables

GASB Statement No. 94, *Public-Private and Public-Public Partnerships (PPPs) and Availability Payment Arrangements*, defines PPPs as arrangements in which the System contracts with an operator (a non-governmental or governmental entity) to provide a public service by conveying control of the right to operate or use a nonfinancial asset of the System for a period of time in an exchange or exchange-like transaction.

The System recognizes receivables for installment payments from the operator as well as assets receivables for improvements to underlying assets or construction or purchases of new assets by the operator.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Loans and Notes Receivable

These receivables are student loans receivable that consist of amounts due from loans administered by the System.

Capital Assets

Capital assets, defined as assets held for use in operations with a value equal to or greater than the capitalization threshold established for that asset type and an initial useful life of more than one year, are recorded at cost at the date of acquisition. Gifts of donated assets are recorded at acquisition value (the price that would be paid to acquire the asset with equivalent service potential in an orderly market transaction) at the date of donation. This is a change in definition established by GASB 72. Capital assets may or may not be capitalized for financial reporting purposes. Livestock held for educational purposes is recorded at estimated fair value.

The capitalization threshold for personal property, such as furniture and equipment is \$5,000. For buildings, building improvements, and facilities and other improvements, the capitalization threshold is \$100,000. Infrastructure has a capitalization threshold of \$500,000. Land, works of art and historical treasures are capitalized regardless of cost or value.

Intangible assets, defined as assets lacking physical substance and of a nonfinancial nature, include computer software, land use rights and patents and trademarks. Purchased computer software is capitalized if the aggregate cost of the purchase meets or exceeds \$100,000. Internally generated computer software has a capitalization threshold of \$1,000,000, and other intangible capital assets must be capitalized if the cost meets or exceeds \$100,000.

The System is required to depreciate and amortize capitalized assets. Depreciation for capital assets is computed using the straight-line method over the estimated useful lives of the assets. Amortization of intangible assets is based on the estimated useful life of the asset using the straight-line method. Land, works of art and historical treasures are not depreciated.

Capital asset activity for the current fiscal year is shown in Note 2.

Right to Use Assets

GASB Statement No. 87, *Leases*, defines a lease as a contract that conveys control of the right to use another entity's nonfinancial asset for period of time in an exchange or exchange-like transaction. GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*, establishes SBITAs as right to use subscription assets.

For leases and SBITAs with a term greater than 12 months, the System recognizes a receivable and deferred inflow when acting as a lessor and a liability and right-to-use asset when acting as a lessee. The receivable is calculated as the present value of the receipts expected during the term.

Short-term leases with a maximum possible term of 12 months or less at commencement are recognized as a revenue and expense based on the provisions of the lease contract.

Leases and SBITAs are covered in more detail in Note 8. Right to use assets are detailed in Note 2.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Deferred Outflows of Resources**

Deferred outflows of resources refers to the net asset consumption of assets that is applicable to a future fiscal year. The System reports certain changes in the net pension liability, changes in net other postemployment benefits liability, and unamortized losses on refunding of debt as deferred outflows. Pension-related deferred outflows are discussed in more detail in Note 9, and other postemployment benefit-related deferred outflows in Note 11.

Payables

Accounts payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending. Payroll payable includes accrued salary, wages and benefits.

Claims and Judgments

Claims and judgments include estimates for legal judgments, both known medical malpractice claims and those that have not yet been made against the insured participants, and rebatable arbitrage. These liabilities are reported separately as either current or non-current in the Combined Statement of Net Position. Claims and judgments activity is shown in Note 5, with a detailed explanation of the medical self-insurance plan and activity in Note 17.

Unearned Revenues

Unearned revenues include amounts for tuition and fees, certain auxiliary activities, and amounts from grant and contract sponsors received prior to the end of the fiscal year but related to the subsequent accounting period.

Employees' Compensable Leave

Employees' compensable leave represents the liability that becomes due upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid. These liabilities are reported separately as either current or non-current in the Combined Statement of Net Position, and are explained in more detail in Note 5.

Right to Use Obligations

For leases or SBITAs with a term greater than 12 months, the System recognizes a liability and right-to-use asset when acting as a lessee. Liabilities are initially measured at the present value of payments and remeasured whenever there is a change in payments or a contract modification.

Short-term leases with a maximum possible term of 12 months or less at commencement are recognized as a revenue and expense based on the provisions of the lease contract.

Short-term Debt Commercial Paper Notes

Short-term debt commercial paper notes are amounts owed for commercial paper that was issued during the current accounting period for long-term construction projects for the System's component institutions. Short-term debt commercial paper notes are further explained in Note 4.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Revenue Bonds Payable**

The System has a number of bond issues outstanding, most of which are supported either directly or indirectly by tuition revenue. Revenue bonds payable are addressed in more detail in Note 6, with changes in activity shown in Note 5. The bonds are reported at par, net of unamortized premiums. Issuance costs are expensed in the period incurred.

Pollution Remediation Obligation

A pollution remediation obligation addresses the current or potential detrimental effects of existing pollution and contamination by participating in pollution remediation activities such as spills of hazardous substances or asbestos abatement. These obligations will generally require the recognition and reporting of remediation liabilities. The System initially accrued and recorded a pollution remediation obligation for Texas Tech University in fiscal year 2016. In fiscal year 2025, this obligation was transferred to Texas Tech University System Administration along with the purchase of the corresponding property. This obligation is discussed in detail in Note 5.

Funds Held for Others

Current balances in funds held for others result from the System acting as an agent or fiduciary for other organizations and the funds upon receipt are normally expected to be held for three months or less. This is a change in accounting policy effective fiscal year 2020 due to the implementation of GASB 84 which is described in more detail above in the general introduction section of Note 1.

Net Pension Liability

The System is required to recognize its proportionate share of net pension liability and operating statement activity related to changes in the net pension liability for participation in the Teacher Retirement System (TRS) pension plan. The net pension liability is the System's proportionate share of the total TRS pension plan liability less the Plan's net assets as reported by the TRS pension plan for fiscal year 2024. The System's proportionate share is based on its contributions to the pension plan relative to the contributions of other employers participating in the plan. The net pension liability and pension-related deferred outflows and inflows are provided by the Texas Comptroller of Public Accounts. These amounts are included in this annual financial report and represent the total net pension liability for all System component institutions. Pensions are discussed in greater detail in Note 9.

Net Other Postemployment Benefits (OPEB) Liability

The System is required to recognize its proportionate share of the collective net OPEB liability and operating statement activity related to changes in the net OPEB liability for participation in the State Retiree Health Plan administered by the Employees Retirement System of Texas (ERS). The net OPEB liability is the System's proportionate share of the total OPEB Plan liability less the Plan's net assets as reported by the ERS OPEB plan for fiscal year 2024. The System's proportionate share is based on its contributions to the OPEB plan relative to the contributions of all employers and non-employer contributing entity participating in the plan. The net OPEB liability and OPEB-related deferred outflows and inflows are provided by the Texas Comptroller of Public Accounts. These amounts are included in this annual financial report and represent the total net OPEB liability for all System component institutions. OPEB is discussed in greater detail in Note 11.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Deferred Inflows of Resources

Deferred inflows of resources are defined as the net asset acquisition of assets that is applicable to a future fiscal year. The System reports certain changes in the net pension liability and certain changes to the net other postemployment benefits liability as deferred inflows of resources. Pension-related deferred inflows are discussed further in Note 9, and other postemployment benefit-related deferred inflows in Note 11. There are also deferred inflows associated with irrevocable split-interest agreements, as discussed below; PPPs, as discussed above and further detailed in Note 27; and leases, as discussed above and further detailed in Note 8.

Irrevocable Split-Interest Agreements

Irrevocable split-interest agreements are a specific type of giving arrangement used by donors to provide resources to two or more beneficiaries. GASB 81, *Irrevocable Split-Interest Agreements* requires that agencies that receive resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement, and revenue when the resources become applicable to the reporting period. The System reports the transactions for unconditional lead and remainder interests in irrevocable split-interest agreements held by System component institutions in their financial records.

Other Liabilities

The major component of other liabilities consists of advance deposits received from students for residence hall occupancy in the next fiscal year. This category also includes licensing agreements for broadcasting rights with Public Broadcasting Service and National Public Radio.

Liabilities in the above categories are reported separately as either current (due within one year) or non-current (amounts due thereafter) in the Combined Statement of Net Position.

Net Position

Net Position reflects the difference between assets plus deferred outflows of resources, and liabilities plus deferred inflows of resources. Net position is presented in three separate classes: Net Investment in Capital Assets; Restricted Net Position; and Unrestricted Net Position.

Net Investment in Capital Assets

This category represents the System's capital assets, net of the System's accumulated depreciation, amortization and outstanding principal balances of the System's debt attributable to the acquisition, construction or improvement of those capital assets for the System.

Restricted Net Position

Nonexpendable – assets subject to externally imposed stipulations that they be maintained permanently by the System. Such assets include the principal of the System's permanent endowment funds.

Expendable – assets whose use by the System is subject to externally imposed stipulations that can be fulfilled by actions of the System pursuant to those stipulations, or that expire by the passage of time.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)***Unrestricted Net Position***

Unrestricted net position includes assets whose use by the System is not subject to externally imposed stipulations. They may be designated for specific purposes by action of management or the Board of Regents, or may otherwise be limited by contractual agreements with outside parties.

Interfund Activity and Transactions

The System is regularly involved in both interfund activity and interfund transactions. Interfund activity refers to financial interaction between funds (including blended component units) and is related to internal events. Interfund transactions refer to interactions with outside parties (discretely presented component units, other governments, other legally separate entities and individuals) and are restricted to external events. Interfund activity and interfund transactions are both clearly identifiable and are eliminated where appropriate.

Reporting Consideration for COVID-19 Response

In response to the COVID-19 pandemic, Congress passed legislation to provide stimulus funding under the Higher Education Emergency Relief Fund (HEERF), Provider Relief Fund (PRF), and other COVID-19 Supplemental Appropriation Acts that provide economic support to offset additional expenses and forgone revenue. During fiscal year 2025, the System received a total of \$5,857,164.98 from these relief programs. During fiscal year 2024, the System received a total of \$18,746,566.66 from these relief programs.

As of August 31, 2025, the remaining funds available from these relief programs totaled \$1,345,061.13.

Additional information on the liabilities relating to the right-to-use assets is detailed further in Note 8.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 3: Deposits, Investments, and Repurchase Agreements

The System’s investment portfolio is invested pursuant to the parameters of applicable Texas law and the governing board’s Investment Policies. Under Texas law, the System investments may be “any kind of investment that persons of ordinary prudence, discretion, and intelligence, exercising the judgment and care under the circumstances then prevailing, acquire or retain for their own account in the management of their affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.” Under Texas law, the System is required to invest its institutional funds according to written investment policies adopted by the Board of Regents. No person may invest the System funds without express written authority from the governing board.

The governing investment policy is Regents’ Rules Chapter 09, “Investments and Endowments.” The majority of the System assets are invested in three investment funds; the Long Term Investment Fund (LTIF), the Mission Driven Investment Fund (MDIF), and the Comprehensive Cash and Investment Pool (CCIP), each having their own stand-alone investment policies. The objective of the CCIP is to retain appropriate liquidity to meet daily operating demands while seeking higher yield on cash reserves through appropriately diversified longer-termed investment strategies. Funds invested in the MDIF focus on advancing the overall mission of the System primarily, with returns being a secondary consideration. Endowment funds and certain eligible long-term institutional funds are invested in the LTIF, which invests in equity and fixed income securities, as well as alternative investments such as hedge funds and private equity, and is operated using a total return philosophy. Institutional funds not in the LTIF or MDIF are invested in the CCIP. Other assets outside the three funds include securities gifted to the System with donor instructions to maintain in their original form, an endowment managed by American National Bank and Trust for MSU, the endowment of MSU Foundation (MSUF), and debt proceeds. The published Regent’s Rules Chapter 09, "Investments and Endowment," the LTIF Investment Policy Statement, MDIF Investment Policy Statement, and the CCIP Investment Policy Statement can be obtained at <https://www.texastech.edu/board-of-regents/regents-rules.php>.

Deposits of Cash in Bank

The carrying amount of deposits as of August 31, 2025 and August 31, 2024 was \$94,806,689.23 and \$90,766,681.08, respectively, as presented below:

Business-Type Activities

	<u>FY25</u>	<u>FY24</u>
CASH IN BANK – CARRYING AMOUNT	\$ 94,806,689.23	\$ 90,768,968.08
Less: Certificates of Deposit included in carrying amount and reported as Cash Equivalent		
Less: Uninvested Securities Lending Cash Collateral included in carrying amount and reported as Securities Lending Collateral		
Less: Securities Lending CD Collateral included in carrying amount and reported as Securities Lending Collateral		
Cash in Bank per AFR	<u>\$ 94,806,689.23</u>	<u>\$ 90,768,968.08</u>
Proprietary Funds Current Assets Cash in Bank	\$ 66,271,157.94	\$ 63,423,328.52
Proprietary Funds Current Assets Restricted Cash in Bank	21,115,568.81	21,253,233.61
Proprietary Funds Non-Current Assets Restricted Cash in Bank	7,419,962.48	6,092,405.95
Cash in Bank per AFR	<u>\$ 94,806,689.23</u>	<u>\$ 90,768,968.08</u>

These amounts consist of all cash in local banks and are included on the Combined Statement of Net Position as part of current unrestricted, current restricted, and non-current restricted “Cash and Cash Equivalents.”

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the System will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The System maintains depository relationships with limited banking institutions by depository agreements between the System and the respective banking institution. State law requires that the System's deposits, to the extent such deposits exceed the maximum insured limit under deposit insurance provided by the Federal Deposit Insurance Corporation (FDIC), shall at all times be collateralized with government securities.

All the System's deposits in excess of FDIC limits are fully collateralized. The collateral is held in the System's name by the pledging institution's agent. The System also has no foreign currency risk on deposits.

As of August 31, 2025, the total **bank balance** for Business-Type Activities was \$118,688,118.90. As of August 31, 2024, the balance was \$115,154,176.61.

The carrying amount of deposits for the System's Fiduciary Activities as of August 31, 2025 and August 31, 2024 was \$6,375,932.10 and \$5,803,962.58, respectively, as presented below:

Fiduciary Activities

	FY25	FY24
CASH IN BANK – CARRYING AMOUNT	\$ 6,375,932.10	\$ 5,803,962.58
Less: Certificates of Deposit included in carrying amount and reported as Cash Equivalent		
Less: Uninvested Securities Lending Cash Collateral included in carrying amount and reported as Securities Lending Collateral		
Less: Securities Lending CD Collateral included in carrying amount and reported as Securities Lending Collateral		
Cash in Bank per AFR	\$ 6,375,932.10	\$ 5,803,962.58
Fiduciary Funds Current Assets Cash in Bank	\$ 6,375,932.10	\$ 5,803,962.58
Cash in Bank per AFR	\$ 6,375,932.10	\$ 5,803,962.58

All the System's Fiduciary Activities deposits in excess of FDIC limits are fully collateralized. The collateral is held in the System's name by the pledging institution's agent. The System's Fiduciary Activities also have no foreign currency risk on deposits.

As of August 31, 2025, the total **bank balance** for the System's Fiduciary Activities was \$6,375,932.10. As of August 31, 2024, this balance was \$5,803,962.58.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The carrying amount of deposits for Carr Foundation as of August 31, 2025 and August 31, 2024 was \$337,514.82 and \$142,754.95, respectively, as presented below:

Discrete Component Unit - Carr Foundation

	FY25	FY24
CASH IN BANK – CARRYING AMOUNT	\$ 337,514.82	\$ 142,754.95
Less: Certificates of Deposit included in carrying amount and reported as Cash Equivalent		
Less: Uninvested Securities Lending Cash Collateral included in carrying amount and reported as Securities Lending Collateral		
Less: Securities Lending CD Collateral included in carrying amount and reported as Securities Lending Collateral		
Cash in Bank per AFR	\$ 337,514.82	\$ 142,754.95
Discrete Component Unit Current Assets Restricted Cash in Bank	\$ 337,514.82	\$ 136,563.51
Discrete Component Unit Non-Current Assets Restricted Cash in Bank		6,191.44
Cash in Bank per AFR	\$ 337,514.82	\$ 142,754.95

All of the Carr Foundation’s deposits in excess of FDIC limits are fully collateralized. The collateral is held in the Foundation’s name by the pledging institution’s agent. The Foundation also has no foreign currency risk on deposits.

As of August 31, 2025, the total **bank balance** for Discrete Component Unit Activities for the Carr Foundation was \$337,514.82. As of August 31, 2024, this balance was \$548,192.46.

The carrying amount of deposits for TTRP as of August 31, 2025 and August 31, 2024 was \$557.09 and \$5,063.48, respectively, as presented below:

Discrete Component Unit - TTRP

	FY25	FY24
CASH IN BANK – CARRYING AMOUNT	\$ 557.09	\$ 5,063.48
Less: Certificates of Deposit included in carrying amount and reported as Cash Equivalent		
Less: Uninvested Securities Lending Cash Collateral included in carrying amount and reported as Securities Lending Collateral		
Less: Securities Lending CD Collateral included in carrying amount and reported as Securities Lending Collateral		
Cash in Bank per AFR	\$ 557.09	\$ 5,063.48
Discrete Component Unit Current Assets Cash in Bank	\$ 557.09	\$ 5,063.48
Discrete Component Unit Current Assets Restricted Cash in Bank		
Discrete Component Unit Non-Current Assets Restricted Cash in Bank		
Cash in Bank per AFR	\$ 557.09	\$ 5,063.48

All of the TTRP’s deposits in excess of FDIC limits are fully collateralized. The collateral is held in TTRP’s name by the pledging institution’s agent. TTRP also has no foreign currency risk on deposits.

As of August 31, 2025, the total **bank balance** for Discrete Component Unit Activities for TTRP was \$557.09. As of August 31, 2024, this balance was \$5,063.48.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Fair Value Measurements

The System values its investments at fair value. GASB Statement No. 72, *Fair Value Measurement and Application*, defines fair value as the price received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value is an exit price at the measurement date from the perspective of the market participant that holds the asset. This is a market-based measurement.

GASB 72 identifies the following three acceptable valuation approaches to determine fair value:

- Market approach - uses prices and other relevant information generated by market transactions involving identical or similar items.
- Cost approach – measures fair value based on the current cost to replace the present service capacity of an asset.
- Income approach – discounts future amounts (such as cash flows or revenues and expenses) into a single current amount.

GASB 72 also establishes a fair value hierarchy that classifies inputs to valuation techniques into three levels:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that can be accessed at the measurement date.
- Level 2 – Inputs (other than quoted prices included within Level 1) that are observable for an asset or liability – either directly (quoted market prices for similar assets or liabilities) or indirectly (corroborated from observable market information).
- Level 3 – Unobservable inputs for an asset or liability.

Beyond these three levels, Net Asset Value and Amortized Cost may be used to categorize investments without a readily determinable fair value.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The fair value of investments at each level is presented below for August 31, 2025:

Business-Type Activities

Investments Reported at NAV

Per GASB 72, the System uses the net asset value (NAV) per share as a method for determining fair value for its investments in the tables below.

As of August 31, 2025:

Business-Type Activities

Investment Strategy	Fair Value	Frequency Range Low	Frequency Range High	Notice Period Range Low	Notice Period Range High	Unfunded Commitment
Alternative	\$ 582,673,388.77	Quarterly	5 years	1 year	1 year	\$ 283,045,184.04
Commingled Funds	697,351.13	Monthly	Monthly	3 days	10 days	0.00
Private Equity	309,066,364.93	Quarterly	5 years	1 day	1 year	74,969,157.83
Real Estate	16,793,664.35	Quarterly	5 years	1 year	1 year	6,472,528.34

Real Estate	1,652,360.82	4 Years	5 Years	1 year	1 year	774,238.45
Total	\$ 65,592,133.10					\$ 21,378,007.76

These investments calculate the NAV consistent with the Financial Accounting Standard Board’s measurement principles for investment companies. These investments are exempt from classification within the fair value hierarchy when the System does not intend to sell all or a portion of the investment for an amount that is different from the NAV.

Investment Risks

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the System will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. State statutes and the System's investment regulation does not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. The System’s investment policy is to require third party custody for the three investment funds, the LTIF, the MDIF, and the CCIP. The balances listed below relate to the securities held outside of those pools as of August 31, 2025 and August 31, 2024.

Business-Type Activities

Fiscal Year	Fund Type	Type	Uninsured and unregistered with securities held by the counterparty
2025	05	Equity	\$ 14,174,742.42
2024	05	Equity	\$ 13,085,427.29

Fiduciary Funds had no custodial credit risk for investments as of August 31, 2025 or August 31, 2024.

The Carr Foundation and TTRP had no custodial credit risk for investments as of August 31, 2025 or August 31, 2024.

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. As of August 31, 2025, the System investments subject to interest rate risk - commingled funds such as local government investment pools, and fixed income money market funds - have an average maturity of less than one year. The System's investments in U.S. Government Agency and

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Municipal Obligations have an average maturity of less than three years and the investments in bond mutual funds have an average maturity of less than three years.

Foreign currency risk for investments is the risk that changes in exchange rates will adversely affect the investment. The LTIF, MDIF, and CCIP do not have policy limits specific to international equity or debt. All exposures are through funds managed by external investment managers. The exposure to foreign currency risk as of August 31, 2025, is presented below.

Business-Type Activities

<u>FY25</u>		
Fund Type	Foreign Currency	International Externally Managed Investments
05	British pound	\$ 7,472,657.66
05	Euro	49,926,482.89
	Total	\$ 57,399,140.55

As of August 31, 2024, the exposure to foreign currency risk was: International Externally Managed Investments - \$42,492,276.80.

Fiduciary Activities

<u>FY25</u>		
Fund Type	Foreign Currency	International Externally Managed Investments
22	British pound	\$ 60,879.17
22	Euro	405,582.98
	Total	\$ 466,462.15

As of August 31, 2024, the exposure to foreign currency risk was: International Externally Managed Investments - \$362,619.59.

	Total	\$ 5,695,387.96

As of August 31, 2024, the exposure to foreign currency risk for the Carr Foundation was: International Externally Managed Investments - \$4,399,983.47.

Discrete Component Unit - TTRP had no foreign currency risk as of August 31, 2025 or August 31, 2024.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. This is measured by the assignment of a rating by a nationally recognized statistical rating organization (NRSRO). The System’s CCIP investment policy limits fixed income securities to those issued by the U.S. or its agencies and instrumentalities. According to the authoritative literature from the GASB, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality. However in 2011 and 2023, some of the U.S. government direct obligations were downgraded and thus U.S. government direct obligations are included in the credit risk disclosure.

As of August 31, 2025, the System’s credit quality distribution for securities with credit risk exposure was as follows:

Business-Type Activities

Standard & Poor’s

Fund Type	Investment Type	AAA	AA	A	BBB	BB	Unrated
05	U.S. Government Agency Obligations	\$ 326,059,580.20	3,269,753.08

Investment Derivative Instruments

The System’s Investment Policy Statement for the LTIF allows investment in certain derivative securities. A derivative security is a financial instrument which derives its value from another security, currency, commodity or index. The System held total return swaps as investment derivatives during fiscal year 2025.

Derivative investments are also reported at fair value, using the same approach and hierarchy required by GASB 72 discussed in the Investments section above. The System’s derivative investment instruments are reported using Level 2 inputs. Derivatives are discussed more in Note 7.

The System entered into these type derivatives as efficient substitutes for traditional securities to reduce portfolio risks created by other securities, or in fully hedged positions to take advantage of market anomalies. The derivative contracts entered into during fiscal year 2025 used market indices as underlying securities in order to gain and reduce market exposure in an efficient manner. All investment derivatives are reported as Investments on the Combined Statement of Net Position, and changes in fair value of certain derivatives are reported as investment revenue in the Combined Statement of Revenues, Expenses and Changes in Net Position.

These derivative instruments involve market and/or credit risk in excess of the amount recognized in the Combined Statement of Net Position. Risks arise from the possibility that counterparties will be unable to meet the terms of their contracts and from movement in index values. Counterparty risk for swaps is mitigated by master netting agreements between the System and its counterparties, and by the posting of collateral on a daily basis.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

As of August 31, 2025 and August 31, 2024, the System had no exposure to investment **foreign currency risk in derivative investments**.

As of August 31, 2025 and August 31, 2024, Fiduciary Activities had no exposure to **foreign currency risk in derivative investments**.

As of August 31, 2025 and August 31, 2024, Discrete Component Units - Carr Foundation and TTRP had no exposure to **foreign currency risk in derivative investments**.

Texas University Fund

On November 7, 2023, Proposition 5 passed, establishing a new permanent endowment, the Texas University Fund (TUF), to support academic teaching institutions in Texas in achieving national prominence as major research universities. The TUF is administered by Texas Safekeeping Trust Company and the endowment is not reflected in the financial statements of the System.

Total net position of the TUF as of August 31, 2025 was \$5,316,500,319.18. By acts of Legislature and provisions of the State Constitution, the net income of the TUF is divided amongst four Texas research institutions. TTU's share of distributions was \$60.1 million for the fiscal year ended August 31, 2025.

Additionally, eligible institutions, including TTU, are entitled to include their portion of the TUF corpus when reporting institutional endowment funds to certain external agencies. As of August 31, 2025, based on statute, TTU's portion would equal approximately two-sevenths of 75% of the year-end total.

Note 4: Short-Term Debt

The System had the following short-term debt outstanding as of August 31, 2025.

Business-Type Activities	Balance 9/1/2024	Increases	Decreases	Balance 8/31/2025
Short-Term Debt CP Notes	\$ 104,814,000.00	\$ 38,879,000.00	\$ 102,331,000.00	\$ 41,362,000.00

Short-Term Debt Commercial Paper Notes

Commercial paper, both taxable and non-taxable, was issued during the fiscal year to serve as an interim financing source for various long-term construction projects in advance of the issuance of authorized bonds. All commercial paper outstanding at August 31, 2025 will mature in fiscal year 2026. Commercial paper has short maturities up to 270 days with interest rates ranging from 2.70% to 3.37% for tax-exempt, and 4.33% to 5.35% for taxable paper.

The System has no credit facilities and no lines or letters of credit. The System commercial paper (CP) program, classified as notes for reporting purposes, has a total aggregate principal authorization of \$150 million. With \$41,362,000.00 outstanding as of August 31, 2025, the remaining principal authorization is \$108,638,000.00. The CP program is supported by the System's own self-liquidity to be used in the event there are tendered securities of the System's RFS Commercial Paper notes not remarketed. No assets are pledged as collateral. No terms specified relating to default and termination events are in the CP program indentures. The CP program notes are not subject to redemption prior to their respective maturities or to acceleration of maturities.

Discrete Component Unit - TTRP did not have any long term liabilities as of August 31, 2025.

Claims and Judgments

TTUHSC and TTUHSC at El Paso have self-insured arrangements for medical malpractice coverage through a medical malpractice self-insurance plan. Claims and judgments include estimates for both known medical malpractice claims and those that have not yet been made against the insured participants. The liability is actuarially estimated to reflect the anticipated future claims for past medical services, and is adjusted annually based on an actuarially estimated incurred but not reported (IBNR) liability. Some of these claims are in process, while others are expected to be filed in the future. The liability estimate does not consider the probability of payment on a claim-by-claim basis and instead considers overall probability of payment for medical malpractice claims. Funding for future claim payments will be from a self-insurance reserve managed by the office of the General Counsel. The System also includes rebatable arbitrage in claims and judgments. More information is presented in Note 17.

Right to Use Lease Obligations

The System is a lessee for various noncancellable leases of buildings, land and equipment. For leases with a maximum possible term of 12 months or more the System recognizes a lease liability and an intangible right-to-use lease asset. At the commencement of a lease, the System initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. Additional information on the System's right to use lease obligations is provided in Note 8.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Right to Use Subscription Obligations

The System is a lessee for various noncancellable subscription-based information technology arrangements (SBITAs). For SBITAs with a maximum possible term of 12 months or more the System recognizes a subscription liability and an intangible right-to-use subscription asset. At the commencement of a subscription term, the System initially measures the subscription liability at the present value of payments expected to be made during the term. Subsequently, the subscription liability is reduced by the principal portion of payments made. Additional information on the System's right to use subscription obligations is provided in Note 8.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Under state law, the hours accumulated are limited based on the employees' length of service. Expenditures for accumulated annual leave balances are recognized in the period paid or taken. The liability for unpaid benefits is recorded in the Combined Statement of Net Position. This obligation is paid from a central vacation pool account which collects the funding from the same funding source(s) from which the employee's salary or wage compensation was paid.

Per GASB Statement No. 101, *Compensated Absences*, effective fiscal year 2025, a State agency is required to accrue for sick leave that has accumulated and is likely to be used, even though the employee will never be eligible for a termination payment related to unused sick leave. For financial accounting and reporting purposes, sick leave taken first comes out of hours earned in the fiscal year, Last-In First-Out (LIFO) flows assumption, with calculations made at year-end. If hours used do not exceed hours earned in the fiscal year, no liability is recognized. No liability has been recorded for the System for non-vesting accumulating rights to receive sick pay benefits as of August 31, 2025.

Revenue Bonds Payable

See Note 6 and accompanying Combined Bond Schedules for detailed information on bond liability balances and transactions.

Pledged Future Revenues

GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*, makes a basic distinction between sales of receivables and future revenues, and the pledging of receivables or future revenues to repay a borrowing (collateralized borrowing). The following table provides the pledged future revenue information for the System's revenue bonds for which a revenue pledge exists:

Pledged Future Revenues	Business-Type Activities	
	FY25	FY24
Pledged Revenue Required for Future Principal and Interest on Existing Revenue Bonds	\$ 1,577,399,151.71	\$ 1,232,710,380.24
Term of Commitment for Year Ending 8/31	2055	2050
Percentage of Revenue Pledged	100%	100%
Current Year Pledged Revenue	\$ 1,086,673,383.16	\$ 1,052,915,744.30
Current Year Principal and Interest Paid	\$ 114,076,322.80	\$ 109,366,637.36

Pledged revenue sources include operating income from tuition and fees, sales and services from auxiliary and non-auxiliary activities, investment income, and unrestricted contract and grant revenues.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Notes and Loans Payable - Direct Borrowings**

As of August 31, 2024, Red Raider Facilities Foundation (RRFF), a blended component unit of the System, entered into long-term financing contracts for the purchase of capital assets. These contracts are classified as notes and loans payable - direct borrowings. As of August 31, 2025, these notes and loans payable - direct borrowings were paid off through the issuance of the 2025A and 2025B bonds.

Pollution Remediation Obligation

TTUSA owns a 5,855-acre parcel of land in Carson County, Texas. The land was purchased by TTU from the United States of America, acting by and through the General Services Administrator, in 1949 to operate an experimental research farm on a portion of the land. In fiscal year 2025, this land was purchased by TTUSA from TTU. TTUSA is a responsible party for pollution remediation activities on this land for which expenses have been previously accrued in the amount of \$1,529,525.50. The estimated liability is based on an analysis from ARS Aleut Remediation, LLC and factored down by 50% for cost reduction measures that would result in cost savings. This amount is subject to cost volatility until such time remediation activities are complete. The land will be considered for remediation if the land is sold, transferred or otherwise utilized in a manner necessitating pollution remediation.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 6: Bonded Indebtedness**Revenue Bonds Payable**

Detailed supplemental bond information is disclosed in the Combined:

Schedule 2A	Miscellaneous Bond Information
Schedule 2B	Changes in Bonded Indebtedness
Schedule 2C	Debt Service Requirements
Schedule 2D	Analysis of Funds Available for Debt Service
Schedule 2E	Defeased Bonds Outstanding
Schedule 2F	Early Extinguishment and Refunding

In fiscal year 2025, the following series were refunded:

Revenue Financing System Building Revenue & Refunding Bonds, Series 2015A

Purpose:	To finance the construction of a new 500-bed student dormitory and an addition to the Fain Fine Arts building to expand the Mass Communications program; the refunding of \$605,000 of the MSU Building Revenue and Refunding Bonds, Series 2003, which were used to pay for improving, enlarging, and/or equipping MSU residence halls, including fire safety and other general modernization improvements; the refunding of \$6,025,000 of the Series 2007 TRB portion; and the refunding of \$7,195,000 of the Series 2007 Non-TRB portion.
Issue Date:	June 2, 2015
Original Issue Amount:	\$53,335,000, all authorized bonds have been issued
Source of revenue for debt service:	MSU has pledged revenues, consisting of revenues, incomes, receipts, rentals, rates, charges, fees, and tuition levied or collected from any public or private source, including interest or other income from those funds and unrestricted fund and reserve balances available, but not including remissions, governmental appropriations and gifts, Higher Education Assistance Funds, grants and contracts, student service fees, and private gifts.

Revenue Financing System Refunding and Improvement Bonds, 16th Series 2015A

Purpose:	For refunding of \$62,790,000 of Revenue Financing System Commercial Paper Notes Series A, a current refunding of \$245,000 of Revenue Financing System Bonds Series 2003. To provide new funding for the new TTU College of Business Administration Building Wing Addition, TTU West Village Residence Hall and Dining Facility and the HSC at El Paso School of Nursing.
Issue Date:	April 9, 2015
Original Issue Amount:	\$73,255,000, all authorized bonds have been issued
Source of revenue for debt service:	All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

The System's bond issues outstanding as of August 31, 2025 are summarized in the paragraphs that follow.

Revenue Financing System Refunding and Improvement Bonds, Series 2012B

Purpose:	To finance advance refunding of \$4,945,000 of MSU Building Revenue and Refunding Bonds, Series 2003, which were used to pay for improving, enlarging, and/or equipping MSU residence halls, including fire safety improvements and other general modernization improvements.
Issue Date:	September 15, 2012
Original Issue Amount:	\$5,415,000, all authorized bonds have been issued
Source of revenue for debt service:	MSU has pledged revenues, consisting of unappropriated fund balances and unrestricted current funds revenues available, but not including remissions, governmental appropriations and gifts, Higher Education Assistance Funds, grants and contracts, student service fees, and private gifts.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Revenue Financing System Revenue & Refunding Bonds, Series 2016A

Purpose:	\$58,400,000 of the proceeds from the sale of the Series 2016A Bonds will be used for the construction of the new 84,000 gross square foot Gunn Health Sciences and Human Services building with the consolidation of the previously separately housed Simulation Center; along with substantial renovations to Moffett Library; minor renovations and code improvements to Bridwell Hall, Bolin Hall, the Fain Fine Arts Center, and the Hardin Administration Building; the relocation of Information Technology to a more secure building on campus; and other essential electrical, infrastructural, HVAC, and ADA upgrades and improvements.
Issue Date:	September 15, 2016
Original Issue Amount:	\$70,135,000; Of the \$58,400,000 authorized, \$50,975,000 have been issued.
Source of revenue for debt service:	The additional debt service for these projects will be funded with tuition revenue bond retirement appropriations authorized by the 84th Texas Legislature.

Revenue Financing System Revenue & Refunding Bonds, Series 2016B

Purpose:	The entire proceeds of \$11,790,000 from the sale of Series 2016B revenue and refunding bonds were used to advance refund the remaining 2008 series revenue bonds on a taxable basis.
Issue Date:	September 15, 2016
Original Issue Amount:	\$11,790,000, all authorized bonds have been issued
Source of revenue for debt service:	MSU has pledged revenues, consisting of revenues, incomes, receipts, rentals, rates, charges, fees, and tuition levied or collected from any public or private source, including interest or other income from those funds and unrestricted fund and reserve balances available, but not including remissions, governmental appropriations and gifts, Higher Education Assistance Funds, grants and contracts, student service fees, and private gifts.

Revenue Financing System Refunding and Improvement Bonds, 17th Series 2015B (Taxable)

Purpose:	For refunding of \$39,025,000 of Revenue Financing System Commercial Paper Notes Series A, an advance refunding of \$157,035,000 of Revenue Financing System Bonds Series 2006, a current refunding of \$4,185,000 of Texas State University System Revenue Financing System Bonds Series 2005 and an advance refunding of \$13,365,000 of Texas State University System Revenue Financing System Bonds Series 2006 representing ASU's portion. To provide new funding for the new TTU Research Park Building, the United Supermarkets Arena renovations, Jones Stadium facility upgrades, and Bayer CropScience Research Building Renovation and the new Bayer CropScience Trait Development Center.
Issue Date:	April 9, 2015
Original Issue Amount:	\$245,315,000, all authorized bonds have been issued
Source of revenue for debt service:	All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 2017A Series

Purpose:	For refunding of \$33,007,000 of Revenue Financing System Commercial Paper Notes Series A and to provide funding of new construction of ASU Archer College of Human & Health Services Building, TTU Honors Residence Hall, HSC Amarillo Simulation Center, HSC Permian Basin Academic Center and Texas Tech University System Administration Building.
Issue Date:	January 31, 2017
Original Issue Amount:	\$79,035,000, all bonds authorized have been issued
Source of revenue for debt service:	All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Revenue Financing System Refunding and Improvement Bonds, 2017B Series (Taxable)

Purpose: For refunding of \$17,327,000 of Revenue Financing System Commercial Paper Notes Series A, an advance refunding of \$75,430,000 of Revenue Financing System Bonds Series 2009, and an advance refunding of \$3,147,667.15 of Government Capital Corp Lease for Angelo State University. To provide funding for new construction of TTU Experimental Sciences Building II, TTU Sports Performance Complex, HSC Lubbock Campus Expansion, HSC at El Paso Medical Sciences Building II.

Issue Date: January 31, 2017

Original Issue Amount: \$295,700,000, all bonds authorized have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 2020 Series (Taxable)

Purpose: For refunding of \$52,009,000 of Revenue Financing System Commercial Paper Notes Series A, an advance refunding of \$80,665,000 of Revenue Financing System Bonds 14th Series 2012A, and an advance refunding of \$17,440,000 of Revenue Financing System Bonds Taxable 15th Series 2012B. To provide funding for new construction of TTU School of Veterinary Medicine, HSC at El Paso School of Dental Learning and Oral Health Clinic, TTU Womble Basketball Practice Center, ASU Centennial Village Phase II, ASU Food Service Center Renovation, TTU Cash Family Athletics Nutrition Center, and other various minor capital improvement projects.

Issue Date: July 29, 2020

Original Issue Amount: \$314,745,000, all authorized bonds have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 2023A Series

Purpose: To finance construction projects for various improvements, renovations, and additions including the following: ASU Central Physical Plant upgrades; HSC research lab renovations and facility upgrades and additions to the Midland Physicians Assistant Program building; HSC El Paso medical clinic construction; MSU Bolin Science building renovation and Central Physical Plant upgrades and additions; TTU renovations, including life and safety upgrades to Biology building and greenhouse, Experimental Sciences building, Chemistry building, Holden Hall, Psychology building, Mechanical Engineering buildings, and Science building; Reese Center roof and building renovations; TTU Junction campus research facility renovations and upgrades; and TTU Central Physical Plant tunnel and sewer upgrades and repairs. \$7,205,000 of issued funds was a partial current refunding of Revenue Financing System Commercial Paper Notes Series A for the TTU Veterinary School of Medicine Mariposa.

Issue Date: August 8, 2023

Original Issue Amount: \$193,625,000, all authorized bonds have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Revenue Financing System Refunding and Improvement Bonds, 2023B Series (Taxable)

Purpose:	To finance construction projects for various improvements, renovations, and additions including the following: ASU Central Physical Plant upgrades; HSC research lab renovations and facility upgrades and additions to the Midland Physicians Assistant Program building; HSC El Paso medical clinic construction; MSU Bolin Science building renovation and Central Physical Plant upgrades and additions; TTU renovations, including life and safety upgrades to Biology building and greenhouse, Experimental Sciences building, Chemistry building, Holden Hall, Psychology building, Mechanical Engineering buildings, and Science building; Reese Center roof and building renovations; TTU Junction campus research facility renovations and upgrades; and TTU Central Physical Plant tunnel and sewer upgrades and repairs.
Issue Date:	August 8, 2023
Original Issue Amount:	\$56,400,000, all authorized bonds have been issued
Source of revenue for debt service:	All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 2025A Series

Purpose:	For current refunding of \$52,800,000 of the TTUS Revenue Financing System Bonds Series 2015A and \$42,835,000 of Texas Public Finance Authority Series 2015A Bonds representing MSU's portion. For refunding of \$72,578,800 of Revenue Financing System Commercial Paper Notes Series A. To finance the construction of various capital projects including the following: ASU Murphey Auditorium renovations, TTU Jones AT&T Stadium South Endzone, and Womble Football Training Facility.
Issue Date:	March 13, 2025
Original Issue Amount:	\$304,335,000, all authorized bonds have been issued
Source of revenue for debt service:	All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 2025B Series(Taxable)

Purpose:	For refunding of \$4,610,000 of Revenue Financing System Commercial Paper Notes Series A. To finance the construction of various capital projects including the Jones AT&T Stadium South Endzone and Womble Football Training Facility.
Issue Date:	March 13, 2025
Original Issue Amount:	\$37,160,000, all authorized bonds have been issued
Source of revenue for debt service:	All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Sources of Debt-Service Revenue

On October 21, 1993, the governing board of the System established a Revenue Financing System (RFS) for the purpose of providing a financing structure for all revenue supported indebtedness of System component institutions. The source of revenues for debt service issued under the RFS includes pledged general tuition, pledged tuition fee, pledged general fee and any other revenues, income, receipts, rentals, rates, charges, fees, including interest or other income, and balances lawfully available to System component institutions. Excluded from the revenues described above are amounts received under Article 7, Section 17 of the Constitution of the State of Texas, general revenue funds appropriated by the Legislature except to the extent so specifically appropriated, encumbered housing revenues, and practice plan funds.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 7: Derivatives

The System Investment Policy Statement for the LTIF allows investment in certain derivative securities. Derivatives are financial instruments whose values are derived in whole or in part from the value of any one or more underlying assets or index of asset values. Investment derivatives are entered into with the intention of managing transaction risk, reducing interest cost, or reducing currency exchange risk in purchasing, selling or holding investments.

The following disclosures summarize the System’s derivative activity as reported in the financial statements as of August 31, 2025:

Business-Type Activities

Investment Derivatives	Changes in Fair Value		Fair Value at August 31, 2025		Notional
	Classification	Amount	Classification	Amount	
Total Return Swaps	Investment Revenue	1,918,262.07	Investments	37,029,946.65	681,849,196.61

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Fair Value

Derivative instruments are recorded at fair value. Futures contracts are marked-to-market daily and valued at closing market prices on the valuation date. A daily variation margin between the daily value of the contracts and the value on the previous day is recorded and settled in cash with the broker the following morning. Options and total return swaps are valued using broker quotes, proprietary pricing agents or appropriate pricing models with primarily externally verifiable model inputs.

Investment Derivatives

Investment derivatives expose the System to certain investment related risks. The System discloses more detail about investment derivatives and risk in Note 3.

Note 8: Leases/SBITAs

GASB Statement No. 87, *Leases*, effective FY 2022, established a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this model, parties involved in lease contracts are required to recognize a lease liability and an intangible right-to-use asset (lessee) and a lease receivable and a deferred inflow of resources (lessor).

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*, effective FY 2023, defines a SBITA, establishes it as a right-to-use subscription asset and a corresponding subscription liability, and provides capitalization criteria for related outlays.

For fiscal year 2025, the System's lease contracts and subscription-based information technology arrangements have been examined according to GASB 87 and GASB 96 standards and the details for these are presented below.

Lease Liabilities

The System is a lessee for various noncancellable leases of buildings, land and equipment. A summary of the System's right to use lease asset activity during the year is disclosed separately in Note 2. Included in the expenditures reported in the financial statements is the following amount of rent paid or due under lease liability as of August 31, 2025 and August 31, 2024:

Fund Type	Business-Type Activities	
	FY25	FY24
Proprietary Fund	\$5,283,406.68	\$ 4,402,149.23

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Future minimum lease payments at August 31, 2025 are as follows:

Fiscal Year Ended August 31	Business-Type Activities		
	Principal	Interest	Total Future Minimum Lease Payments
2026	\$ 6,563,687.03	\$ 383,776.41	\$ 6,947,463.44
2027	5,507,128.42	320,720.41	5,827,848.83
2028	4,836,573.10	268,497.57	5,105,070.67
2029	3,701,797.94	224,150.90	3,925,948.84
2030	3,827,947.90	184,749.07	4,012,696.97
2031-2035	16,487,475.40	389,992.15	16,877,467.55
2036-2040	2,026,688.57	21,028.03	2,047,716.60
2041-2045	63,339.34	3,568.47	66,907.81
Total	\$ 43,014,637.70	\$ 1,796,483.01	\$ 44,811,120.71

Variable Disclosures

Variable payments based on the use of the underlying asset are not included in the lease liability because they are not fixed in substance — therefore, these payments are not included in the lease liabilities. In fiscal year 2025, the System had one partially variable payment and one variable only lease not included in the liabilities presented above. These variable payments included costs for a user-based lease and fluctuations to the measurements of another contract.

Variable Payments	Business-Type Activities	
	FY25	FY24
(Not included in lease liability)	\$ 150,340.39	\$ 350,006.49

Future Leases

The System has two noncancellable lease commitments for which the term had not yet commenced as of August 31, 2025. One lease commences in September 2025 and the other, a ground lease, commences in fiscal year 2026. The terms range is 2025-2076 with a future commitment of \$2,891,390.40.

The Carr Foundation and TTRP had no right-to-use lease obligations for the years ending August 31, 2025 or 2024.

Lease Income

The System is a lessor for various noncancellable leases of buildings, land, office space and equipment to outside parties. Included in the revenues reported in the financial statements is the following amount of rental income received as of August 31, 2025 and August 31, 2024:

Fund Type	Business-Type Activities	
	FY25	FY24
Proprietary Fund	\$ 872,361.60	\$ 1,199,114.28

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Future minimum lease rental income at August 31, 2025 are as follows:

Fiscal Year Ended August 31	Business-Type Activities		Total Future Minimum Lease Income
	Principal	Interest	
2026	\$ 1,059,336.54	\$ 150,634.67	\$ 1,209,971.21
2027	1,072,990.96	147,733.60	1,220,724.56
2028	855,812.85	143,984.37	999,797.22
2029	678,212.58	139,488.07	817,700.65
2030	146,908.37	135,632.92	282,541.29
2031-2035	723,871.01	640,558.08	1,364,429.09
2036-2040	819,320.74	575,680.64	1,395,001.38
2041-2045	1,060,610.57	492,508.30	1,553,118.87
2046-2050	943,829.49	402,473.49	1,346,302.98
2051-2055	1,027,979.64	332,926.90	1,360,906.54
2056 and beyond	4,271,779.69	430,299.18	4,702,078.87
Total	\$ 12,660,652.44	\$ 3,591,920.22	\$ 16,252,572.66

As of August 31, 2025, the System also had lease income agreements for cell phone towers and antennas affixed to System property.

The Carr Foundation and TTRP had no lease income for the years ended August 31, 2025 or 2024.

The System had no regulated lease arrangements for the years ended August 31, 2025 or 2024.

Subscription Liabilities

The System is a lessee for various noncancellable subscription-based information technology arrangements. A summary of the System's right-to-use subscription asset activity during the year is disclosed separately in Note 2. Included in the expenses reported in the financial statements is the following amount of subscription fees paid under subscription liability as of August 31, 2025 and August 31, 2024:

Fund Type	Business-Type Activities	
	FY25	FY24
Proprietary Fund	\$ 13,353,873.73	\$ 9,796,905.48

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Future minimum subscription payments at August 31, 2025 are as follows:

Fiscal Year Ended August 31	Business-Type Activities		Total Future Minimum Subscription Payments
	Principal	Interest	
2026	\$ 10,975,944.00	\$ 670,151.58	\$ 11,646,095.58
2027	7,028,031.93	398,748.66	7,426,780.59
2028	4,005,769.94	281,506.37	4,287,276.31
2029	2,903,275.86	131,673.34	3,034,949.20
2030	383,561.85	50,431.91	433,993.76
2031-2035	855,379.82	78,373.71	933,753.53
Total	\$ 26,151,963.40	\$ 1,610,885.57	\$ 27,762,848.97

Variable Disclosures

Of these leases, seven arrangements required payments that were partially variable and not included in the liabilities presented above. These variable payments included costs for additional users and add-ons beyond the base contract, which may fluctuate from year to year. Variable payments also included implementation costs incurred when SBITA assets were placed into use.

Variable Payments	Business-Type Activities	
	FY25	FY24
(Not included in subscription liability)	\$ 642,985.90	\$ 1,829,333.40

Future Subscription Agreements

The System has two IT subscription or software as a service commitments for which the terms had not yet commenced as of August 31, 2025. These commitments will commence in fiscal year 2026. These agreements range in terms up to year 2032 with a total future commitment of \$4,159,301.08.

The Carr Foundation and TTRP had no right-to-use subscription obligations for the years ending August 31, 2025 or 2024.

Note 9: Defined Benefit Pension Plan and Defined Contribution Pension Plan

Defined Benefit Pension Plan

The System component institutions participate in one of the three retirement systems in the State of Texas' financial reporting entity – the Teacher Retirement System (TRS). The accounting and reporting for the System's proportionate share of the TRS net pension liability is included in the System's financial records and represents the net liability for all the System component institutions.

The Teacher Retirement System of Texas is the administrator of the TRS Plan, a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The employers of the TRS Plan include the state of Texas, TRS, the state’s public schools, education service centers, charter schools, and community and junior colleges. All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and not exempted from membership under *Texas Government Code, Title 8, Section 822.002* are covered by the TRS Plan. Employees of TRS and state of Texas colleges, universities and medical schools are members of the TRS Plan.

Detailed information about the TRS Plan’s fiduciary net position is available in a separately issued ACFR that includes financial statements and required supplementary information, located at www.trs.texas.gov and then searching for financial and actuarial highlights.

The TRS Plan provides retirement, disability annuities and death and survivor benefits. The benefit and contribution provisions of the TRS Plan are authorized by state law and may be amended by the Legislature. The pension benefit formulas are based on members’ average annual compensation and years of service credit. The standard annuity is 2.3 percent of the average of the five highest annual salaries multiplied by years of service credit. For grandfathered members who were hired on or before August 31, 2005 and meet certain criteria, the standard annuity is based on the average of the three highest annual salaries. The plan does not provide automatic cost of living adjustments (COLAs).

Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution, which requires the Legislature to establish a member contribution rate of not less than 6.00% of the member’s annual compensation and a state contribution rate of not less than 6.00% and not more than 10.00% of the aggregate annual compensation paid to members of the System during the year. TGC Section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS’ unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

During the measurement period of 2024 for fiscal year 2025 reporting, and the measurement period of 2023 for fiscal year 2024 reporting, the amount of the System’s contributions excluding the State match to TRS recognized by the Plan was \$35,816,479.00 for 2025, and \$32,407,407.00 for 2024. The contribution rates are based on a percentage of the monthly gross compensation for each member. The contribution requirements for the state and the members in the measurement period are presented in the table below:

Required Contribution Rates for the Measurement Period

Contribution Rates - TRS Plan	FY25	FY24
Employer	8.25 %	8.00%
Employees	8.25 %	8.00%

The total pension liability is determined by an annual actuarial valuation. The table below presents the actuarial methods and assumptions used by TRS to measure the total pension liability for the TRS Plan as of the August 31, 2024 and 2023 measurement dates.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Actuarial Methods and Assumptions*

Actuarial Methods and Assumptions - TRS Plan	FY25	FY24
Actuarial Valuation Date	August 31, 2023 rolled forward to August 31, 2024	August 31, 2022 rolled forward to August 31, 2023

Post-Retirement	2021 TRS Healthy Pensioner Mortality Tables with full generation projection using Scale U-MP.	2021 TRS Healthy Pensioner Mortality Tables with full generation projection using Scale U-MP.
Ad Hoc Post-Employment Benefit Changes	None	None

Notes:

*Source for the rate is Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."

The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the total pension liability to August 31, 2023.

The actuarial assumptions used in the valuation were primarily based on the result of an actuarial experience study for the four-year period ending August 31, 2021 and adopted in July 2022.

The actuarial assumptions and methods are the same as used in the determination of the prior year's Net Pension Liability.

The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the Net Pension Liability of TRS. In addition, the Legislature also provided for a cost-of-living adjustment (COLA) to retirees which was approved during the November 2023 election which was paid January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023. Otherwise, there have been no changes to the benefit provisions of the plan since the prior measurement date.

The discount rate of 7.00% was applied to measure the total pension liability for the TRS Plan. The discount rate was based on the expected rate of return on pension plan investments of 7.00%. The projected cash flows into and out of the pension plan assumed that active members, employers, and the non-employer contributing entity make their contributions at the statutorily required rates. It is assumed that future employer and state contributions will be 9.50% of payroll in fiscal year 2024 gradually increasing to 9.56% in fiscal year 2025 and thereafter. This includes a factor for all employer and state contributions for active and rehired retirees. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

to finance the benefit payments of current plan members. As a result, the long-term expected rate of return on pension plan investments was applied to all projected benefit payments to determine the total pension liability.

The long-term expected rate of return on TRS Plan investments was developed using a building-block method in which best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class for the TRS Plan’s investment portfolio are presented below for fiscal years 2024 and 2023 measurement dates:

Asset Class	FY25		FY24	
	Target Allocation**	Long-Term Expected Geometric Real Rate of Return***	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Global Equity				
U.S.	18.00%	4.40%	18.00%	4.00%
Non-U.S. Developed	13.00%	4.20%	13.00%	4.50%
Emerging Markets	9.00%	5.20%	9.00%	4.80%

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Sensitivity analysis was performed by TRS on the impact of changes in the discount rate on the proportionate share of the System’s net pension liability. The result of the analysis is presented in the table below:

Fiscal Year	Sensitivity of TTU System’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate		
	1% Decrease	Current Discount Rate	1% Increase
FY25	\$ 620,103,581.00	\$ 388,231,188.00	\$ 196,108,428.00
FY24	\$ 647,461,611.00	\$ 433,068,648.00	\$ 254,800,783.00

The TRS pension plan’s fiduciary net position is determined using the economic resources measurement focus and the accrual basis of accounting, which is the same basis used by TRS. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the TRS Plan. Investments are reported at fair value. Fair value is a market-based measurement, not an entity-specific measurement. TRS utilizes one or more of the following valuation techniques in order to measure fair value: the market approach, the cost approach, and the income approach. More detailed information on the TRS Plan’s investment policy, assets, and fiduciary net position, may be obtained from TRS’ fiscal year 2024 Annual Comprehensive Financial Report.

The System reported a liability of \$388,231,188.00 for its proportionate share of the TRS collective net pension liability for the year ended August 31, 2025 and \$433,068,648.00 for the year ended August 31, 2024. The collective net pension liability was measured as of August 31, 2024 for fiscal year 2025 reporting, and as of August 31, 2023 for fiscal year 2024 reporting, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of the measurement date for each year. The System’s proportion of the net pension liability at the August 31, 2024 measurement date was .6355675 percent, and was .6304650 percent at the August 31, 2023 measurement date. The System’s proportion of the collective net pension liability was based on its contributions to the pension plan relative to the contributions of all the employers and the non-employer contributing entity to the Plan for the period September 1, 2023 through August 31, 2024 for fiscal year 2025 reporting, and for the period September 1, 2022 through August 31, 2023 for fiscal year 2024 reporting.

For the years ending August 31, 2025 and 2024, the System recognized pension expense of \$55,460,019.00 and \$74,857,978.00, respectively. At August 31, 2025 and 2024, the System reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FY25		FY24	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 21,398,773.00	\$ 3,031,120.00	\$ 15,430,383.00	\$ 5,243,987.00
Changes of assumptions	20,045,207.00	2,687,377.00	40,959,811.00	10,023,800.00
Net difference between projected and actual investment return	2,359,922.00		63,022,002.00	0.00
Change in proportion and contribution difference	12,025,362.00	8,861,979.00	8,951,852.00	7,366,474.00
Contributions subsequent to the measurement date	37,612,292.00	0.00	35,085,535.00	0.00
Total	\$ 93,441,556.00	\$ 14,580,476.00	\$ 163,449,583.00	\$ 22,634,261.00

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The \$37,612,292.00 reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the System’s net pension liability for the year ending August 31, 2026.

Amounts reported by the System as deferred outflows and inflows of resources related to pensions will be recognized as pension expense in the following years:

Year ended August 31:		
2026	\$	1,329,462.00
2027		41,399,690.00
2028		5,421,522.00
2029		(8,513,868.00)
2030		1,611,982.00
Thereafter		0.00
Total	\$	41,248,788.00

Defined Contribution Pension Plan

The State has also established an Optional Retirement Program (ORP), which is an optional defined contribution retirement program for institutions of higher education and is authorized by Texas Government Code, Chapter 830. Full-time faculty, librarians, and certain professionals and administrators employed in public higher education are eligible to elect ORP in lieu of participation in the TRS Plan before the 91st day after becoming eligible. It is a one-time irrevocable choice between two distinct plans. ORP is an individualized defined contribution plan in which each participant selects from a variety of investments offered by several insurance and investment companies through annuity contracts or mutual fund investments. Participants vest in ORP after one year of participation. The Texas Higher Education Coordinating Board develops policies, practices and procedures to provide greater uniformity in the administration of ORP. Neither the State nor the System have any additional or unfunded liability for this program. The contributory percentage of participant salaries by the members (employees) was 6.65% for both fiscal years 2025 and 2024. The contributory percentage of participant salaries by the employer (System components) was 6.8% in both fiscal years 2025 and 2024. For those employees who were participating in the ORP on or before August 31, 1995, the employer contribution rate was 8.5% for both fiscal years 2025 and 2024 and will remain so subject to legislative change. The contributions made by plan members and the employer for the fiscal years ended August 31, 2025 and 2024 are:

	FY25	FY24
Member Contributions	\$ 23,555,079.26	\$ 23,504,898.69
Employer Contributions	24,564,304.41	24,578,244.95
Total	\$ 48,119,383.67	\$ 48,083,143.64

Note 10: Deferred Compensation (administering agencies only)

Not applicable.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 11: Postemployment Benefits Other Than Pensions

Employees Retirement System of Texas Plan

Employees Retirement System (ERS) of Texas is the administrator of the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer defined benefit Other Postemployment Benefit (OPEB) plan with a special funding situation. ERS' Board of Trustees administers SRHP.

The 61 employers of SRHP include state of Texas agencies and universities, community and junior colleges, and other entities specified by the Legislature. Benefits are provided to retirees through the Texas Employees Group Benefits Program as authorized by Texas Insurance Code, Chapter 1551.

The SRHP provides postemployment health care, life and dental insurance benefits to retirees. The benefit and contribution provisions of the SRHP are authorized by state law and may be amended by the Legislature. Retirees must meet certain age and service requirements and have at least 10 years of service at retirement to participate in the plan. Surviving spouses and dependents of retirees are also covered by the plan. The plan does not provide automatic cost of living adjustments (COLAs).

The audited Annual Comprehensive Financial Report (ACFR) for the Employees Retirement System may be obtained from their website at www.ers.texas.gov and searching for reports and studies.

During the measurement period of 2024 for fiscal year 2025 reporting and the measurement period of 2023 for fiscal year 2024 reporting, the amount of the System's contributions recognized by the plan were \$22,504,065.00 for 2025 and \$24,076,452.00 for 2024. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution.

The contribution requirements for the state and the members in the measurement period are presented in the table below:

Employer Contribution Rates

Retiree Health and Basic Life Premium	FY25 ERS Plan	FY24 ERS Plan
Retiree Only	\$ 624.82	\$ 624.82
Retiree and Spouse	\$ 1,340.82	\$ 1,340.82
Retiree and Children	\$ 1,104.22	\$ 1,104.22
Retiree and Family	\$ 1,820.22	\$ 1,820.22

The total OPEB liability is determined by an annual actuarial valuation. The table below presents the actuarial methods and assumptions used to measure the total OPEB liability as of the August 31, 2024 and August 31, 2023 measurement dates.

Notes: *The source of the municipal bond rate is the Bond Buyer Index of general obligations bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

The many actuarial assumptions used in the valuation were primarily based on the result of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the 5-year period ending August 31, 2023 for state agency members and for the 7-year period ending August 31, 2021 for higher education members. The mortality rates were based on the tables identified in the table above titled *Actuarial Methods and Assumptions*.

The following assumptions have been changed since the previous Other Postemployment Benefits valuation:

- a. The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence;
- b. Proportion of future retirees assumed to cover dependent children;
- c. The proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the Opt-Out Credit at retirement;
- d. Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short term expectations.
- e. The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act has been updated to reflect the most recent plan experience and expected trends; and
- f. The discount rate was changed from 3.81% as of August 31, 2023 to 3.87% as of August 31, 2024 as a result of requirements by GASB No. 74 to utilize the yield or index rate for 20-year, tax exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

The discount rate that was used to measure the total OPEB liability is the municipal bond rate of 3.87% as of the end of the measurement year; as of the beginning of the measurement year, the discount rate was 3.81%. Projected cash flows into the plan are equal to projected benefit payments out of the plan. As the plan operates on a pay as you go basis and is not intended to accumulate funds in advance of retirement, there is no long-term expected rate of return. ERS' board of trustees amended the investment policy statement in August 2022 to require that all funds in this plan be invested in cash and equivalent securities. The investment rate of return used to calculate the projected earnings on OPEB plan investments was 3.81%.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Sensitivity analysis was performed on the impact of changes in the discount rate on the proportionate share of the System’s net OPEB liability. The result of the analysis is presented in the table below:

Sensitivity of TTU System’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate				
Fiscal Year	1% Decrease	Current Discount Rate	1% Increase	
FY25	\$ 909,528,087.00	\$ 781,713,426.00	\$ 679,140,743.00	
FY24	\$ 885,144,169.00	\$ 762,820,995.00	\$ 664,433,325.00	

Sensitivity analysis was performed on the impact of changes in the healthcare cost trend rates on the proportionate share of the System’s net OPEB liability. The result of the analysis is presented in the table below:

Sensitivity of TTU System’s Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate				
Fiscal Year	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase	
FY25	\$ 670,749,432.00	\$ 781,713,426.00	\$ 923,162,611.00	
FY24	\$ 656,132,079.00	\$ 762,820,995.00	\$ 898,316,456.00	

The OPEB plan’s fiduciary net position is determined using economic resources measurement focus and accrual basis of accounting, which is the same basis used by ERS. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the plan. Investments of the Other Employee Benefit Trust Fund are reported at fair value in accordance with GASB Statement No. 72. The fair value of investments is based on published market prices and quotations from major investment brokers at available current exchange rates. However, corporate bonds in general are valued based on currently available yields of comparable securities by issuers with similar credit ratings. More detailed information on the plan’s investment valuation, investment policy, assets, and fiduciary net position may be obtained from ERS’ fiscal 2024 ACFR.

The System reported a liability of \$781,713,426.00 for its proportionate share of the ERS collective net OPEB liability for the year ended August 31, 2025 and \$762,820,995.00 for the year ended August 31, 2024. The collective net OPEB liability was measured as of August 31, 2024 for fiscal year 2025 reporting, and as of August 31, 2023 for fiscal year 2024 reporting. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of the measurement date for each year. The System’s proportion of the net OPEB liability at the August 31, 2024 measurement date was 2.6674550 percent, and was 2.8551330 percent at the August 31, 2023 measurement date. The System’s proportion of the collective net OPEB liability was based on its contributions to the OPEB plan relative to the contributions of all the employers and non-employer contributing entity to the Plan for the period September 1, 2023 through August 31, 2024 for fiscal year 2025, and for the period September 1, 2022 through August 31, 2023 for fiscal year 2024 reporting.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

For the years ending August 31, 2025 and 2024, the System recognized OPEB expense of \$(24,678,618.00) and \$52,799,845.00, respectively. At August 31, 2025 and 2024, the System reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	FY25		FY24	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience		\$ 12,897,357.00	\$ 0.00	\$ 20,177,023.00
Changes of assumptions	42,798,443.00	155,723,238.00	25,446,880.00	238,239,160.00
Net difference between projected and actual investment return		29,880.00	61,627.00	0.00
Change in proportion and contribution difference	1,740,828.00	82,778,181.00	2,389,730.00	29,643,253.00
Contributions subsequent to the measurement date	11,132,469.00	0.00	9,655,450.00	0.00
Total	<u>\$ 55,671,740.00</u>	<u>\$ 251,428,656.00</u>	<u>\$ 37,553,687.00</u>	<u>\$ 288,059,436.00</u>

The \$11,132,469.00 reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net OPEB liability for the year ending August 31, 2026.

Amounts reported by the System as deferred outflows and (inflows) of resources related to OPEB will be recognized in OPEB expense in the following years:

Year ended August 31:	
2026	\$ (74,764,615.00)
2027	(68,066,876.00)
2028	(46,659,763.00)
2029	(13,447,999.00)
2030	(3,950,132.00)
Thereafter	0.00
Total	<u>\$ (206,889,385.00)</u>

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Note 12: Interfund Activity and Transactions**

As explained in Note 1 on interfund activities and transactions, there are numerous transactions between funds and agencies. Interfund activity refers to financial interactions between funds and/or blended component institutions and units and is restricted to internal events. Interfund transactions refer to financial interactions with legally separate entities, i.e., discrete component units and other governments, and are restricted to external events. Interfund activity between System components is eliminated where appropriate for reporting purposes.

At year-end, amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due from Other State Agencies or Due to Other State Agencies
- Transfers In or Transfers Out
- Interagency Capital Asset Transfers
- Legislative Transfers In or Legislative Transfers Out

The agency experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances occurs within one year from the date of the financial statement.

System component institutions and units had no interfund receivable or interfund payables as of August 31, 2025. Tables included in previous years detailing the other types of interfund activity and transactions above are an optional presentation and are not included in this note.

Note 13: Continuance Subject to Review

The System is not subject to the Texas Sunset Act.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 14: Adjustments to Beginning Net Position, Fund Balances or Fund Net Position

GASB Statement No. 100, *Accounting Changes and Error Corrections*, an amendment of GASB Statement No. 62, effective FY 2025, defines the following categories and prescribed accounting treatment for all of the following: change in accounting principle, change in accounting estimate, change to or within the reporting agency, and correction of error(s) in previously issued financial statements. During fiscal year 2025, the System had the following adjustments to beginning net position, fund balances, or fund net position.

Correction of Errors in Previously Issued Financial Statements

During fiscal year 2025, TTU discovered errors in capital asset balances involving library subscriptions that should have been expensed instead of capitalized and prior year asset disposals. As a result of these errors, fiscal year 2024 depreciable or amortizable capital assets were overstated by \$123,990,990.79, accumulated depreciation and amortization overstated by \$71,827,749.24, communications and utilities expense understated by \$7,066,010.52, depreciation and amortization expense overstated by \$6,682,763.75, loss on sale and disposal of capital assets understated by \$7,557,286.57. As a result, beginning net position in fiscal year 2024 was overstated by \$44,222,708.21 and ending net position was overstated by \$52,163,241.55.

Due to a reporting error, HSC El Paso discovered a SBITA that was initiated in fiscal year 2024, but not reported. As a result, fiscal year 2024 subscription software - right to use assets was understated by \$1,297,935.97, accumulated amortization was understated by \$253,085.94, current right to use subscription obligations were understated by \$211,499.09, other current liabilities were understated by \$3,568.27, non-current right to use subscription obligations were understated by \$930,973.54. In addition, repairs and maintenance expense was overstated by \$209,385.00, amortization expense was understated by \$253,085.94, and other nonoperating revenues were overstated by \$57,489.93. As a result, ending net position was overstated by \$101,190.87.

The effect of correcting these errors is show in the following table.

Business-Type Activities

09/01/2024 as Previously Reported	Error Correction	09/01/2024 as Restated
\$ 4,277,650,713.62	\$ (52,264,432.42)	\$ 4,225,386,281.20

Note 15: Contingencies and Commitments

Contingencies

Unpaid Claims and Lawsuits

At August 31, 2025, other lawsuits involving the System were pending. While the ultimate liability with respect to litigation and other claims asserted against the System cannot be precisely estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is in legal counsel’s opinion, not likely to have a material effect on the System.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Federal Assistance

The System component institutions receive federal grants for specific purposes that are subject to review or audit by federal grantor agencies. Such audits could lead to a request for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based on prior experience, management believes such disallowances, if any, would be immaterial.

Arbitrage

Rebatable arbitrage is defined by Internal Revenue Code, Section, 148 as earnings on investments purchased with the gross proceeds of a bond issue in excess of the amount that would have been earned if the investments were invested at a yield equal to the yield on the bond issue. The rebatable arbitrage must be paid to the federal government. For fiscal year 2025, the System's total rebatable arbitrage was \$9,966,006.07.

Commitments

Investment Funds

The System entered into capital commitments with investment managers for future funding of investment funds. Investment funds include hedge fund pools, private investment pools, public market funds and other alternative investments managed by external investment managers.

As of August 31, 2025 and August 31, 2024, the remaining commitment - domestic for the System was \$391,679,118.99 and \$228,615,689.65, respectively.

As of August 31, 2025 and August 31, 2024, the remaining commitment - domestic for the System's Fiduciary Activities was \$2,124,403.61 and \$1,770,578.62, respectively.

As of August 31, 2025 and August 31, 2024, the remaining commitment – domestic for the Carr Foundation was \$25,938,444.32 and \$21,483,992.96, respectively.

As of August 31, 2025, TTRP did not have any remaining domestic commitments.

Note 16: Subsequent Events

The System issued the following Revenue Financing System Commercial Paper Notes after August 31, 2025:

Issuance	Series	Amount	Date of Issuance	Purpose
Revenue Financing System Commercial Paper Notes, Taxable	88280P6N5	\$ 100,000	10/6/2025	Acquire new proceeds for Raider Park Garage
Revenue Financing System Commercial Paper Notes, Taxable	8828096Q8	\$ 75,000	11/13/2025	Acquire new proceeds for Raider Park Garage
Revenue Financing System Commercial Paper Notes, Taxable	88280P6V7	\$ 13,425,000	12/12/2025	Acquire new proceeds for Raider Park Garage
Revenue Financing System Commercial Paper Notes, Taxable Exempt	88280Q7E2	\$ 25,721,000	1/22/2026	Acquire new proceeds for IT Infrastructure

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 17: Risk Management

The System, by State law, is required to be a participant in the Workers Compensation Program and Pool managed by the State Office of Risk Management (SORM). The System component institutions are assessed fees by SORM based upon claims experience, claim incidences, payroll size and full-time equivalent (FTE). SORM also determines the methodology for allocation to the major fund groups. SORM pays all workers' compensation insurance claims. The Worker's Compensation plan for the fiscal year was funded by a .25 percent charge on non-educational and general gross payroll for paying its proportionate share of the SORM assessment.

The System has self-insured arrangements for Unemployment Compensation Fund coverage. The State of Texas pays 50% of claims for employees paid from state funds. The System pays the remainder for employees paid from state funds and 100% of the claims paid from non-state funds. The claims for employees paid from non-state funds are funded by interest earnings on the Unemployment Compensation Fund balance and utilization of fund balance.

Two component institutions of the System, TTUHSC and TTUHSC at El Paso, have self-insured arrangements for medical malpractice coverage through a medical malpractice self-insurance plan. The plan is managed by the Office of General Counsel, and the associated liability is adjusted annually based on actuarially estimated incurred but not reported (IBNR) liability to reflect the anticipated future claims related to past medical services.

TTUS also includes rebatable arbitrage in claims and judgments. The information below includes current year accruals and associated payments in addition to the liabilities accrued in Note 5.

Changes in the balances of the agency's claims liabilities during fiscal years 2025 and 2024 are presented in the table below.

Claims and Judgments	Beginning Balance	Increases	Decreases	Ending Balance
FY 2025	\$ 12,010,746.33	\$ 4,541,860.06	\$ (1,267,732.32)	\$ 15,284,874.07
FY 2024	\$ 5,853,667.00	\$ 7,733,219.33	\$ (1,576,140.00)	\$ 12,010,746.33

The increase in fiscal year 2025 includes miscellaneous claims and judgments, the required actuarial adjustment for the medical malpractice self-insurance fund liability, and the addition of \$3,706,441.44 in rebatable arbitrage. The increase in fiscal year 2024 includes miscellaneous claims and judgments, the required actuarial adjustment for the medical malpractice self-insurance fund liability, and the addition of \$6,301,637.33 in rebatable arbitrage. The decrease for fiscal year 2025 includes payments for prior year miscellaneous claims and judgments and adjustments for the medical malpractice self-insurance liability. The decrease for fiscal year 2024 includes a payment for miscellaneous claims and judgments and adjustments for the medical malpractice self-insurance liability.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Note 18: Management’s Discussion and Analysis**

The System is governed, controlled, and directed by a ten-member Board of Regents, who are appointed by the Governor of Texas and confirmed by the legislature. All members of the board serve six-year staggered terms with the exception of one (non-voting) student regent who serves a one-year term. Actions of the Board of Regents are guided by the Regents’ Rules and Regulations. A list of the current members of the Board of Regents is included in the organizational data.

Chancellor Tedd L. Mitchell serves as the chief executive officer of the System, a position that is appointed by the Board of Regents. As chief executive officer, Chancellor Mitchell leads System policy and has direct oversight of all operations at the five universities (component institutions). An Executive Leadership team guides the System in areas including finance, legal affairs, advancement services, and governmental relations, along with other strategic functions. Each of the five institutions has a president who is appointed by the chancellor. The president is the chief executive officer of that university and is responsible for its operation.

Formally established by the Texas Legislature in 1999, the System is composed of a central administration, three general academic institutions and two health-related institutions. The component institutions of the System are Texas Tech University (TTU), Texas Tech University Health Sciences Center (TTUHSC), Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso), Angelo State University (ASU), Midwestern State University (MSU) and Texas Tech University System Administration (TTUSA). In its young history, the System has emerged as a nationally acclaimed higher education system and is one of only nine in the nation (and the only non-land grant institution) to offer programs for undergraduate, medical, law, nursing, pharmacy, dental and veterinary. Headquartered in Lubbock, Texas, the System operates 20 academic locations throughout the State of Texas and internationally and its health care service area covers 108 counties, serving more than 3 million people. The System has locations statewide in Abilene, Amarillo, Dallas, El Paso, Forney, Fredericksburg, Junction, Lubbock, Marble Falls, Mansfield, Midland, Odessa, San Angelo, Waco and Wichita Falls. Internationally, the System has a location in San Jose, Costa Rica. The total enrollment across all component institutions is more than 65,000 students as of Fall 2025. With over 400,000 alumni, graduates from System institutions make their homes in communities across the globe, including all 50 states and in more than 120 countries around the world.

In fiscal year 2025, the System maintained stellar financial ratings, receiving an Aa1 rating from Moody's Investor Service, an AA+ rating from Fitch Ratings and an AA+ rating by Kroll Bond Rating Agency. This marks the eleventh straight year Fitch Ratings has issued the TTU System an AA+ rating and the tenth consecutive year Moody's has reaffirmed an AA+ rating for the TTU System. These ratings solidify the TTU System's place among the nation's elite institutions for financial strength and practices.

The System employs more than 21,000 faculty and staff and has consistently been recognized as Great Colleges to Work For by The Chronicle of Higher Education, a designation determined primarily from employee feedback. The annual combined operating budget of the System is \$3.7 billion consisting of revenues from the following sources: 38% designated funding, 32% appropriated funds by the Texas Legislature, 22% restricted funds, and 8% from auxiliaries.

The System is committed to providing the highest quality and most efficient resources and services to its components. Throughout all institutions and centers, the System strives to advance higher education and health care, enhance student success, strengthen academic quality, expand research, and promote community outreach, taking a leading role in meeting the global challenges of today and the future.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Note 19: The Financial Reporting Entity**

The combined financial statements of the System include all component institutions comprising the System – Texas Tech University (TTU), Texas Tech University Health Sciences Center (TTUHSC), Texas Tech University Health Sciences Center at El Paso (TTUHSC at El Paso), Angelo State University (ASU), Midwestern State University (MSU) and Texas Tech University System Administration (TTUSA). Amounts due between and among component institutions and other duplications in reporting are eliminated in combining the financial statements. Also included in these combined financial statements are the component units listed below.

Individual Component Unit Disclosures***Blended Component Units***

The financial transactions and records of the following component units are blended with the financial transactions and records of the System component institutions due to the significance of their operational or financial relationship with the System.

The Texas Tech Foundation, Inc. (TTFI) is a Texas nonprofit corporation qualified under section 501(c)(3) of the Internal Revenue Code, as amended, and exempt from income taxes. TTFI was founded to financially support and serve the fundraising needs of all colleges, schools, programs, and campuses of the System and the component institutions of the System. TTFI was formed to seek and obtain gifts for all the System component institutions; to receive, hold, invest and administer property of any type given to the component institutions; and to make expenditures to or for the benefit of the System component institutions. The TTU System Chancellor, component institution Presidents, TTU System Vice Chancellors of General Counsel, Institutional Advancement, and Chief Financial Officer are non-voting ex-officio members of the Foundation Board of Directors. Financial transactions of TTFI have been blended into the financial statements of the System rather than discretely presented because TTFI operates exclusively for the benefit of the System and component institutions and there is a fiscal dependency and financial benefit relationship between TTFI and the System. TTFI's Board of Directors are independently selected and elected. TTFI maintains the ability to make decisions independently from the Board of Regents and modifies and approves its own budget separate and apart from TTU System and the Board of Regents. The Foundation's fiscal year end is August 31, and the Foundation's financial statements may be obtained from the TTUS Office of Institutional Advancement, located at 1508 Knoxville Avenue, Suite 315, Lubbock, TX 79409.

Texas Tech Physician Associates (TTPA), whose principal office and financial records are located at Provider Payor Relations, 3601 4th St. Lubbock, TX 79430, is a certified non-profit health corporation authorized under the Medical Practice Act Section 5.01(a), article 4495b of the State of Texas. TTPA was organized and is operated exclusively for the benefit of, to perform the function of, or to carry out the purposes of TTUHSC and TTUHSC at El Paso, and its financial records are blended with those of TTUHSC and TTUHSC at El Paso. TTPA is exempt from tax under Internal Revenue Service code section 501(c)(3). The TTUHSCs have the sole and exclusive right to appoint the nine member Board of Directors. The TTUHSCs control all financial and operational transactions of TTPA including developing and approving the annual and capital budgets of TTPA, appointing and removing directors and officers of the Board, entering into contracts, sales or leases, giving or seeking grants, and approving financial expenditures; therefore, the financial transactions of TTPA have been blended into the financial statements of TTUHSC and TTUHSC at El Paso. TTPA's fiscal year end is August 31.

The Angelo State University Foundation, Inc. (ASUF) was formed exclusively for the benefit of ASU, and is a public, non-profit organization established to provide financial assistance to ASU, primarily from gifts and earnings on endowed funds. ASUF oversees management, investment and distribution of all funds for the furtherance of educational purposes at ASU. ASU provides the foundation with office space, telephone

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

service, utilities and the use of other equipment and facilities. ASU also authorizes its officers and employees, as a part of their regular duties, to perform administrative tasks for, and solicit funds on behalf of, the foundation. The financial transactions of ASUF have been blended into the financial statements of Angelo State University. The financial records of ASUF may be obtained from Angelo State University, 2601 W. Ave N., San Angelo, TX 76909. ASUF’s fiscal year end is August 31.

Red Raider Facilities Foundation, Inc. (RRFF), is a Texas nonprofit corporation qualified under section 501(c)(3) of the Internal Revenue Code (IRC) and exempt from income taxes. RRFF shall be operated exclusively for charitable and educational purposes within the meaning of the IRC. It was formed to support and promote, and otherwise hold, invest, construct and administer property, and make expenditures for the benefit of athletic activities and endeavors of TTU. The RRFF Board of Directors are appointed one each by the TTU President, the TTU System Chancellor, and the Texas Tech Board of Regents Chairman. Although RRFF is legally separate from TTU, financial transactions have been blended into the financial statements of TTU rather than discretely presented because RRFF operates exclusively for the benefit of TTU. RRFF's fiscal year end is August 31. Audited financial statements may be obtained by mail request to 801 Cherry Street, Suite 500, Fort Worth, TX 76102.

The Midwestern State University Foundation, Inc. (MSUF) is a Texas nonprofit corporation qualified under section 501(c)(3) of the Internal Revenue Code (IRC) and exempt from income taxes. MSUF was founded for the purpose of receiving contributions by means of donations, gifts, and bequests and to expend such funds for the advancement of the literary, scientific, and other educational endeavors of Midwestern State University, a member of the System. The MSUF Board of Directors are elected by current members. Although MSUF is legally separate from MSU, financial transactions have been blended into the financial statements of MSU rather than discretely presented because MSUF operates exclusively for the benefit of MSU. Audited financial statements may be obtained from Midwestern State University, 3410 Taft Blvd, Wichita Falls, TX 76308. MSUF’s fiscal year end is August 31.

The condensed financial statements for the System blended component units as of August 31, 2025 are presented below.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)***Discretely Presented Component Units***

The Angelo State University Robert G. Carr and Nona K. Carr Scholarship Foundation financial statements are included at the end of this report as a discretely presented component unit of the System. The Foundation is a legally separate testamentary trust organization described in Internal Revenue Code Section 509(a)(3) as being exempt from income taxes under IRC Section 501(c)(3), and was established solely for the benefit of providing academic scholarships to the students of Angelo State University. The nine member Foundation Board of Trustees is comprised of all members of the TTU System Board of Regents, who have the ability to appoint, hire, reassign or dismiss those persons responsible for the operation of the Foundation. The Foundation has a fiscal year end of August 31, and the financial records of the Foundation are audited annually by an independent accounting firm. The Foundation's complete audited financial statements can be obtained from the Carr Foundation at Box 11007C, ASU Station, San Angelo, TX 76909.

Texas Tech Research Park, Inc. (TTRP) is a Texas nonprofit corporation qualified under section 501(c)(3) of the Internal Revenue Code (IRC) and exempt from income taxes. TTRP shall be operated exclusively for charitable, educational, and scientific purposes within the meaning of the IRC. TTRP was formed to provide support for and promote, sponsor, assist and carry out the educational, scientific, and related activities and objectives of the TTUS and will support and enhance scientific research and collaborative innovation opportunities for TTUS and the surrounding region. The eight-member Board of Directors consists of three appointments by the TTU President, two appointments by the TTUHSC President, one appointment by the TTU System Chancellor and the remaining two director roles are elected by existing TTRP Board of Directors. No board members may be employees of the TTUS and appointing persons have the right to revoke and remove the director role he/she appoints at any time. The TTRP financial statements are included at the end of this report as a discretely presented component unit of the TTUS. TTRP's fiscal year end is August 31 and financial statements may be obtained by mail request to 3911 4th Street, Box 43005, Lubbock, TX 79415.

Note 20: Stewardship, Compliance and Accountability

In Fiscal Year 2025, Texas Tech Research Park, Inc. reported a deficit balance for fund 4172. The deficit is a result of liabilities exceeding cash at the end of the fiscal year.

Note 21: N/A

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 22: Donor-Restricted Endowments

Expenditure of endowed funds, in accordance with Texas Uniform Prudent Management of Institutional Funds Act (UPMIFA), is not allowed without the express consent of the donor. Most of the System’s endowments are held in perpetuity. In many cases, endowment earnings are expendable for student financial assistance or other purposes as designated by the donor. In other cases, endowment earnings are reinvested.

The net appreciation (cumulative and unexpended) on donor-restricted endowments presented below is available for authorization and expenditure by the System. The System’s spending policy for endowments reflects an objective to distribute as much of total return as is consistent with overall investment objectives while protecting the real value of the endowment corpus.

The target distribution is set by policy to be between 4 and 6 percent of the moving average market value for endowments over the preceding 12 quarters.

Donor-Restricted Endowments	Amount of Net Appreciation *		Reported in Combined Statement of Net Position
	FY25	FY24	
True Endowments	\$ 335,984,641.38	\$ 277,693,988.74	Restricted Expendable
Term Endowments	1,761,969.69	1,737,601.67	Restricted Expendable
Total	<u>\$ 337,746,611.07</u>	<u>\$ 279,431,590.41</u>	

*There was a positive fair value adjustment totaling \$58,315,020.66 for fiscal year 2025, and a positive fair value adjustment of \$68,053,613.38 for fiscal year 2024.

Variances from prior year ending balances for the System are shown in the table below:

Endowment Funds	Changes from Prior Year Balances	
	Increase/(Decrease)	Reason for Change
Expendable Balances		
True Endowments	\$ 58,290,652.64	The increase in the assets under management was propelled by the run up in risk assets over the last year. This was driven by mid year better-than-expected economic data and moderating inflation. This data provided better than expected gains in the equity markets which bolstered moderate gains in credit.
Term Endowments	24,368.02	
Total	<u>\$ 58,315,020.66</u>	

Midwestern State University Donor-Restricted Endowments

In Fiscal Year 2025, MSU held endowments outside of the System's funds. These endowments are managed by American National Bank and Trust and reflected above with the System's funds. MSU's spending policy for endowments reflects an objective to distribute as much of total return as is consistent with overall investment objectives while protecting the real value of the endowment corpus.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Discrete Component Unit - Carr Foundation

Donor-Restricted Endowments	Amount of Net Appreciation *		Reported in Combined Statement of Net Position
	FY25	FY24	
True Endowments	\$ 3,365,830.37	\$ 0.00	Restricted Expendable

*There was a positive fair value adjustment totaling \$3,570,669.91 for fiscal year 2025, and a positive fair value adjustment of \$4,738,755.88 for fiscal year 2024.

True endowments reported \$0.00 for net appreciation due to the endowments being underwater in fiscal year 2024.

Variances from prior year ending balances for the Carr Foundation are shown in the table below:

Endowment Funds	Changes from Prior Year Balances	
	Increase/(Decrease)	Reason for Change
Expendable Balances		
True Endowments	\$ 3,570,669.91	The increase in the assets under management was propelled by the run up in risk assets over the last year. This was driven by mid-year better-than-expected economic data and moderating inflation. This data provided better than expected gains in the equity markets which bolstered moderate gains in credit

Discrete Component Unit - TTRP had no reportable donor-restricted endowments for the years ended August 31, 2025 or 2024.

Note 23: Extraordinary and Special Items

The System had no special or extraordinary items to report for the years ended August 31, 2025 and August 31, 2024.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 24: Disaggregation of Receivable and Payable Balances

Net other receivables current as reported in the State of Texas Comptroller's accounting system as of August 31, 2025 and August 31, 2024 are detailed by type as shown in the table below. The System had no other reportable disaggregation of receivable and payable balances as of August 31, 2025 or August 31, 2024.

Net Other Receivables Current	FY25	FY24
Patient Receivables	\$ 30,614,569.01	\$ 27,251,541.44
Contract Receivables	57,261,185.86	49,992,685.09
Accounts Receivables	10,735,423.56	10,940,273.92
Current Other Receivables	3,199,898.89	7,934,530.94
Total A/R - Other Revenue and Current Other Receivables	<u>\$ 101,811,077.32</u>	<u>\$ 96,119,031.39</u>

Note 25: Termination Benefits

The System has voluntary and involuntary terminations in the ordinary course of business. Payments for related termination benefits, when offered, were immaterial. Thus, the System has no reportable benefits as of August 31, 2025 or as of August 31, 2024.

Note 26: Segment Information

The System has no reportable segments as of August 31, 2025 or as of August 31, 2024.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 27: Public-Private and Public-Public Partnerships and Availability Payment Arrangements

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective FY 2023, establishes a Public-Private and Public-Public Partnership (PPP) as an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset, for a period of time in an exchange or exchange-like transaction.

For fiscal year 2025, the System has five arrangements that fit the criteria of a public-private and public-public partnerships (PPPs).

A general description of each PPP, including status, term and duration, is presented below for August 31, 2025:

Public-Private and Public-Public Partnerships

<u>Public-Private and Public-Public Partnerships</u>					
Partnership Name	Construction Status	Term of Concession	Meets Definition of SCA*	Contract Begin	Contract End
TTU Athletics Facilities Concessions and Catering	Complete**	19 years	Yes	2010	2029
TTU Campus Bookstore	Complete	5 years	Yes	2021	2026
Texas Tech Club	Complete	5 years	No	2022	2027
ASU Campus Bookstore	Existing Asset	15 years	No	2013	2028
ASU Food Service Agreement	Existing Asset	15 years	No	2015	2030

*Service Concession Arrangement

**Construction complete, but new assets were purchased in FY25.

For all five of the System's PPPs, the underlying PPP asset was an existing asset of the System. Improvements were made to the underlying assets of the TTU Campus Bookstore and the Texas Tech Club. New assets were purchased for the Texas Tech Club and are reflected as PPP assets receivable. In fiscal year 2025, new assets were purchased for TTU Athletics Facilities Concessions and Catering and are reflected as capital assets since this meets the definition of a service concession agreement. Present value of PPP installment payments are discounted based on a borrowing rate determined by the System of 0.69%.

The nature and extent of rights retained by the System as transferor under the PPP arrangements include, but are not limited to, maintaining residual interest of the utility of the assets used in PPP agreements and setting prices and hours of operations. Rights granted to operators in these arrangements may include the ability to make improvements to the space with written permission from the System.

Total	\$ 1,125,918.18	\$ 457,984.12	\$ 2,890,834.48	\$ 3,804,079.22

*PPP asset receivable is recorded at the operator’s estimated carrying value of the asset when ownership is transferred.

**Payments not included in the measurement of the receivable for installment payments.

Public-Private and Public-Public Partnership amounts reported as of August 31, 2024 was as presented below:

Business-Type Activities

Arrangement Name	Receivable for Installment Payments	Receivable for PPP Assets*	Deferred Inflows of Resources	Variable and Other Payments**
TTU Athletics Facilities Concessions and Catering				\$ 2,548,717.06
TTU Campus Bookstore and Cafe			\$ 142,898.06	787,636.11
Texas Tech Club		\$ 457,984.12	1,857,277.23	453,864.47
ASU Campus Bookstore	\$ 658,784.74		652,040.17	
ASU Food Service Agreement	796,450.59		1,306,934.12	
Total	\$ 1,455,235.33	\$ 457,984.12	\$ 3,959,149.58	\$ 3,790,217.64

*PPP asset receivable is recorded at the operator’s estimated carrying value of the asset when ownership is transferred.

**Payments not included in the measurement of the receivable for installment payments.

PPP Income

Included in the revenues reported in the financial statements is the following amount of PPP income received as of August 31, 2025 and August 31, 2024:

Fund Type	Business-Type Activities	
	FY25	FY24
Proprietary Fund	\$ 329,317.15	\$ 1,319,370.23

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

As of August 31, 2025, future minimum PPP income is presented below:

Future Minimum PPP Income

Fiscal Year Ended August 31	Business-Type Activities		Total Future Minimum Lease Income
	Principal	Interest	
2026	332,393.45	5,926.75	338,320.20
2027	335,513.97	3,882.10	339,396.07
2028	294,284.30	1,883.52	296,167.82
2029	163,726.46	569.66	164,296.12
2030	—	—	—
Total	\$ 1,125,918.18	\$ 12,262.03	\$ 1,138,180.21

Availability Payment Arrangements

The System had no availability payment arrangements as of August 31, 2025 or as of August 31, 2024.

Note 28: Deferred Outflows of Resources and Deferred Inflows of Resources

In fiscal year 2025 and fiscal year 2024, the System reported deferred outflows and deferred inflows of resources in connection with its defined benefit pension plan, postemployment benefits other than pensions, debt refunding, split-interest agreements, public-private and public-public partnerships (PPPs), and leases as presented below.

Fiscal Year	Business-Type Activities	Deferred Outflows of Resources	Deferred Inflows of Resources
FY25	Defined Benefit Pension Plans (Note 9)	\$ 93,441,556.00	\$ 14,580,476.00
	Postemployment Benefits Other Than Pensions (Note 11)	55,671,740.00	251,428,656.00
	Public-Private and Public-Public Partnerships (Note 27)	0.00	2,890,834.48
	Bond/Debt Refunding	1,754,951.24	0.00
	Split-interest Agreements	0.00	36,874,913.99
	Leases	0.00	11,902,354.76
	Total	<u>\$ 150,868,247.24</u>	<u>\$ 317,677,235.23</u>
FY24	Defined Benefit Pension Plans (Note 9)	\$ 163,449,583.00	\$ 22,634,261.00
	Postemployment Benefits Other Than Pensions (Note 11)	37,553,687.00	288,059,436.00
	Public-Private and Public-Public Partnerships (Note 27)	0.00	3,959,149.58
	Bond/Debt Refunding	1,949,945.82	0.00
	Split-interest Agreements	0.00	33,678,540.96
	Leases	0.00	11,254,179.24
	Total	<u>\$ 202,953,215.82</u>	<u>\$ 359,585,566.78</u>

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 29: Troubled Debt Restructuring

The System had no outstanding receivables whose terms were modified pursuant to troubled debt restructuring for the year ended August 31, 2025, or for the year ended August 31, 2024.

Note 30: Financial Guarantees

The System had no non-exchange, exchange, or exchange-like financial guarantees to report for the year ended August 31, 2025, or for the year ended August 31, 2024.

Note 31: Tax Abatements

The System had no tax abatement arrangements for the years ended August 31, 2025 or August 31, 2024.

Note 32: Governmental Fund Balances

Not applicable.
