Interpersonal Studies (INTERSTU) Syllabus

Course Name
INTERSTU
Interpersonal Studies

Course Information
INTERSTU is a one-semester course.

This course examines how the relationships between individuals and among family members significantly affect the quality of life. Students use knowledge and skills in family studies and human development to enhance personal development, foster quality relationships, promote wellness of family members, manage multiple adult roles, and pursue careers related to counseling and mental health services.

Course Delivery Method
Online

Contacting Your Instructor
You may contact your instructor through the Blackboard messaging system. Technical support is available 24/7 at www.k12.ttu.edu.

Course Objectives
After completing this course, you should be able to:

1. identify and investigate factors that influence personal identity, personality, and self-esteem;
2. summarize the decision-making process and discuss responsibilities of decisions;
3. analyze adjustments related to achieving independence;
4. investigate the family’s role in fostering the abilities of its members to develop healthy relationships;
5. explore ways to promote positive relationships;
6. determine the impact of effective family functioning on community and society;
7. describe the stages of the family life cycle and examine the roles and responsibilities of family members throughout the family life cycle;
8. categorize types of crises and their effects on individuals and families, and determine strategies for prevention and management of individual and family problems and crises;
9. describe the impact of stress on individuals and relationships and practice creative techniques for managing stress;
10. determine employment and entrepreneurial opportunities and preparation requirements for careers in the field of counseling and mental health services;
11. practice positive interpersonal skills including conflict resolution, negotiation, teamwork, and leadership, and use leadership and team membership skills in problem solving; and
12. determine the impact of career choice on family life and describe the effect of family life on workplace productivity.

INTERSTU addresses the required Texas Essential Knowledge and Skills (TEKS). These can be found at the Texas Education Agency website.

Textbook and Materials

Textbook(s)
The required textbook for this course is:

Technical Requirements

- Internet access – preferably high speed (for accessing Blackboard)
- Email
- Word processing software such as Microsoft Word
- Adobe Reader (download from Adobe.com)
- Flash Player (download from Adobe Flash Player)
- Audio and video capabilities (for watching/listening to course content)

Technical Skill Requirements

Be comfortable with the following:

- using a word processor
- Internet search engines and browsers
Course Organization

This course consists of 10 lessons and a final examination. Each lesson contains the following:

- Introduction and Instructions
- Learning Objectives and Curriculum Standards
- Learning Activities
- Assignments

Each lesson includes several activities that present content knowledge. Each lesson also includes multiple graded assignments to ensure that you learn the content that has been presented in the activities. Some of the assignments are automatically-graded quizzes, and some are written assignments or activities that your instructor will grade. Be sure you read all instructions carefully and ask your instructor for help if something is not clear.

Each lesson begins with an introductory discussion and stated lesson objectives. The lesson is then divided into subsections (e.g., Lesson 1.1, Lesson 1.2, Lesson 1.3, etc.) which have a corresponding assignment.

Assignments will include essay questions, short answer questions, games, quizzes, group edits, discussion forums, and technology applications.

Tips and Reminder

1. Assignments must be uploaded according to the assignment instructions.

2. Please sign your full name to e-mail messages. Be sure to check your e-mail frequently.

3. Once an assignment has been graded, please do not re-upload the assignment, unless you have notified the instructor.

4. You will be successful and HAVE FUN LEARNING!

You will always have a reading assignment from your textbook. Please be aware that even though you may not have a specific written assignment, you are responsible for the content. The information will be on your final exam.

Special Note: You must always have your Composition Journal available when working on the course. I will ask you to journal, answer questions, and comment on certain content. This information will show up on your final exam, so be organized as you move along!
Course Outline

Please note that some assignments will be hidden from you when you start the course. As you move through the lessons and complete assignments, more will unlock for you.

Checkpoint 3 (Non-graded) |

**Course Credit**

The course grade will be calculated as follows:

- 50% coursework average;
- 50% summative assessment average, including the final exam;
- A passing course grade is 70 or higher.

Students must attempt all assignments in the course. The final exam will not be available until all assignments have been accepted and graded by the teacher.

Students who score below 70% on the final exam will be eligible for one re-exam opportunity.

**Coursework**

The graded assignments within each lesson are formative in nature. This means that they are designed to assist you in applying and demonstrating the lesson concepts, as well as identifying areas in which you need additional review. You may use all the lesson's learning activities to assist you as you complete the graded assignments.

**Summative Assessments**

Summative assessments are those that allow you to demonstrate mastery of the course objectives. For summative assessments, you will NOT be allowed to use the learning materials. These are opportunities for you to show what you have learned by that point in the course. Summative assessments may be proctored using the online proctoring...
system Proctorio. Information about Proctorio is provided in Remote Proctoring in the Syllabus section of your course. The summative assessments for this course are as follows:

- **Summative Assessments (20% of Course Grade)**
  - Lesson One Summative Assignment Upload (150 points)
  - Lesson Ten Summative Assignment Upload (150 points)

- **Summative Final Exam (30% of Course Grade)**

**Course Completion and Extensions**

- Students may not complete the course in less than 30 days.
- All courses expire six months after the enrollment date. Student may purchase a single three-month extension for a fee.
- Extensions are non-refundable and non-transferrable.

**Academic Integrity**

It is the aim of the faculty of Texas Tech University to foster a spirit of complete honesty and high standard of integrity. The attempt of students to present as their own any work not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offenders liable to serious consequences, possibly suspension.

“Scholastic dishonesty” includes, but is not limited to, cheating, plagiarism, collusion, falsifying academic records, misrepresenting facts, and any act designed to give unfair academic advantage to the student (such as, but not limited to, submission of essentially the same written assignment for two courses without the prior permission of the instructor) or the attempt to commit such an act.

**Student Expectations**

You will be expected to log into the Blackboard course regularly to be aware of possible announcements/reminders and to pace your progress in the course.

Students are expected to maintain an online environment conducive to learning, which includes “netiquette” (Internet etiquette). Please review the basic rules for Online Discussion Netiquette. Ensure that your email messages, discussion board postings, and other electronic communications are thoughtful and respectful. Diverse opinions are welcome in this course, and you are expected to demonstrate an open mind and courtesy when responding to the thoughts and ideas of others.

The following are prohibited:

- making offensive remarks in email or the discussion board;
- using inappropriate language or discussing inappropriate topics online;
- spamming;
- hacking;
• using TTU or Blackboard email or discussion boards for commercial purposes;
• using all caps (considered shouting in online communications); and
• cyber-bullying or online harassment of any type.

Inappropriate behavior shall result in consequences ranging from a request to correct the problem, to removal from the course or even the university, depending on the severity of the behavior. Disciplinary actions will be taken according to the TTU K-12 Student Handbook.

Communication

• You can expect a reply from your instructor within 2 business days.
• Use the Blackboard Course Messages tool for sending messages to your instructor.

Submitting Assignments

You will submit all assignments through the Blackboard Assignment Tool, rather than by email. For assignments that require you to upload a PDF or other document, please title your assignment files “lastName_firstName_assignmentName.xxx (.pdf, .doc, .xl, .jpg, etc.).”

Technical Difficulties

Getting Help
For student assistance with Blackboard, visit TTU K-12 Support.

Computer Problems

A working computer is necessary for online coursework. Computer problems will not be accepted as a valid reason for failure to complete course activities within the allotted time frame. Identify a second computer, before the course begins, that you can use if you experience computer problems.

Server Problems

When the Blackboard server needs to be taken down for maintenance, the Blackboard administrator will post an announcement in your course informing you of the time and date. If the server experiences unforeseen problems, your course instructor will notify you.

Lost or Corrupted Files

You must keep/save a copy of every project/assignment on an external disk or personal computer. In the event of any kind of technology failure (e.g., Blackboard server crash or virus infection, students’ own computer problems, loss of files in cyberspace, etc.) or any disputes, the instructor may request or require you to resubmit the files. In some
instances, the instructor may need to open another attempt within Blackboard, so communication with your instructor is critical in these circumstances.
